

PORTLAND LETTER.

Dalles old wagon road land grant to be opened.—U. S. cruises timber—Hibernians meet July 19.

Portland, Or., June 30 (Special)—The old Dalles military wagon road grant is about to be placed on the market and this land, together with the Willamette Valley & Cascade Mountain road grant that is to be sold in small tracts, will mean a great colonization movement for Oregon during the coming few years. The Dalles grant comprises 43,000 acres and is very largely valuable agricultural land. Its settlement will mean a great increase in the state's population and wealth.

The Pacific Power & Light company, organized by Eastern capitalists with a capitalization of \$7,500,000, plans to develop a great electrical generating and distributing system throughout the Yakima, Columbia and Walla Walla valleys. Other concerns have been taken over by the big corporation, which will give special attention to furnishing power for irrigation work throughout the territory covered. It is promised that by concentrating the water power development in the Northwest, a more satisfactory service will be developed than can be rendered by private companies.

Uncle Sam is counting his timber wealth on the slopes of the Cascade Mountains. Expert timber cruisers in the employ of the Government are at work making the estimate and it is expected it will take all this summer and next to complete the cruise of the watershed of the Willamette River and its tributaries in the Cascade Reserve. The land will be classified and the timber segregated into logging units. This is the first attempt, so far as known, of the Government to take an inventory of its timber resources.

Portland will be host to thousands of delegates to the national convention of the Ancient Order of Hibernians, which comes to this city July 19 to 24. It is predicted that 15,000 visitors will be here at that time, delegates coming from every section of the country, and many tourists will arrive during the same time, attracted by the special rates. Entire trains have been arranged for from many Eastern cities. Local members of the order are arranging a great reception for their guests.

Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by all dealers. Samples free.

These meadows about Echo are not new irrigated lands being redeemed from sagebrush and heavy with alkali, but have been yielding enormous supplies of hay for 25 years, have enriched many men, and are no experiment.—Journal.

Engineering.

There are bills before Congress for raising the Lighthouse Board to the dignity of a government bureau with a single head to manage it. A commissioner will act as executive officer, and it is proposed to place the service in the hands of specially-trained civilians, who will not be liable to withdrawal for active service (as happens with army and navy officers) in case of war.

Referring to our recent article on the six Mallet freight compounds for the Delaware & Hudson Railroad, it is of interest to note that the four frames of the engines, each weighing about 8,000 pounds, are built of vanadium cast steel, having a tensile strength of 80,975 pounds per square inch and an elastic limit per square inch of 45,024 pounds, as determined by tests made while the frames were at the foundry.

A dispatch from Berlin states that the "Von der Tann," the first of the German dreadnought cruisers, reached, on her preliminary trials, a speed of 28 knots. This, if true, places her, in respect of speed, abreast of the British "Invincibles." Figures just compiled by the Pennsylvania Railroad system show that although in 1908 and 1909 its various lines carried a total of 299,762,658 passengers on its 24,000 miles of track, only one passenger was killed as a result of a train wreck. In other words, the chance of a passenger losing his life in an accident on the Pennsylvania Railroad system was one out of about 300,000,000.—Scientific American.

International Esperanto College to be held at Washington.

A state convention of Esperantists has been called for July 16 in the convention hall of the Portland Commercial Club, when students of the new world language, educators, teachers and others interested are asked to meet to consider the organization of a state Esperanto association. Other matters vital to the widespread adoption of the new language will come up. Among these will be the election of delegates to the International Esperanto Congress, to be held at Washington, D. C., August 14-20, and the proposal to introduce Esperanto in the public schools, as it is being done in Maryland and elsewhere.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.
