Great care should be taken during the dry season especially, to guard against fire. Persons should be very careful about throwing aside lighted matches, cigar stubs, etc. In the absence of a proper water supply a fire might easily destroy half the buildings in the town. An ounce of prevention is worth a pound of cure.

A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health.

Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.
