JACKSONVILLE, JACKSON COUNTY, OREGON, MARCH 26, 1910

NO. 47

PORTLAND LETTER

Mills Says Northwest is Most Prosperous Section of U. S.—Eastern Oregon Cities Will Exploit Their Advantages.

Portland, Ore., March 22.—(Special)—Eastern Oregon cities are tremendously in earnest in perfecting their commercial organizations. During the past week, under the joint auspices of the Oregon Development League and local bodies, meetings were held at Baker City, La Grande, Pendleton, and The Dalles, and each was addressed by Tom Richardson, secretary of the Oregon Development League. The gatherings were extraordinary in attendance and interest.

Baker City had the largest attendance ever gathered at a progressive meeting. The leading citizens, after a conference, determined to raise a large sum of money and advertise Baker City thoroughly.

At La Grande a newly built revival tabernacle was turned over to the business men and a great meeting resulted. Almost every town and community in Umatilla County was represented at the Pendleton meeting and there is a determination to make a great canvass of that section and to take advantage of the state law providing for a special tax for advertising the country. At the meeting at The Dalles, every seat in the hall was occupied and standing room was at a premium. Many prominent men were out who had never before attended a meeting of this character.

These meetings show that Eastern Oregon is earnestly at work to get all the benefits of intelligent publicity and the value of this organized effort will appear as time passes.

A. L. Mills, president of Portland's biggest bank, evidently knows what he is talking about when he says the Pacific Northwest is the most prosperous section of the United States. He says capital of the country is easy and it is coming this way for investment in large quantities. Prospects for this year are the best, he says, the Northwest has ever known. He naturally attributes a very large part of the activity and hustle hereabout to the large amount of railroad building now under way. This work, he says, is showing the confidence the leaders in the financial world have in this and it naturally breeds confidence in others.

Despite heavy weather of the past

winter, inquiry into crop and stock conditions show that losses have not been so general as was feared. Some stock was lost on the range but the percentage is not large. Prospects in the extensive grain districts of Eastern Oregon are reported to be excellent for a bumper crop. Grain prospects in the Willamette Valley are said to be somewhat less satisfactory. Because of the unusually heavy snowfall in the mountains during the past winter, there will be plenty of water for irrigation purposes this year.

Saved a Soldier's Life.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For Coughs, lung trouble, its supreme. 50c. Trial bottle free. Guaranteed by City Drug Store.

Watkins Items.

Correspondence to The Post.

We are having some rain at present but it is welcomed by the farmers as it will insure good crops this year.

Mrs. F. W. Carnahan passed by Watkins Friday enroute to the Blue Lodge where she will join her husband.

Mr. Wade accompanied by Mr. Lyden of Jacksonville, made a flying trip up Applegate recently, renewing old acquaintance and looking after business matters.

We are sorry to learn that the house belonging to Frank Edwards the well known merchant of Hutton was destroyed by fire early Friday morning. They lost nearly everything they had in the house, saving only a few things. The store which is near the house caught fire but the flames were put out before much damage was done to the store. Frank was away at the time of the fire.

Port McKee spent Saturday night with friends near Watkins, the guest of Earnest Dorn.

Earl Herman of Hutton was among friends at Watkins Sunday.

Mrs. R. E. O'Brien will not go to Medford to live as noted in the Post a few weeks ago as the house they intended to rent was sold.

SELLS FOR \$10,000

H. C. Bonney Tract on Medford Road Sold.

David H. and John O. Palmer have purchased from H. C. Bonney 22 acres on the road between Medford and Jacksonville for \$10,000. The new owners will plant the tract to orchard and otherwise improve it.

The Deacon.

The comedy-drama under the above title, presented at the U. S. Hall, in this city, last week, by the junior class of the Medford High School deserves special mention; not so much on account of the play itself, but more specially on account of the manner in which it was presented.

The members of the company were with one or two exceptions, school boys and girls, their acting equalled that of many professionals whose stage experience has extended over a greater number of years than most these young people have lived. Space forbids extended comment, but Messrs. Rowell and Hazlerigg are deserving of special mention, also the orchestra for the excellent music furnished throughout the evening.

Stiff Neck.

Stiff neck is caused by rheumatism of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While it is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires internal treatment. When there is no fever and no swelling as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment. For sale by City Drug Store.

A Big Law Fee.

Boston, March 22.—After a 10 years' legal struggle, Mrs. Eva Ingersoll, of Dobbs Ferry, N. Y., received yesterday a fee of \$183,323 due her late husband, Colonel Robert G. Ingersoll, for his efforts in contesting the will of Andrew S. Davis, the millionaire mine-owner of Butte, Mont.

The check was made out by the clerk of the United States Circuit Court. Robert G. Ingersoll was engaged to break the will and secured a large settlement for the contesting heirs.

BASEBALL MATTERS

Home Club Reorganized and Will Have a Strong Team --- Schedule of Games Arranged by the League.

The Jacksonville Aggregation of baseball tossers held their annual meeting some days ago. Lewis Ulrich was re-elected manager, while Dave Duncan succeeded Patrick Donegan as captain.

The boys have been out several times this year, working out and practising. In fact every time the sun peeped out from behind the clouds, the boys were out with their balls and mits warming up and working out their cold storage arms.

Captain Duncan says, the material here for a team this season is first class and with plenty of hard work on the diamond they will play winning ball. Young Coleman, and Worden Ennis of the High School are sure to get berths on the team this season. With these two and Coffman and McIntire as twirlers, and the old players Jacksonville expects to lead one end of the League.

Manager Ulrich attended a meeting at Medford last Sunday, where Fred Roper of Grants Pass, James Greaves of Central Point and Court Hall of Medford, managers of the teams in their respective towns were present. A league was formed and the following schedule of games for the first part of the season was arranged.

At Medford—Jacksonville, April 3; Grants Pass, April 17; Jacksonville, May 1; Central Point, May 15; Grants Pass, May 29; Jacksonville, June 12; Grants Pass, June 26.

At Grants Pass—Medford, March 27; Central Point, April 10; Medford, April 24; Central Point, May 8; Jacksonville, May 15; Medford, June 5; Central Point, June 12.

At Central Point—Grants Pass, April 3; Jacksonville, April 17; Grants Pass, May 1; Medford, May 22; Jacksonville, May 29; Medford, June 19; Jacksonville, June 26.

At Jacksonville—Central Point March 27; Medford April 10; Central Point, April 24; Medford, May 8; Grants Pass, May 22; Central Point, June 5; Grants Pass, June 19.

The schedule for the latter part of the season will be announced after July 4th.

By the above Schedule Jacksonville opens the League games Sunday with Central Point, as there has been much rivalry between the two towns heretofore a fast and interesting game is expected.

The fans of the County Seat will be pleased to learn that Richard Gaskin will be with the boys this season. Gaskin played in the Northern California League last year and lead the batting and fielding list of that League. Come out Sunday and bring your wife and friends.

REPORT OF GRAND JURY.

Large Per Cent of Complaints Arise From Saloons.

The grand jury completed its labors Wednesday evening and tendered the following report:

"To Hon F. M. Calkins, circuit judge: We, your grand jury, duly empanelled and sworn at the December term of this court and reconvened for special session, March 21, thereafter, beg leave to submit the following final report:

We have found one true bill among the several cases awaiting the action of the grand jury wherein parties had been held by order of magistrates, and two not true bills.

"We find that a large per cent of complaints of violations of the law coming before the grand jury for investigation arise from the saloons of our cities and the environments of the saloons.

We wish, as a grand jury, to extend our moral support to the officers of our cities who are trying to enforce the laws and ordinances in their jurisdictions, for it seems deplorable, that such large expense of law enforcement should become a county burden when the violations arise under the enjoyment by the cities of special privileges.

"Having completed our labors, we respectfully ask to be relieved from further duty.

"J. W. LAWTON, foreman.

"JOHN BARNEBURG.

"W. S. STANCLIFF.

"L. B. BROWN.

"L. F. LOZIER.

"H. A. HAWKINS.

Politeness.

All are familiar with the trite, but true, adage "Mollasses gathers more flies than vinegar." Kindness, decency and politeness will prove of incalculable value to men of wholesome desire and laudable ambition. Of all the factors which make for man's success, these factors will ever be the most potent.

As steel answers the magnet, so does humanity respond to courtesy; and he whose grace of manner is not merely a decorative attribute, is afforded the many opportunities resulting from a wide acquaintance among worthy and influential people. But rudeness, discourtesy and vulgarity repel all respectable people and lessen one's chances for social and commercial advancement. Those who wage life's battle without a keenly developed sense of equity, and fairness toward men, [these are the qualities that generate true politeness] must sooner or later come to realize that they are laboring under a hopeless handicap. A man struggling to reach the goal of success unguided by the principles of decency and courtesy, is jostled about in the human maelstrom like a rudderless ship on the storm-tossed waves of the ocean.—Lend A Hand.

An Ideal Cough Medicine.

"As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Wiltshire, of Gwynneville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough Medicine. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. As it contains no chloroform or morphine it certainly makes a most safe, pleasant and efficacious remedy for the ill it is intended." For sale at the City Drug Store.
