Rev. Ennis suggests that a warning be sounded in regard to the danger from the indiscriminate use of fire-crackers around the automobiles Monday. The removal of the dry grass and weeds from along the sidewalks has greatly improved the appearance of streets. Tearing down and removing a few old shacks and some dilapidated fences would be a still greater improvement. This city has many natural advantages, as to location, climate, etc., unequalled by any other town in the valley, and a small amount of labor and money spent in judicious improvements would make it one of the prettiest and most desirable residence towns in Oregon. We have noticed lately that improvements in the way of new fences, painting, etc. are being made in different parts of the town. Let the good work go on; every dollar spent for permanent improvements adds two to the value of the property, besides adding to the comfort and convenience of the owner or occupant.

A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.
