Tuesday evening--Bills allowed--Plans for Waterworks and Sidewalks presented.

The regular monthly meeting of the city council was held in the City Hall, Tuesday evening. Present: Mayor Shaw, Councilmen Britt, Dunford, Fick, and Grievies Recorder Dox.

Minutes of previous meeting read and approved. The usual number of bills for street work, supplies, etc., were presented and after being audited by the Finance Committee were ordered paid.

Chris Ulrich asked permission to erect a platform and tent on the vacant lot between Ulrich Bros. store and the Nichols building, and on motion the necessary permit was granted. Mr. Ulrich was directed to water trees alongside the road leading to the cemetery.

Mr. Grievies of the water committee asked if the council would accept easements from Mr. Beekman of land for reservoir site, and from Mr. Britt for right of way for pipe line, in return for use of one tap in main pipe by each of these gentlemen. Council directed that easements be accepted upon conditions specified.

Recorder Dox on behalf of the library board asked that \$56.00 belonging to library fund be transferred to the officers of the library so that it could be used in paying rent, etc. It was so ordered.

Messrs. Taylor, Ulrich, and Kenney, of the Fourth of July committee presented a petition to the council asking that the sum of \$100. be donated to the committee to help defray the expenses of the celebration, and after considerable discussion the petition was granted and the sum asked for was so appropriated. The right to license and control booths, stands, etc. on the public streets and alleys of the town during the celebration, was on motion granted to the committee.

The sidewalk and water questions were discussed at some length, but as the plans for these improvements had just been received from the engineers in charge, further action was deferred until a subsequent meeting at which the necessary ordinances, etc. will be presented.

On motion council adjourned to meet Tuesday evening, June 14.

Central Point

From The Herald.
If you are looking for a location where two acres of land will support your family, stop here.

The air in Medford last week was too numerous and too warm for a Curtiss bi-plane.

The Rogue river valley is unexcelled for dairy farming purposes and the market is always good.

The man who fights the town in which he gains a livelihood, will make a monumental success as a total failure.

A. P. Gillett is soon to commence the erection of a commodious store building to accommodate his rapidly increasing trade.

Mr. E. Davis, who has just completed another fine bungalow, will in all likelihood be water consumer No. 1 of the new water system.

J. G. Bellinghurst, a scenic photographer traveling in the interest of the Chicago Record-Herald, was in town Monday and has secured many excellent negatives in this locality.

Word reached here Sunday that a logger employed on the drive at Pankey's camp near Trail, was drowned in Rogue river Saturday. The man was a stranger, his name being George Conner. The body has not been recovered at this writing.

Mr. and Mrs. George Pankey were down from Ashland Monday attending the memorial services. Mr. and Mrs. Pankey expect to return to Central Point to reside permanently within a week or two, he having accepted the

position of superintendent of the Weston orchard recently sold to Mr. Beckwith of New York.

J. A. Wetzel, a former well known resident of this place, who invested in a farm near Yoncalla two years ago, writes the Herald that he has sold his holdings there at an advance of \$6000 over the price paid, and is now looking for another location. The numerous friends of Mr. Wetzel and family in this community will be glad to hear of their prosperity.

Just because you see something in your home paper that fails to strike your fancy, don't have "brain storm" and wake up the whole community, for there are other people reading the paper who may be delighted with the very item which you seem to detest. Always figure that there are others.

BASE BALL

Jacksonville Defeats Central Point--Score 12 to 4--McIntyre Put Side Out With 3 Pitched Balls.

Jacksonville is out of the cellar.

The game here last Sunday was a very good exhibition of baseball on our part and a very poor imitation of it on Central Point's part. The game was never in doubt from the first inning. McIntyre held the visitors safe at all times and they couldn't solve his bend-ers. While he allowed 8 hits, they were all well scattered and at any time that he wanted to have tightened up he would have been a complete puzzle. Mac is about the best little amateur pitcher in the league and with the support that he is getting at present, our team is slated for something higher than 3d place. Mac also got 3 runs and 2 hits out of 3 times up, which is going some for a pitcher. Ike Dunford is getting down to business and is playing a good second base; he made a pretty stop of a grass burner Sunday. Ennis found Lux's pitching to his fancy and he knocked out a two-bagger and 2 singles on his first three trips to the plate. The Central Point team settled down after the first inning, with the score 7 to 0 against them, but they couldn't hold us down. The score should have been 12 to 1 but for a little carelessness on the part of our battery in the 9th. Mac put over one of the waist high straight ones that Claud Clark likes so well and when it lit it was over in Jackson creek somewhere. Mac put on a little steam though and the next two batters could only fan the air. Lux doesn't look like a pitcher to our bunch and the wonder is how he held Medford down so well. We understand that Medford has lost their professional pitcher Coleman, and if this is the case, Medford is due for an awful slump and we will start it by taking them into camp next Sunday the way we used to do before Medford employed professional talent to beat us. We quite fail to see any honor for Medford in their record of 10 straight games won with a professional pitcher in the box. Any other team in the league could have done the same thing. Medford never amounted to much in the baseball line as long as they stuck to home talent.

One noticeable thing about Sunday's game was the universal satisfaction Donegan gave as umpire. We did not hear a single kick throughout the game. In the fifth inning McIntyre did something very rare in baseball, viz., he retired the side with 3 pitched balls.

CITIZENS' BANK WILL BUILD

New Corporation Has Gotten Out Plans and Specifications.

The Citizens Bank and Trust Company, in preparing to enter the financial field here, finds a new building an imperative requisite and will act accordingly. Plans and specifications have been submitted to the board by Architect Bowen and the same are now in the hands of contractors. The location will be on East Main street, in the heart of that rapidly growing business district. Plans contemplate a building about 31x90 feet, two stories high, of granite and pressed brick, with concrete foundation. It will be modern in every particular, the first story for bank use exclusively, the second floor fitted up, in part at least, for offices. It is hoped to have the institution finished and equipped ready for business by September first. The cost will run up into big figures, as this new feature in financial circles will be housed in quarters second to none in the way of a substantial building, with fittings to correspond.

The new bank has elected the following directors: Ed. Barron, C. B. Lamkin, H. F. Pohland, J. P. Dodge, J. A. Harvey, Don B. Smith, H. E. Badger, W. F. Loomis and R. P. Neil; and this directorate has selected H. F. Pohland, president; R. P. Neil, vice-president and J. A. Harvey, cashier.

EARTHQUAKE IN ITALY

Kills 200 persons--Loss about \$2,000,000.

Naples, June 7.--Two hundred persons are reported killed and a property loss of more than \$2,000,000 inflicted by an earthquake in the provinces of Catania, Basilicata and Calabria today.

Ten bodies have been recovered at San Sossa. Eleven persons are known to have been killed at Castel Baronia. Scores of killed are reported from other cities.

Hundreds of wounded refugees are camping in the open country, having abandoned their homes through fear of recurrent shocks.

King Emmanuel left Rome today for the scene of the disaster. The Italian Red Cross has already taken action and is forwarding supplies of food and clothing and sending detachments of doctors and nurses.

The government sent \$10,000 to be used for urgent relief and to provide shelter for the homeless and injured.

The great cathedral at Foggia sustained serious damage and other buildings were shaken.

MUST GO SOME

High speed a craze--Tranquility out of date.

Aeroplaning is making such rapid progress that as a sport for daring spirits it bids fair to eclipse anything else. Glenn Curtiss predicts that a speed of 100 miles an hour will soon be attained, and much greater velocity has been declared feasible.

This is a rapid age, and the craze for high speed is steadily increasing.

Tranquility and contemplation, once so highly praised, are now quite out of date. Roosevelt has set the strenuous pace for Americans, and the man who ventures to rest in these times is expected to give a better reason than merely having plenty of money. If he does not need to work he can at least go out with a gun and kill something.

WELCOME TO ROOSEVELT

Plans for receiving distinguished traveler assume large dimensions.

New York, June 8--As the time approaches for the return of ex-President Roosevelt on Saturday morning, June 18, the plans for his welcome are assuming larger and larger dimensions, and that the greeting will be nationwide admits of no doubt. New York will be filled from river to river with citizens and guests, enormous throngs will crowd the line of march during the land parade, and other crowds will swarm on the lower bay during the water demonstration. Distinguished visitors from every State in the Union will be in attendance, delegates from organizations from all over the United States will be on hand, and scores of clubs and societies of New York city and vicinity will aid in making the former President's homecoming a historic event.

Surprise Party.

On Monday evening, June 6th. Miss Mabel Henry was very agreeably surprised by about fifty of her many friends who gathered at her home to spend the evening, the occasion being her contemplated departure for Portland.

The young people played games and enjoyed themselves generally for about an hour. "Best Be the Tie that Binds" was then sung followed by prayer by Rev. C. H. Johnston.

Miss Henry was presented with a handsome teacher's Bible and a fine hand-bag by the members of the M. E. Church, the Epworth League and other friends. Miss Josephine Hoef who was intending to make extended visits in northern points was given a fine pen as a token of esteem.

Rev. C. H. Johnston in presenting the gifts entertained those present for a few minutes by telling a few amusing stories. Then having presented the gifts in a suitable manner he gave a few words of counsel which was highly appreciated.

Refreshments consisting of lemonade and cake were served and enjoyed to the fullest extent. The guests then departed for their homes leaving best wishes with Miss Henry.

A HARD STRUGGLE

Many a Jacksonville Citizen Finds the Struggle Hard.

With a back constantly aching, With distressing urinary disorders, Daily existence is but a struggle. No need to keep it up.

Doan's Kidney Pills will cure you. Jacksonville endorse this claim:

Jesse Freeman, living at Sterling, Mine, Jacksonville, Ore., says: "I actually believe that Doan's Kidney Pills saved my life. I suffered from kidney disease for a long time before I realized what it was. I thought at first the symptoms would pass away, but instead they increased in severity until I was suffering untold agony. I was treated by physicians and used many remedies but obtained no relief. My worst troubles were pains in my back and limbs and irregularity of the kidney secretions. I was unable to rest or sleep well on account of the pains and was stiff and lame at times as to be unable to get about. At one time I was laid up for several weeks and unable to work. I finally learned of Doan's Kidney Pills and as they were so highly recommended, I procured a box at the City Drug Store and began using them. This remedy seemed to be just what I required, for in less than two weeks the beneficial results were apparent. I continued using the remedy, improved steadily and by the time I had used seven boxes I was better than I had been for years. I am now absolutely free from any symptom of kidney trouble and give the credit to Doan's Kidney Pills."

Plenty more proof like this from Jacksonville people. Call at The City drug store and ask what customers report.
