JACKSONVILLE, JACKSON COUNTY, OREGON, MARCH 12, 1910

NO. 45

PORTLAND LETTER

Complete Demonstration Train Will be Run for Farmers' Benefit--Forest Supervisors Meet.

Portland, Ore., March 8, (Special)—The most thoroughly equipped farming demonstration train ever run in this state will be operated through Eastern Oregon by the O. R. & N. from March 21 to April 1. The railroad is acting in conjunction with the Oregon Agricultural College, at Corvallis, and a competent corps of lecturers on all agricultural subjects will accompany the train, deliver addresses and demonstrate the agricultural apparatus carried. The train will visit Hood River, Wasco, Sherman, Gilliam, Morrow, Umatilla, Union, Wallowa and Baker counties. The purpose of the trip is to encourage diversified farming and to further the improvement of agricultural methods and country life conditions in the territory visited.

Great good is expected to result from the trip. Subjects to be discussed, according to the needs of the different localities visited, are the following: poultry, dairying, horticulture, more and better livestock, chemistry of the soil, rotation of crops, conservation of moisture and general agricultural methods. All told, 30 towns will be visited and lectures and demonstrations will be given in each. The best farming apparatus and methods will be taught by demonstration as well as in theoretical lectures.

Forest supervisors of Oregon, Washington and Alaska will meet in Portland March 21-25. The programme includes many subjects of great importance in the administration of forest affairs and the gathering will have most to do in shaping policies followed in future. L. F. Kneipp, Assistant Forester, will attend the conference as the representative of the Washington office, it being impossible for Forester H. S. Graves who succeeded Gifford Pinchot as the head of the bureau, to come. The supervisors will discuss methods to be followed in meeting common problems and successful experiments in meeting difficulties will be told for the benefit of all. In the interchange of experiences and new ideas the supervisors hope to profit largely at the coming session.

Traffic arrangements are being completed between the Hill railroads, The Great Northern, Northern Pacific and Spokane, Portland & Seattle, and the Oregon Electric Railway whereby a

traffic interchange will be established that will give the Willamette Valley a competing line with the Southern Pacific on transcontinental freight. This arrangement is bound to prove an advantage to the people of the whole valley for competition in transportation pens as in everything else, is helpful.

Hogs broke all former records in the Portland market late last week, when the remarkable price \$11 a hundred pounds, live weight, was paid by local packers for the best Eastern Oregon porkers. This price was not only the highest ever paid here in the memory of packers but leads the whole United States for the last half century at least. For about one week Portland has had the distinction of leading the whole United States in being the highest priced hog market. When hogs went to \$10.10 and \$10.25 last week, it was thought the limit had been reached but the jump to \$11 shows the scant supply of high class porkers in this market and the strong demand.

Saved a Soldier's Life.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For Coughs, lung trouble, its supreme. 50c. 1.00. Trial bottle free. Guaranteed by City Drug Store.

F. W. Carnahan passed up Applegate Saturday enroute to the Blue Ledge copper mine which we hope will soon start to work again.

UPHOLDS CORPORATION

Supreme Court of the U. S. Decides in Favor of Corporations in Joint Through Rate Controversy.

The United States supreme court in a decision rendered this week upheld the contention of several transcontinental railroads that the interstate commerce commission had no right to force them to make joint through passenger rates to the west. The case was brought up by the Northern Pacific, the Chicago & Northwestern, the Union Pacific, the Oregon Short Line and other roads.

The ruling affects all lines engaged in transcontinental passenger traffic, and affirms the contentions of the railroad attorney.

Stiff Neck.

Stiff neck is caused by rheumatism of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While it is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires internal treatment. When there is no fever and no swelling as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment. For sale by City Drug Store.

News of the State

The Linn county court has appropriated \$5,000 as a part of the \$24,000 required for construction of an armory at Albany. Of the balance, the city will contribute \$6,000 and the state \$12,000.

An Albany man found a quartz bearing rock in which is imbedded petrified vegetable growth displaying a perfect replica of the aurora borealis. It is said that quartzite algae like this has never before been found. The polished stone measures about two and a half inches long by two inches wide.

Construction was begun Wednesday by the Gold Hill Railroad & Lumber company of a railroad to extend from Gold Hill to the lime deposits four miles west and hence to the timber belt in the upper Foot's creek country. This marks the first step in the development of the great lime beds near Gold Hill.

Athena is to have a Chautauqua meeting this spring, probably in June. At a recent meeting of the Commercial association it took only 10 minutes for 10 members of the association to sign a guarantee for making good any deficit up to \$1000. This little company of boosters has been doing a lot of good for Athena, although it has had to pull a number of "dead ones" along with it, says the Western Leader.

Teddy Quits Shooting.

The Roosevelt party sailed Monday for Khartoum, where they expect to arrive on March 25. With their departure, the African scientific expedition; under the auspices of the Smithsonian Institute of Washington, and led by the former president, was for all practical purposes brought to a close. Colonel Roosevelt considers the killing of the giant elands in his excursion recently along the upper reaches of the Nile, a fitting ending of a marvelously successful trip, and the results generally, both from the standpoint of the hunter and scientist, have exceeded all expectations.

Colonel Roosevelt and son Kermit have killed some 5000 specimens of large animals.

COUNCIL MEETING

Mulkey Rivals Ward.

Hon. B. F. Mulkey's delineation of "Hamlet" at the College Armory, Saturday night, was listened to by an audience which occupied all the available space in that spacious auditorium, and the Jacksonville man's effort was received with enthusiastic appreciation. At every given opportunity he was warmly applauded, and following the presentation there was unanimous praise.

Mr. Mulkey's effort was less of impersonation than delineation, and his reading was not intended to be strongly dramatic. He has a mellow voice, deep and sonorous, and an articulation that is scarcely less than perfect. Combined with his artistic sense and his knowledge of the character, his natural endowments enabled Mr. Mulkey to present "Hamlet" to superb advantage. Many felt inclined to say that he was not in any sense less acceptable than Mr. Warde, when here recently, Corvallis Gazette-Times.

Damper on Business of Stork.

Peevish persons who have been complaining about the increased cost of living will be asked to press the soft pedal and be thankful that they are here at all when they learn that it costs from \$25 to \$50 more to be born now than it did ten years ago.

Chances are they wouldn't be here to murmur if they had to pay the excessive initiation fee that is being charged nowadays. In common with everything else, the fare from Fairyland to New York has gone up by leaps and bounds, until Stork & Co., passenger agents on this line, are seriously thinking of making a protest to the Public Service Commission.

Ten years ago a ticket which landed you on earth cost \$15, with a few dollars extra for the services of a white-capped conductress, but now the surcharge who acts as the reception committee for a new member demands from \$50 to \$75. Thousands of infants can't afford the trip. Increased expense in a manner accounts for the number of twins and triplets, as Stork & Co. give a special rate to parties of two or more.

"It is true that more is charged in these cases," said Dr. Frank R. Castler. "We have made wonderful strides and the benefit of all that additional experience."—Ex.

An Ideal Cough Remedy.

"As an ideal cough remedy I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Wiltshire, of Gwynneville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough Remedy. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. As it contains no chloroform or morphine it certainly makes a most safe, pleasant and efficacious remedy for the ill it is intended." For sale at the City Drug Store.

MAY PROVE FATAL

When Will Jacksonville People Learn the Importance of It?

Backache is only a simple thing at first; But when you know 'tis from the kidneys;

That serious kidney troubles follow; That diabetes, Bright's disease may be the fatal end.

You will gladly profit by the following experience.

'Tis the statement of a Jacksonville citizen.

H. M. Shaffer, living on East Main St., Jacksonville, Ore., says: "My kidneys have been disordered for some but I paid little attention to it, thinking the symptoms would disappear. However, the trouble became worse, the secretions being irregular in action and my back and head ached constantly. I was in a miserable condition then I learned of Doan's Kidney Pills and procured a box at the City Drug Store.

By the time I had used three boxes of this remedy in accordance with the directions I was entirely free from the trouble. Doan's Kidney Pills affected a complete cure, and I am glad to recommend this remedy to others."

Plenty more proof like this from Jacksonville people. Call at The City drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.
