

## MARKETING by TELEPHONE

**YOUR FAITHFUL BELL TELEPHONE,** always at your elbow, steadily increases in usefulness. It does a score of errands while a messenger is doing one. You come to accept telephone service as a matter of course, like the air you breathe or the water you drink. Your Bell Telephone performs these daily services of neighborhood communication, and it does more—it is a unit in the universal system and enables you to reach anyone any time within the range of the Long Distance Service.

## JACKSONVILLE POST

Official Paper of the City of Jacksonville, Oregon

A weekly newspaper published every Saturday at the county seat of Jackson County, Oregon. D. W. BAGSHAW, Editor.

Entered as second-class matter June 22, 1907, at the post office at Jacksonville, Oregon, under Act of Congress of March 3, 1879.

SATURDAY, JUNE 18, 1910

SUBSCRIPTION: One year by mail \$1.50. Advertising rates furnished on application.

The council has issued orders for cleaning up the grass and rubbish on the streets and alleys; We hope all citizens will observe and obey the notice, a few hours work will make a vast difference in the appearance of the streets.

No, the sidewalks are not built yet, but the surveys are finished, the specifications drawn and the ordinance providing for their construction has passed its first reading. The sidewalks will come—in time.

It is stated that A. C. Hough of Grants Pass will be a candidate for the Republican nomination for attorney general, at the coming primaries.

Tell your visitors on the Fourth the truth, and stick to it—that Jacksonville is the best home town in Oregon. It is too.

### PORTLAND LETTER.

**Great railroad development for Oregon During 1910--**

**Live stock shipments ahead of last year.**

Portland, Or., June 16 (Special)—By the end of the present year, it is promised that the most remote districts of Oregon will be served by railroad transportation. Central Oregon will have two main lines, the Oregon Trunk and the Deschutes Railroad and the building of these roads is of course the prime achievement of the year in transportation. In addition, the Harmer line to Tillamook will be completed and much progress will have been made by the end of the year on the Natron-Klamath road. This year the cost of contracts for new railway lines and betterments in this state will aggregate about \$30,000,000. Many other important new projects will undoubtedly be mapped out and started before 1911.

John H. Hartog, formerly manager of the Eugene Commercial Club, bids good-bye to Oregon and the United States, and with his two daughters sails this week for Rotterdam to again be associated with the firm of Hartog & Fessel. This company was established in 1783, was the first large importer of American packing house products, and had the contract with the German government to furnish the meats in the Franco-Prussian war. Mr. Hartog came to America as a lad of 18 to be associated with Armour & Co. of Chicago.

Livestock shipments to the Portland markets for the month of May are far ahead of the same statistics for May of last year, showing the growing importance of this market. Particularly is a big gain shown in hogs, which is gratifying to the trade. A total of 515 cars of livestock of all kinds came to the stock yards during May of this year. The increase in hogs received was over 7000 head. The O. R. & N. has decided to place in commission a regular stock train service, operating twice a week from Huntington to Portland and way points. This will begin June 21 and will be a great convenience to the stock raiser.

Douglas County is taking active steps in securing good roads. A county association has been formed at Roseburg to boost the movement in that section of the state and the result of this action will be valuable. The organization was perfected through the efforts of the state association and M. O. Eldridge, the government road expert. Meetings are now held throughout Oregon in the interest of better highways and much progress is being made.

#### No Danger

In taking Dr. Bell's Pine-Tar-Honey for coughs and colds. It contains no habit producing drugs. Look for the Bell on the Bottle. Sold by City Drug Store.

#### Oregon Sidelights.

A turpentine plant may be established at Gold Hill.

A theatre and a band are in prospect for Roseburg.

Good horses sell at Lakeview at \$200 to \$275 a head.

There are 70 automobiles in Hood River valley.

Baker City has planned a very simple plan of city government, by only three commissioners, on the Des Moines plan.

Former Governor Folk and possibly a future president, will be a Chautauqua speaker at Ashland this summer.

Umatilla county has sent at least 1000 people to the Rose Festival, estimates the East Oregonian. Lucky 1000.

Dr. James Withycombe says that he believes the day will come when the fruit crop of Oregon alone will bring \$50,000,000 into the state every year.

Several trained Pendleton public school teachers have secured positions in larger cities and the Pendleton school board has to call in the better teachers from smaller places.

When the O. R. & N. railroad company announced it would expend \$250,000 on the La Grande division headquarters and the Portland terminus, it had the usual good judgement in a business way characteristic of railroad companies, says the Observer.

Klamath Falls Chronicle: The farmers of the Merrill country are bringing in much of their last year's crop of wheat to Midland row, some 5000 or 6000 sacks being hauled to that city last week. Several teams are busy at present hauling grain to the railroad there.

Hood River News: A party of 12 people from Hutchinson, Minn., arrived here Tuesday and spent most of the day inspecting the valley in a wagonette drawn by a four horse team. Most of the party will attend the rose festival, and expect to return later looking for investments.

Astorian: While it is true that there is but a meager run of salmon in the lower Columbia, a packer from the Bear Cliff country reports that there is practically no abatement of the supply up that way. Monday's fishing netted his establishment 2585 pounds for eight deliveries; the low boat turning in 180 fish, and the high boat 410 big fish and 96 small ones.

Eugene is the center of more railroad building than any other town in the northwest. The Natron extension construction work to the eastward, the P. E. & E. extension and the activity of the Lane County Asset company in pushing the location work westward, are all together making things go some. We have just begun to grow, says the Guard.

Eden correspondence of Medford Mail-Tribune: About a year ago your correspondent wrote an article to the Portland Journal on the raising of alfalfa in the valley. The piece was read by Mrs. B. F. French of Pendleton, Or., who wrote for more information, and the result is that Mr. and Mrs. French are now located on one of our fine dairy and garden places, in North Talent.—Journal.

FOR SALE—A tract of timberland, containing 160 acres, situated in Douglas Co., Ore. Timber estimated at 4,000,000 feet, fir and cedar. Apply to Jacksonville Post.

### A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.
