VOL. IV.

JACKSONVILLE, JACKSON COUNTY, OREGON, MAY 21, 1910

NO. 3

## PORTLAND LETTER.

### Eventful week in Central Oregon—Threshermens convention at Albany 2 and 3 of June.

Portland, Or., May 19 (Special)—Central Oregon has lived an eventful life the past two weeks, first with a series of development meetings planned by the commercial organizations at Bend, Prineville, Burns, Prairie City and Enterprise, and then in entertaining Louis W. Hill and his party who made a leisurely trip through the region in automobiles, and everywhere received welcomes that would put to shame the conventional receptions of the larger cities.

Most interesting single feature of all was the award of contract for a mammoth bridge over the Columbia at Celilo Falls for the Oregon Trunk. The cost will be approximately \$1,500,000, there will be twenty-nine spans to the structure and it must be completed by January 1, 1912. The total length is 3960 feet, or more than three-quarters of a mile. The longest span is 350 feet.

A party of thirty Minnesota bankers and a second party of prominent Wisconsin business men, the latter traveling under the auspices of the Oshkosh Chamber of Commerce, will arrive in Portland during the first week in June. They plan to see Oregon thoroughly after participating in the Rose Festival.

Every thrasher and farmer in Oregon is invited to attend the Threshermens convention to be held at Albany June 2nd and 3rd. Secretary Bates states it will be the largest gathering of agriculturists in Oregon this year. The United States government has arranged to send two of its best men from Washington, the Governor of the state will be present and the program for the two days is replete with the best that money could obtain. The Commercial Club of Albany will furnish a big banquet at noon of the 3rd, to the delegates on the Court House lawn. Both the O. R. & N. and Southern Pacific lines and branches have made a one-and-one-third rate on the certificate plan and a ten days limit will be given to the Eastern Oregon contingent they may stop over at Portland for the Rose Festival the following week.

#### 25c is a Small Amount

You would not suffer one day for five times that amount. Then try Sutherland's Eagle Eye Salve. We guarantee it to cure. It's painless and harmless. Sold by City Drug Store.

## Buncom Reports.

Correspondence to the Post.

C. Pursel was in the city recently. H. Parks was in Jacksonville Saturday on business.

Clifford Dunnington spent Friday night on Little Applegate.

Wilber Cameron was trading in Jacksonville Saturday.

Mr. and Mrs. Reines Combest spent Monday in Medford attending the circus.

Mrs. Benton Pool of Upper Applegate was visiting her father Wm. Cameron Sunday.

M. R. Buck and sons are busy repairing their ditches and clearing off damaged land which was caused by the thunder storm.

Mrs. J. Goldsby and family spent Saturday and Sunday in Jacksonville.

Robert Brown of Jacksonville spent two days with Gage Pierce last week.

Miss Letha Buck was visiting Mr. and Mrs. M. R. Buck and family Saturday and Sunday.

Dr. Hester of Jacksonville, made three flying trips up Little Applegate this spring, bowing at friends and smiling over the country. We will surely be pleased Dr. to see you come again and enjoy your self.

## Oregon Sidelights.

All fruits around Central Point are in splendid condition.

Many people are taking advantage of Hillsboro's new hospital.

The Dallas Itemizer man says he gets along very well on one meal a day.

A Central Point man, whose neck was broken and became completely paralyzed, is getting well.

Preparations are now under way, contemplating a tour of the valley by a lot of Union business men. They propose to visit every town in the valley in automobiles.

If the run of salmon continues to exist for the balance of the month as it has so far, this May will be a banner one in the history of the industry in the number of tons caught, and never before have such high prices been paid the fishermen for the chinook salmon, says the Budget.

New dwelling houses are building in all parts of Ontario this spring and more are being planned every day, says the Optimist. At the present time more than 20 new homes are under construction or contracted for, and within the next month the record will no doubt average a house a day.

J. B. Riddle of Riddle says that his section of the state is forging ahead at a rapid pace, and many new settlers are arriving almost daily. The town is full of people, and a bank will soon be organized. Arrangements have been made for the publication of a newspaper, which will make its appearance about the first week in June. Many of the large farms in the vicinity of Riddle have been subdivided and put on the market.

Sunday two elk strolled into the town of Oxford, near the school house, and on a block east of the Tribune office. After deliberately surveying the town they returned to the woods with out stampeding, having allowed some men and women to approach within 50 yards of them in open ground. If any one should kill one of them we hope he will be run out of the county, says the Tribune.

Jesse Scammon is building one of the largest private fish preserves in the state, says the Astoria Budget. The dam will be six feet thick and 200 feet across, making a lake of 16 acres, and the depth at its deepest part will be 28 feet. In a temporary retaining pond he has 30,000 young trout hatched last year. In addition to these he has about 20,000 native trout secured last year and this spring. Application has been made to the government for 100,000 more trout.

Milton Eagle, May 13: A crying need for help is arising from every fruit grower in the country. The call for assistance comes as a result of what is generally regarded as the biggest fruit crop the Milton-Freewater country has ever produced. With the opening of the strawberry season Monday the situation has daily become more acute. Despite efforts of growers started earlier in the season to secure help for the strawberry period, unless more pickers are brought to the valley next week hundreds of dollars worth of fruit will be lost.—Journal.

## Dangers Of The Deep

There was a young lady named Banker,  
Who slept while the ship lay at anchor;  
She awoke in dismay,  
When she heard the mate say,  
"Now hoist up the top sheet and spanker."  
—Selected.

#### What's the Use

To suffer with sore eyes when one 25c tube of Sutherland's Eagle Eye Salve will cure you. We guarantee it. You risk nothing. It's a creamy, snow white ointment. Sold by City Drug Store.

## EPWORTH LEAGUE

### Holds anniversary, Sunday evening—Fine program rendered

The Epworth League of this city held an interesting anniversary meeting in the M. E. church, Sunday evening, beginning at eight o'clock. Every available seat was filled long before the opening of the exercises.

An entertaining program consisting of solos, duets, songs, anthems, recitations, scripture readings, etc., was rendered in an excellent manner and was highly appreciated by the large audience. The following is the program rendered:

Organ Prelude—Miss Hoef.  
Invocation—Rev. Johnston.  
Anthem—Rock of Ages—Choir.  
Scripture Reading—Mr. Conger.  
Song No. 244—League Chapter Hymn—Choir and Congregation.  
Solo—The Lost Chord—Miss Edith Hoef.

Recitation—The Good Old Days—Willie Henry.  
Chorus—True Hearted, Whole Hearted—Epworth League.

—The Epworth League—Mr. George Henry.  
The Great White Throne—Miss Johnston.

Duet—Ashamed of Jesus—Misses Hoef and Henry.

Recitation—Mother's Song—Miss Lewis.

Quintet—Nearer to Thee—Male Voices.

Scripture Reading—Rev. Johnston.

Duet—No Night There—Mrs. Johnston, and Miss Gipsy Johnston.

Recitation—The Drinking House—Miss Mable Henry.

Solo—If I were a Voice—Miss Peter.

Song No. 342—Choir and Congregation.

Benediction—Rev. Johnston.

## Base Ball

### STANDING OF THE CLUBS.

	WON	LOST	PERCENT
Medford.....	8	0	1000
Grants Pass.....	4	4	500
Central Point.....	2	6	250
Jacksonville.....	1	7	125

## Stung Again.

Yes, the local boys were beaten again Sunday by the Grants Pass nine by a score of 18 to 9. The game was not a farce from the start, as the first five innings were classy ball, the score being 3 to 3 up to the last half of the fifth.

But from that inning on the local boys were at no time dangerous. In the last half of the eighth, the Grants Pass boys hit Lester who pitched for the locals for ten safe ones, before any were out. The locals scored a few in the eighth and ninth, thus the game closed 18 to 9.

But cheer up fans, Grants Pass comes here to-morrow and Manager Ulrich has something up his sleeve, and don't be surprised if you see several new men in the team.

## The Cubs.

The Cubs who played the Hill Crest Orchard team here last Sunday resulted in an over whelming victory for the home boys. Those kids sure can play ball, and the first team had better brush up a bit or the Cubs will go out and get their scalps.

Key Coffman, who pitched for the Cubs is certainly there, letting the Hill Crest boys down with just a few scattered hits. The base ball fans of the city are anxious to see this young phenom, act upon that bunch of Manager Ulrich's. The fans say they will back the Cubs to the last notch.

Young Coleman who played short stop for the Cubs, is a classy kid and in a few years will be in fast company. In fact all the boys play good ball.

## Womanly Wisdom

Do not forget to congratulate mother on her birthday.

Equal parts of skimmed milk and water, warmed will remove fly specks from varnished woodwork or furniture.

Don't see why the oven doesn't bake good? Just scrape the soot and ashes out from under it and you will get an eye-opener on that subject.

Mattresses will wear better and be more easily handled if made in three pieces of equal size, two to lie length-

wise and one across. The wear can be distributed evenly, and they are especially convenient in case of illness, as easily moved and aired.

The prudent young man who is looking for a wife who will "wear well," takes note of the appearance of her mother. If she is neat and trim, and looks as if she had help with the work and kindly and loving care, he may safely infer that her daughter will make a good wife.

Unless especially directed to the contrary by the physician, all medicines which are swallowed in tablet or pill form should be immediately followed by a drink of some liquid, as water, milk, tea, etc. Concentrated medicines if allowed to dissolve in close contact with the walls of the stomach often irritate the organ.

All about us this May weather are thousands of bird babies. Every apple and pear tree, every shade tree, is a nursery; the vine on our porch, the barn eaves, the grass in the meadow, each has its hidden nestful. Their mission is one not only of joy and music but of economic value. Blessings on the bird babies! May their tribe increase!

Fill an old can of any kind with ashes, then pour in sufficient kerosene to saturate the ashes, and put the can in a safe place away from fire. A tablespoonful is plenty to keep a blaze till the wood is caught, and by keeping a supply always made up the children will not be tempted to use the kerosene can with too often fatal result.

When wishing a new and inexpensive dish, try browned rice, either as a cereal with cream or as a vegetable with butter or tomato sauce. Brown the dry kernels in the oven until they are the color of ripe wheat and put them away to cook when convenient. A cup of these with two cups of hot water and half a teaspoonful of salt can be steamed in the top of a double boiler in forty minutes. Then the rice should be dry and light, although the kernels will not remain whole.—From May Farm Journal.

## For all Bowel Troubles

Use Dr. Bell's Anti-Pain. Relief is almost instantaneous. Is also good externally for all kinds of pain. Sold everywhere.

## New Counties

The hope of the future greatest development of Oregon lies in the evolution of the small farm and the intense methods of agriculture, and the smaller political sub-division of the territory. And the tendency is strikingly in this direction. Throughout the state the large ranches are being divided into smaller tracts, and there are movements under way to create new counties from the larger ones. Already the people of Southern Lane and Northern Douglas have initiated a bill for the county of Nesmith, and the people of Northern Grant are going to submit a proposition to divide the 4500 square miles within the boundaries of that county. When it is realized that the greater prosperity of the state is found in the area having the smaller political sub-divisions, the reason for giving these measures support are apparent. It means a greater Oregon.

## Newspaper Space

Every line in a newspaper costs something. If it is to benefit some individual, he may fairly expect to pay something. You do not go into a grocery and ask the proprietor to hand you out ten pounds of sugar for nothing, even though the grocer may be a personal friend and even though the gift might not be a large one.

If the beneficiary of advertising does not pay for it the proprietor has to settle the bill. Nevertheless many people cannot seem to learn that a newspaper pays its expenses by renting space, and that it is just as much entitled to collect rent for every day that space is occupied as you are for the house you rent to a tenant.—Waverly free press.

## Poison Oak Poisoning.

Ballard's Snow Liniment cures it. Mr. O. H. P. Cornelius, Turner, Ore. writes—my wife has discovered that Snow Liniment cures "Poison Oak Poisoning", a very painful trouble. She not only cured a case of it on herself, but on two of her friends who were poisoned by this same ivy. Price 25c, 50c and \$1.00. Sold by City Drug Store.

## PIONEER DEAD

### Man who named Illinois river dies in Michigan, aged 84.

Luther Hasbrouck a California pioneer of 1849, and an Oregon pioneer in later years, died April 11 at Leslie, Michigan, aged 84 years. Mr. Hasbrouck returned 10 years ago to Michigan to spend his declining years.

Left as a young man practically without any means, Mr. Hasbrouck succumbed to the lure of the California gold mines, and left New York in a sailing vessel for the Isthmus. He reached San Francisco two months later.

In 1850, together with a number of friends, Mr. Hasbrouck started north for Oregon. Attacked by Indians on the way, the six pioneers killed 16. In the same year Mr. Hasbrouck was captured by Indians. He was bound to a tree and left to die, but a rain storm coming on, he was able to work himself loose.

At Josephine Creek, Or., Mr. Hasbrouck, with his five friends, made a gold strike. They left to get provisions, and returning in 20 days discovered a camp of 2000 persons. They surmised they must have been followed on their original trip and that word had been sent to California.

Mr. Hasbrouck gave the Illinois river the name it still bears. He helped build the first church in Lane county, Oregon.

Mr. Hasbrouck is survived by a son, Hubert L. of Hood River, Or. There are three other sons, Frank D., Courtland R. and Roy, and one daughter, Eva Covert, all of whom are still living.

## FIRST BANK

### In Curry county opened for business May 17, at Gold Beach.

The Curry County bank opened in temporary quarters last Wednesday, the first institution of the kind in the county, though there will be a bank at Port Orford in a few days. F. A. Bailey is president of the bank at Gold Beach, and George D. Wood cashier. They will build a two story concrete building for a permanent location as soon as the material arrives from Portland.

## WEAK KIDNEYS

### MAKE WEAK BODIES

### Kidney Diseases Cause Half the Common Aches and Ills of Jacksonville People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill.

A. R. Bly, living Cor. 4th & B. Sts. Ashland, Ore., says: "Doan's Kidney Pills proved of wonderful benefit to me. At the time I began using them I was so lame and sore that I could hardly get around. My kidneys were disordered and the secretions gave me much annoyance by their frequent action. I would arise in the morning feeling tired and worn out and the pains in my hips were excruciating. It was while I was in this condition, that Doan's Kidney Pills were recommended to me and I procured a box. I had only used them a short time when I felt better, continued taking the remedy and was soon free from trace of kidney trouble. I have recommended Doan's Kidney Pills to many persons suffering from this affliction and will continue to do so." Plenty more proof like this from Jacksonville people. Call at The City drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States. Remember the name Doan's,
