VOL. IV.

JACKSONVILLE, JACKSON COUNTY, OREGON, JULY 23, 1910

NO. 12

PORTER ARRESTED

On train near Grants Pass--
Accused of entering berth
of young girl.

The following is from a news item sent out from Grants Pass Tuesday. The parents of the little girl are well known to many of our readers, having been former residents of this city.

This morning S. M. Reynolds, a porter on train No. 15, was arrested for an alleged attack on Josephine Moss, the 13-year old daughter of Joseph Moss, a prominent citizen of this place. Miss Moss was returning from a trip to Portland alone, and when she alighted from the train she was crying and stated that the porter had got into her berth during the night. Officers immediately got on the train, but it pulled out. About two miles out the porter was found locked in the toilet off the drawing room. When he finally opened the door the first question he asked was if he was going to be lynched, and all the way to town begged the officers to protect him from a mob.

The little girl is still so frightened that she has not been able to make a statement, and Reynolds does not either deny or admit the assault.

The Dairy Industry

According to the last year book of the Department of Agriculture, there are 21,720,000 milch cows in the United States, and these are worth \$705,945,000.00. The magnitude of the industry can perhaps be best understood when it is considered that these cows produce yearly about \$1,000,000,000.00 worth of dairy products.

There is no other branch of diversified agriculture so important to the progress of a community. The fertility of the soil can best be maintained by the liberal use of barnyard manure and the dairy herd not only makes this possible, but dairying is also more remunerative than other branches of farming when properly carried on.

Dairying has made wonderful progress since the advent of the modern creamery and the consumer of butter has not only been benefited by being furnished a more wholesome and palatable article of food, but the wife in the farm home has been re-

lieved of the drudgery incident to making butter on the farm. Where formerly the cream was ripened and churned into butter under conditions not conducive to fine quality in the finished product and in the majority of cases by unskilled hands, now the most of the milk or cream is delivered to a modern creamery where conditions are suited to the purpose of making butter, and the result has been a wonderful improvement in the quality of our dairy products. As the quality has improved consumption has increased and the progress of dairying has been remarkable during the past decade.

The perpetuity of the country's greatness depends upon increasing the production of farm products from year to year, a result which not only furnishes our people with food but maintains the prosperity of our farming communities. Increase in production can only come through improved methods of agriculture and soil improvement. When it is considered that the dairy cow is the foundation for soil improvement and farming prosperity, her importance is best understood, and interest in her should not be confined to her owner. She is an important factor in the development and prosperity of our country.

Has Come To Stay

An editorial article in a recent number of the Sacramento Bee, in discussing the direct primary law, says in part as follows:

"Let no one be misled by efforts to make it appear that the direct primary plan of nominations is losing ground. The fact is just the opposite. It bids fair to be adopted in every State of the Union, and wholly to do away with the old system of convention nominations. Many States already have it, and others are likely soon to follow suit.

Of course the corporations and the bosses do not like the direct primary, which deprives them of the power of naming party candidates through the machinery of nominating conventions. All the opposition to the change comes from such sources.

In California the chief faults of the nominating primary law are those created by its enemies in order to make it unpopular. Expensive petitioning should be done away with, and the choice of party candidates for United States Senator be made binding and not merely "advisory."

Chronic Sore Eyes

Are easily cured with Sutherland's Eagle Eye Salve. It is painless and harmless and guaranteed. 25c a box. Sold by City Drug Store.

TRY, TRY, AGAIN

County Committee at third
trial names delegates to
State Convention.

Ten members of the Republican county central committee met at Medford Saturday afternoon and selected themselves and 31 others as delegates to the state assembly at Portland, making 41 in all.

This was the third meeting of the committee called for this purpose and the small attendance at these meetings shows that the Republicans of the county take but little interest in the assembly, the direct primary being good enough for the majority.

THE NEW DAILY

At Medford--Number one ap-
peared Tuesday.

No. 1, Vol 1, of the Medford Daily Sun appeared Tuesday, and judging by the size of the initial number (ten pages of seven columns each) and the matter contained therein, it will be an important addition to the journals of Jackson county. If the management can retain the advertising patronage shown in the first number, its financial success is assured.

We have been of the opinion that Medford was not large enough to support two daily newspapers and that better service would be given if only one was in the field, but perhaps we were mistaken--the future will tell.

The Post has no axe to grind and entertains feelings of the utmost good will toward the publishers of both papers, the old and the new, and wish both unbounded success in their chosen field.

Pacific & Eastern

With the arrival of six additional cars of steel for the Pacific & Eastern railway, making eight to arrive of the 40 on the way, work has been resumed laying track on the road, and it is believed now that by September 15 trains will be running in and out of Butte Falls.

The track laying force has been largely increased and there will be no letup until the work is completed. The contractors will have the line to Butte Falls graded soon.--Mail-Tribune.

FOREST FIRE

Alarm turned in Sunday
afternoon--Fire in brush
on Britt's hill.

An alarm of fire was sounded at about two o'clock Sunday afternoon which roused many of our citizens from their afternoon siestas; columns of thick smoke were seen rolling skyward in the western edge of town causing some excitement for a time. Investigation revealed the fact that a forest fire was raging in the brush and small timber on Britt's hill.

A number of willing hands, by backing and other means usual in such cases, succeeded in staying the approach of the destroying element after it had burned over 40 or fifty acres covered with dry grass, leaves, etc.

It is said that if the wind had been blowing from the fire toward the town instead of the direction it was, nothing could have prevented the flames from reaching the buildings and a shocking disaster would have been the result.

The origin of the fire is unknown.

Summer Colds

Are harder to relieve than winter ones but they yield just as readily to treatment with Dr. Bell's Pine-Tar-Honey. Sold at City Drug Store. Look for the Bell on the Bottle.

LANDS NOT TAKEN

Nearly half the claims on Coeur-
d'Alene reservation are
untaken.

Coeur d'Alene, Idaho, July 18.--The lands on the Coeur d'Alene Indian reservation that remain untaken will be subject to selection and entry by the last half of the 3000 number holders, who obtained their numbers at the reservation drawing held here last August, according to a statement of Judge James W. Whitten, superintendent of Indian reservation land openings. The first 1500 of these 3000 names were called last April, but over half of them failed to respond to their names or to make a selection of land to which they were entitled under the law. Nearly one half of the 1250 claims originally on the reservation remain untaken and these remaining 1500 number holders will be given a chance at them, beginning September 1. On that day 50 numbers will be called, on the next day 50 more, and on each succeeding week day 100 names will be called until the entire list is exhausted.

Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.--Samuel Boyer, Folsom, Iowa. This medicine is for sale by all dealers. Samples free.

Buncom Reports.

Correspondence to the Post.

Ed Saltmarsh was in town Monday. Elmer Lewis is working in Medford. Jake Parks was in the city Monday. Carl Cox and wife are still on Little Applegate. Ernest Foreman spent several days in town last week. Gage M. Pierce was a caller at the Post office Tuesday. Miss Ester Pursel was visiting Miss Vivian Crump recently. Charley Garrett is staying in Medford with his two sisters. Hollis Parks is working for John Cantrall at this writing. Wilber Cameron was on the sick list the forepart of the week. A. S. Kleinhammer spent several days in the city last week. W. E. Wren of Ashland has taken a homestead near Buncom. Miss Ella Parks was visiting her sister Mrs. M. Buck recently. Mrs. C. C. Pursel was visiting her daughter, Mrs. F. Silva recently. Billie Anderson and Florence Taylor

were up Little Applegate Sunday. Ralph Jennings was up to the mill after a load of lumber Wednesday. Fred Cople and wife were visiting Mr. and Mrs. John Cantrall Sunday. Irvin Bostwick took a load of berries to town Monday for Wilber Cameron. John Dunnington and a number of friends spent Sunday on Little Applegate. B. Wetzel and wife of Jacksonville were out in the Applegate country Sunday. John Cantrall and Ralph Jennings made a trip to Jacksonville Monday after a load of brick. W. R. Garrett has had a number of men building a new bridge near Pursels and is now completed. C. C. Pursel had the bad luck to lose a fine big mare which was frightened to death at an automobile. Mrs. Lulu Loomus of Medford accompanied by her sister Miss Beulah Garrett was visiting home folks Saturday and Sunday.

BIG STRIKE

On Grand Trunk railroad in Can-
ada, 4500 miles of road
tied up.

Toronto, Ont., July 19.--Thousands of men went out today in one of the biggest railroad strikes Canada has ever known and no trains are running over 4500 miles of the Grand Trunk railroad.

The men struck simultaneously and the road is completely tied up. Yardmen, trainmen, conductors, baggage-men and shopmen quit work and with a defense fund of more than a million dollars a month are ready to fight the officials of the road to a finish.

More than 4000 yardmen, conductors, trainmen and baggage-men are out and 5000 shopmen are affected.

WOMAN ASSAULTED

By Italian on her wedding day
at Medford

Struck down with a club, beaten and kicked into insensibility in the Chinese restaurant, formerly the Ivy Leaf on North Front street, by an Italian who gave the name of John Wanto, Mrs. A. Lamphire, formerly Mrs. Young, spent a rather strenuous wedding day, for she and her husband had just returned from Jacksonville where they had secured a license and had been married.

The Italian who perpetrated the deed is said to have accosted the woman as she entered the restaurant, where she had been employed and is thought to have become angered at her response. The woman was unconscious for over two hours, Dr. R. W. Stearns being called to attend her in the backroom of the restaurant. Later in the evening she was sufficiently recovered to walk about the streets with her husband. She is badly bruised about the head and body where she was struck and kicked after being knocked down.

The Chinese proprietor of the place put the Italian out of the place after the assault and he took to his heels and was pursued by officers Hinton and Memsic. He was caught at the corner of Eighth and Central and locked up and will have his hearing before Judge Canon this morning.

The Italian, who, it is believed, did not give his true name, is evidently planning the defense of irresponsibility, for the officers say that he is trying to create the impression that he does not know what all the trouble is about.

The woman has been employed in the restaurant for some time and was a widow with three children. Details of the assault are in doubt as it was witnessed only by the Chinaman in place and they are too badly scared to talk.--Daily Sun.

Inter-State Canal

Gray's Harbor people are talking over the project of building a canal from that waterway through Willapa Harbor to the Columbia River, thus giving a deep water, dependable channel to the sea. One meeting has already been held and the people are considering it seriously. It is said such a project will cost not over \$1,000,000 and in addition to its aid to navigation, will drain a territory covering 10,000 acres of marsh land, now practically worthless.

FREIGHT WRECKED

On S. P. four killed--24
cars in ditch--Trains 24
hours late.

A disastrous wreck occurred on the Southern Pacific, at Gibbs, near Dunsmuir, Calif. Sunday morning, in which four of the train crew lost their lives and twenty-four cars were piled in too ditch.

A broken rail is said to be the cause of the wreck, the cars bumping over the ties and tearing up the track for a quarter of a mile, then piling up in the ditch.

Traffic was suspended for about 24 hours, trains due Sunday evening not getting through until a late hour Monday.

MEEKER AT GREELEY

Old pioneer of Oregon Trail ar-
rives in Colorado.

Greeley, Colo., July 18.--Ezra Meeker, one of the few surviving '49ers and who attracted attention by driving an ox team across the country to New York last year, is here in the interest of having the old Oregon trail appropriately marked with monuments. An appropriation for this is now pending in Congress.

Mr. Meeker is traversing the old trail which began at Kansas City and ended at Tacoma. He is 80 years old.

"Uncle Jimmy" Twogood

The following, from the Evening Capital News, of Boise Idaho, July 12, will be of interest to many of our readers. "Uncle Jimmy" is a regular reader of the Post and keeps in touch with the happenings in Jackson County.

The News says: "Uncle Jimmy" Twogood is today celebrating his 84th birthday and is receiving warm congratulations from his many friends in honor of the event.

Sixty years ago Mr. Twogood crossed the plains and located in the west and has ever since been a conservative booster for the northwest. He now ranks as one of the veteran pioneers of the Gem state and knows much of the early history of the state which has not been published.

He is in good health for one of his age and expects to live to see Boise a city of 75,000 people.

HIDDEN DANGERS.

Nature Gives Timely Warnings
That No Jacksonville Citizen
Can Afford to Ignore

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

Mrs. Leda Powell, living at 250 Ashland St., Ashland, Ore., says: "I am so grateful for the great relief I have received from Doan's Kidney Pills that I gladly recommend them. I suffered from severe pains in my back, headaches and was in a generally run down condition. I was told to try Doan's Kidney Pills and decided to do so. I felt much better from the first, and almost before I knew it I was free from the trouble. I have not had any pain since and can conscientiously recommend Doan's Kidney Pills as a remedy that acts up to its representations."

Plenty more proof like this from Jacksonville people. Call at The City drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States. Remember the name--Doan's, and take no other.
