PORTLAND LETTER.

C. C. Chapman Made Secretary of the Oregon Development League.

Portland, Or., June 31 (Special)—Tom Richardson, manager of the Portland Commercial Club for the past six years, and secretary of the Oregon Development League, who retired this month, will be succeeded in the work by C. C. Chapman. The latter is by no means a stranger to Oregon and is acknowledged advertising expert with several years experience that especially fits him for the position. He was nominated by H. Beckwith, president of the club, and the nomination was seconded by Manager Richardson. He was chosen unanimously.

In a letter to the members of the Oregon Development League, announcing the change in officials, Secretary Richardson bespeaks all possible assistance and support for Mr. Chapman, whom he recommends to the various communities as a man who is thoroughly conscientious, earnest and capable, a natural born advertiser and a tireless worker.

Oregon communities will be fairly busy this year welcoming new railroads. Prairie city is one of the first of the season to hold a Railroad Day, celebrating the advent of the extension of the Sumpter Valley line to that thriving city. Addresses were made by many prominent men, telling of the good to be expected from the railroad and a big barbecue was held.

Pioneers of Oregon are honored guests of Portland this week' the occasion being the annual reunion of the Oregon Pioneer Association. The white haired band of empire builders who blazed the trail to Old Oregon will be greeted by an address of welcome by Mayor Simon and there will be other notable talks. A big banquet at the Armory is a feature of the reunion.

Because the Eastern bond market is "off", Portland people are buying the city's improvement bonds, determined that betterments shall go ahead without delay because of financial conditions elsewhere. Bids made for the bonds by bond-buying firms of the Eastern money centers were far below what was considered satisfactory by Mayor Simon, in fact the best offer was to take the bonds at 91. This meant a loss to the city and then the securities were offered locally at par. The first block of the \$2,000,000 issue authorized to build the Broadway bridge, amounting to \$250,000, is now being taken at home so there will be no delay or loss to the city.

Unfortunate children of the city, in whose lives there is too little sunshine, were given a treat this week when Portland automobilists gave the use of their cars for rides about the city that were much enjoyed by the children. Wards of the Boys' & Girls' Aid Society, the Children's Home, and the People's Institute were the recipients of this outing and it was a happy bunch of children that toured the city in the big autos for two hours.
