

CEMENT WORKS

May be established in Jacksonville, Plenty of material in sight.

Rock of a quality suitable for making the best grade of cement has been discovered in the hills near this city.

Samples have been submitted for analysis and pronounced by the chemist to be excellent quality, possessing the properties necessary for making the best grade of cement. A thorough examination of the deposit reveals an almost unlimited quantity of the raw material in plain sight.

Certain capitalists of abundant means are considering the advisability of establishing a factory to employ 2000 men at this place. Lack of transportation seems to be the only obstruction to the plan at present and it is thought that this difficulty can be eliminated.

If this project is carried to a successful issue the formation rejected and despised by the early prospectors as valueless bids fair to prove a bigger bonanza than were the best paying gold mines.

A Cold

Is not necessarily serious, provided it is taken care of. It is frequently the starting point of many dangerous diseases. When it comes use Dr. Bell's Pine-Tar-Honey. Look for the bell on the bottle. Sold by City Drug Store.

Buncom Reports.

Correspondence to the Post.

Wm. Cameron was in our city recently.

Ed Saltmarsh called at the Postoffice Tuesday.

E. N. Provolt was in our neighborhood last week looking for some good Jersey cows and made a purchase of six.

Mr. and Mrs. Carl Cox left yesterday for California.

Sam Vandyke and family of Medford are visiting Mr. and Mrs. A. S. Klienhammer.

Mrs. M. R. Buck was visiting on Big Applegate Sunday the guest of Mrs. R. J. Jennings.

Hollis Parks accompanied by his sister Miss Ella, were visiting on Big Applegate Sunday.

Byron Johnson who is working on Williams creek was visiting home folks this week.

Frank Cameron has put up his new phone now, and he sees what he has missed by not having it up sooner.

Manford Goldsby who has been in Josephine county has returned to Buncum.

Mr. and Mrs. Tom Beagle of Ruch took a ride up Little Applegate last week.

Mrs. John Orth returned to her home in Medford Sunday.

Mr. Stansell and wife of Jacksonville took a pleasant ride up Little Applegate Sunday.

J. Parks now runs the cream wagon twice a week.

Newt Haskins and wife were in Jacksonville last week.

Mrs. J. Miller of Medford is visiting her sister Mrs. J. F. Crump.

F. Cameron will finish up his hay crop this week.

Mr. and Mrs. John Trellinger and son Ralph were visiting several days on Little Applegate.

Mrs. Dora Saltmarsh was trading in Jacksonville last week.

Mr. and Mrs. Flane Silva were visiting home folks last week.

Mr. and Mrs. Arthur Klienhammer were visiting relatives in the valley last week.

J. Goldsby and family were in Jacksonville recently.

Otis Buck was in town Monday.

Mr. Black of Forest creek was up to the mill after a load of lumber Monday.

Mrs. W. R. Garrett and family passed by Sterling Tuesday.

Sent To Asylum

Nancy Dugan, aged about 21 years, was committed to the asylum for the insane by Judge Neil Monday afternoon.

The young woman is a native of Jackson county and has resided in Medford all of her life. The father of the girl is at present an inmate of the asylum and has been for the past two years.

She was taken north in charge of attendants from the asylum Monday night.

Staggers Skeptics

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove its a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, and also chapped hands, sprains and corns. Try it. 25c. at City Drug Store.

COUNCIL MEETS

In regular session Tuesday evening--Canvasses election returns--Bills allowed etc.

The regular August meeting of the City council was held Tuesday evening at the usual hour. Present Mayor Shaw; Councilmen Britt, Dunford, and Grieve; Recorder Dox; Marshal Jones. Minutes of previous regular and special meetings read and approved. Mr. Grieve reported that arrangements for reservoir site had been completed and he was directed to have the necessary papers drawn up in regard thereto.

The usual monthly bills for labor, supplies, printing, etc. were presented and allowed. The returns of the special election held Monday were canvassed and approved, and on motion the Mayor was directed to issue a proclamation stating that the bond issue had carried, and directing publication of said proclamation in The Jacksonville Post.

The sidewalk matter was pretty well thrashed out, specially regarding the authority of the City Engineer, it being the general opinion of the councilmen that the work must be done according to the specifications and under the supervision of the city engineer as provided by the ordinance and he was directed to require that sidewalks built shall be in accordance with said specifications.

Dr. Bell's Pine-Tar-Honey

Is the best for coughs, colds, croup, grip, whooping cough, bronchitis, asthma and all throat and bronchial troubles. Sold everywhere look for the bell on the bottle.

THE ELECTION

For water bonds was quiet, sixty-six to one.

The special election held in this city Monday was a very quiet affair, the total number of votes polled being only sixty-seven but although the number of votes was small there is no reason to doubt the wishes of the voters in the matter as sixty-six ballots were cast for the bonds and only one against.

This expression of opinion by the voters shows that the people want water and want it badly. Efforts will be made to hasten the construction of the system as rapidly as possible.

NEW BANK

The Jacksonville Office of the Fruitgrowers Bank will be independent after September 1st.

Cashier Collins will remain in charge--Evolution from laborer to Banker in five years.

A deal has been consummated whereby the Jacksonville Office of the Fruitgrowers Bank will become a separate institution after the first of next month. The Medford institution having sold its interests to a new corporation composed of B. M. Collins, Chris Keegan, Wm. Bybee, Jno. W. Pernoll, A. Klienhammer, W. P. Bailey, C. M. Ruch, John Dunnington, W. H. Johnston, W. H. Bowen, A. W. Sturgis, Chas. F. Dunford, Harry Luy and Ralph G. Jennings.

A recent ruling by the State Bank Examiner rendered a change in the manner of operation necessary, and rather than go to the trouble of re-incorporating both banks as demanded by the ruling, the officers of the Fruitgrowers' decided to dispose of their interest in the Jacksonville branch to Mr. Collins and his associates as stated above.

The new owners will take charge Sept. 1st, with Mr. Collins in charge as at present; in the meantime the present owners will continue to transact all business as heretofore, at the old stand.

The new institution will begin its existence under most favorable conditions. Everywhere throughout our state the people are prosperous; new interests and enterprises requiring the expenditure of vast sums of money are being developed at a rate which a few years ago would have seemed impossible and the increase in the volume of business during the next five years bids fair to surpass anything ever seen in the industrial and commercial world. And as the business done by the banks of Oregon has increased greatly during the past year and will continue to increase still faster in the future, the management of the new concern can reasonably expect to share in the general prosperity of the state and country. This in a general way, leaving out of sight the fact that our own immediate vicinity is on the eve of an era of industrial activity greater by far than any witnessed in the early mining days. (More on this subject later on).

The stockholders named above, need no introduction to most of our readers, all being well known citizens of undoubted integrity and financially able to increase the capital of the bank as may be thought necessary in the future. Regarding Mr. Benj. M. Collins who has been in charge of the present institution during the past ten months and who will remain in charge under the new regime, we desire to call attention to a few points in his career in Southern Oregon: Mr Collins came to Jackson county five years ago last spring with little or no capital, first he taught a term of school in the Applegate valley at a small salary; next he was shoveling snow at the Blue Lodge mine; after that he assisted the assayer for a while; then he kept books for the company; next we find him doing carpenter work at Medford; next clerking in a store; two years were then spent as City Recorder of Medford, which position he resigned to enter the Bank of Jacksonville as its cashier where we find him to-day. During all these years he has been always cheerful, accommodating and courteous to all, ready and willing to "do the work which his hands found to do." During the time Mr. Collins has been cashier of the bank he has had practically the entire responsibility of the management of its affairs on his shoulders; the officers at Medford seldom ever visiting the institution and he has proved himself equal to the task, the business increasing very materially in many respects as shown by the statements published from time to time. The record of this gentleman is an instance of what pluck and a determination to succeed, coupled with ability, integrity and a pleasing manner can accomplish in this country. It is a valuable object lesson to young men.

If your liver is sluggish and out of tone, and you feel dull, bilious, constipated, take a dose of Chamberlain's Stomach and Liver Tablets tonight before retiring and you will feel all right in the morning. Sold by all dealers.

Oregon Sidelights.

Springfield has 22 trains a day.

First grapes are ripe at The Dalles. Grant county crops have improved lately.

Corvallis is to have an oatmeal manufactory.

Catholics will build a Sisters' academy at Burns.

Fruit growers around Prairie City have organized.

A Cove man advertised for 30 cherry pickers July 27.

New Episcopal church at Port Orford is about completed.

New cannery at Medford has 7000 pounds daily capacity.

It takes only 32 Silver Lake geese-berries to weigh a pound.

A Eugene man is raising mushrooms and sells them for \$1 a pound.

Oakland hasn't houses enough for the people who want to live there.

A Drain business man has a nice name for a hot day. It is Cool.

Wallawa county man has inclosed 500 acres with a coyote proof fence.

Many newcomers have been in Central Point lately, looking for real estate.

Hay was never before so high a this time of year in the Nehalem valley--\$18 per ton.

Plenty of summer resorts right close home, if you look around, remarks the Albany Democrat. Now, that's so.

So far, wheat is averaging about 40 bushels, and barley from 60 to 70 bushels an acre around Athena.

Big Portland property owners and business men ought to put up what is needed for that livestock show. It will pay them to do it.

There is an opening in Tillamook for a wood yard. We are almost surrounded by forest, but it seems that it is impossible to secure a cord of wood for anything like a reasonable price, says the Herald.

During the month of June 320 people registered at the government station at Crater lake, and during the first 15 days of this month 260 had registered. This breaks all former records for this time of year to the rim of Crater lake.

The Rogue River Valley Canal company's big improvements are going forward rapidly. A large force of men has been engaged on the desert boulevard. The canal, which runs five miles east and west through the center of the desert is nearly completed.

It is estimated that fully 50,000 feet of lumber will be milled from the four logs of a tree cut back of Seaside. While standing the tree presented an imposing spectacle. At the base it measured 12 feet in diameter and the first branch was fully 100 feet from the ground.

The thrifty members of the new Bohemian colony which has been started on the shores of Tule lake, south of Merrill, have made wonderful improvements in the raw land which comprised their homes when the colony was first established a few months ago. Some 6000 acres were purchased and subdivided, and the town of Malin was platted. The raw land has been cleared and cultivated, and the new town now presents a thrifty appearance, and is growing rapidly. -Journal.

Proclamation.

Proclamation of the Mayor of the City of Jacksonville, Oregon, on the adoption of Ordinance No. 129 on the question of the issuance of bonds as proposed in said ordinance at a special election called and held on August 1st, 1910. By virtue of the authority in me vested as mayor of the City of Jacksonville, Oregon, I do proclaim that Ordinance No. 129 providing for the issuance of bonds in the sum of \$30,000, for the purpose of establishing a water system for said city received a majority of all the votes cast at the said special election there being 66 votes cast for the issuance of the said bonds and 1 vote cast against the issuance of the said bonds and the adoption of the said ordinance, that said Ordinance No. 129 providing for the issuances of the said bonds in the sum of \$30,000, was at said election duly adopted and carried by a majority of the legal votes cast at said election; and said bonds are duly authorized and Ordered to be issued at said election, that from and after this date said ordinance No. 129 is a part of the ordinances and laws of the City of Jacksonville, Oregon. Dated at Jacksonville, Oregon, this 2nd day of August, 1910. Signed T. T. SHAW, Mayor.

PORTLAND LETTER.

Bank Statements Show Great Gain--Coos Bay to Improve Harbor.

Portland, Ore., Aug. 2, (Special)--Greater progress has been made by the business interests of Oregon between March 29 and June 30 than in any two-months period in the history of the state since the establishment of the establishment of the state bank examiner's office. This is disclosed in the report of the bank examiner, just made, covering that period.

Deposits in the banks of the state at close of business June 30 totaled \$115,196,986, a gain since March 29 of \$1,192,705. Of these deposits \$11,925,734 were savings deposits, which increased during the same period \$842,985. Total resources of Oregon banks, \$142,418,734. Eight new banks were established in the state during the period covered by the report.

Oregon's two infantry regiments and ambulance company of the National Guard will go into camp at American Lake this month and participate in the usual joint field maneuvers with the regular army. August 8 is fixed as the date of departure, and the men will remain in camp ten days. Adjutant General Finzer has issued orders for the mobilization of his troops.

Coos Bay is going to improve its harbor and the channel from the ocean into the bay. Public docks and warehouses are to be built as well. For this purpose it is the intention to expend \$300,000. It is proposed to issue 20-year bonds bearing 5 per cent interest. Coos Bay people approve this project generally but the Commission of the Port has decided to leave the matter to a vote at the fall election. The plan contemplates a great improvement of the Coos Bay harbor.

Secretary Wilson of the Department of Agriculture has been in Oregon during the past week seeking information in regard to the settlement of lands included in the forest reserves of the state. He plans to have the reserves re-mapped and the boundaries established in an accurate way. It is said much land is included in the reserves that should not be, and when the new maps are completed 5,000,000 or 6,000,000 acres now in reserves in this state will be opened up for settlement.

Secretary Ballinger of the Department of the Interior is busy on a trip of inspection of the reclamation projects of the state and is becoming familiar with the workings of the service in Oregon. Among other things he will start preliminary surveys of Crater Lake National Park, looking toward its development along the lines of the better known national parks of the country.

MAY PROVE FATAL

When Will Jacksonville People Learn the Importance of It?

Backache is only a simple thing at first;

But when you know 'tis from the kidneys;

That serious kidney troubles follow;

That diabetes, Bright's disease may be the fatal end,

You will gladly profit by the following experience.

'Tis the statement of a Jacksonville citizen.

Mrs. H. M. Shaffer, living on East Main St., Jacksonville, Ore., says: "My kidneys have been disordered for some time but I paid little attention to it, thinking the symptoms would disappear. However, the trouble became worse, the secretions being irregular in action and my back and head ached constantly. I was in a miserable condition when I learned of Doan's Kidney Pills and procured a box at the City Drug Store. By the time I had used three boxes of this remedy in accordance with the directions I was entirely free from the trouble. Doan's Kidney Pills effected a complete cure, and I am glad to recommend this remedy to others."

Plenty more proof like this from Jacksonville people. Call at The City drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Remember the name--Doan's, and take no other.
