JACKSONVILLE, JACKSON COUNTY, OREGON, SEPTEMBER 3, 1910

NO. 18

## COMMERCIAL CLUB

### Will hold regular meeting September 8th.

A regular meeting of the Commercial Club will be held in the city hall Thursday evening, Sept. 8th, at 8 o'clock.

All members of the club and residents of the city are requested to attend. Several matters of vital importance to the welfare of our city will be discussed.

Come out and bring a friend or two with you.

### The Lash of a Fiend

Would have been about as welcome to A. Cooper of Oswego, N. Y., as a merciless lung-wracking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, lagrippe, asthma, hemorrhage, croup, whooping cough, or hayfever. It relieves quickly and never fails to satisfy. A trial convinces. 50c. \$1.00. Trial bottle free. Its positively guaranteed by City Drug Store.

### Mr. Kubli's Condition

Henry D. Kubli, who is lying very ill at the home of his mother in this city showed slight improvement last evening, but little hope for his recovery is entertained by the physicians. He suffered a paralytic stroke last June after an operation at San Francisco. When he went there the physicians found that he was affected with enlargement of the heart and not in condition for the operation. After some time he was thought to withstand it, which proved to be erroneous. He is a native of Jackson county and formerly its representative in the legislature.

### Notice.

The Regular meeting of Ruth Rebekah Lodge will be held Monday evening, Sept. 5. All members are requested to attend.

By order of Noble Grand.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by All Dealers.

## Notice to Pupils and Parents.

School will begin Monday, Sept. 5th. District No. 1, has an entire new corps of teachers and they ask the patrons for their co-operation and support in the school work.

It is desirable that pupils should begin on the first day of school, so as to get all of the work. This especially applies to pupils who contemplate taking High School work, as the law requires full thirty-six weeks attendance, if you are to get credit for a year's work.

In case of beginning, pupils parents should notify teacher of any defect in hearing, sight, etc. as with this information the child can be better cared for in school.

Respectfully;

WILLIAM M. STINE, Supt.

### Mr. Bellinger Serious.

The condition of M. Bellinger, who returned from Newport a few days ago quite ill, is regarded as serious. He is seventy-seven years of age but has been remarkable free from illness throughout his life. His present malady is heart trouble. Mr. Bellinger came to Jacksonville in the fifties and has resided in the valley constantly since then. He fought in the various Indian wars of southern Oregon. — Medford Sun.

Indomitable will and tremendous energy are never found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. Bell's New Life Pills, the matchless regulators, for keen brain and strong body. 25c at City Drug Store.

## PRIZE CUP

### Offered by Portland Commercial Club for best Oregon apples

The accompanying cup will become the property of some enterprising Oregon orchardist. It is offered by the Portland Commercial Club for the best ten boxes of apples grown in an Oregon orchard and exhibited at the National Apple Show, Spokane, November 14-19.

The cup is a handsome one, of solid silver, valued at \$100. It stands 13 inches high and will be a splendid trophy for the apple grower fortunate enough to secure it. There promises to be a number of entries in this division so the winning exhibit must need to be a good one.

## BESIDE HER HUSBAND

### Body of Mrs Simpson—Berry entered in Jacksonville Cemetery.

On Monday the body of Mrs. Mary Simpson-Berry who died at Prescott, Washington, about 13 years ago, was entered in the beautiful cemetery on the hill overlooking the Rogue valley and beside the body of her former husband, W. H. Simpson who died on Butte creek, this county about 20 years ago.

The remains were accompanied by Mrs. S. M. Baker of Walla Walla, a daughter of the deceased.

Mrs. Simpson will be remembered by many of the older residents of the valley having resided here more than 20 years ago and later lived on Butte Creek where Mr. Simpson died.

The family then moved to the state of Washington where Mrs. Simpson was united in marriage to J. H. Berry.

## PORTLAND LETTER.

### Forest fires sweep the Northwest—Livestock Fair Sept. 5—Good Roads Association urges amendment.

Portland, Ore., Aug. 30.—(Special)—What seems to be the severest forest fires known to the northwest for years, perhaps decades, are burning intermittently in both the fir and pine belts. Rough estimates being made are to the effect that perhaps more than 200 lives will be lost in the conflagrations, several million dollars worth of mills, logging camps, settlers improvements and villages will have been burned, and the aggregate value of timber lost is now beyond even reasonable estimate and will surely reach enormous totals. Gifford Pinchot, recent chief of the Forestry Department in the Federal service, in an interview at Washington, declared that such disasters are entirely preventable when Congress makes sufficient appropriation and the States look after private holdings. His plan is through patrol, complete telephone connections, and the putting of men at work upon every blaze discovered in its incipency. As a result of this year's appalling losses, there is sure to be determined effort to protect and save the timber supply in the future.

September 5th the great Portland Fair & Livestock Exposition will open and continue until the 10th, inclusive. An elaborate program of races, livestock exhibits, music, vaudeville amusements and industrial events has been prepared by the management. This will be the greatest fair of its kind yet held in this city, as a large number of blooded animals recently imported, and the best known of the old stock, will be found. A great poultry show will be conducted on the grounds. Trained animals will perform daily and the races will bring out some of the fast Northwest stock.

At the regular meeting of the Good Roads Association held here last Tuesday, a number of prominent speakers urged with all their power adoption of the amendment next November which will permit counties to bond themselves for heavy wagon road construction. Until such provision is enacted, the Good Roads people feel that progress is handicapped, but if such a measure is enacted by the people, they are confident many Oregon counties will at once begin heavy work.

The Lincoln County Fair is to open at Toledo, September 6, and continue until the 9th.

The Linn County Fair opens at Seio Tuesday, Aug. 30. In cash prizes there will be \$1,000 hung up.

The spring salmon season closed Aug. 25 with a good catch which will yield to the workmen of the lower Columbia \$1,172,412. The pack is estimated at 205,000 full size cases.

Hood River has sold its first 4 carloads of Gravenstein apples this year at \$1.50 a box f.o.b. Hood River, which is the highest price secured for this apple in its earliest deliveries.

### It Saved His Leg

"All thought I'd lose my leg" writes J. A. Swensen, of Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it, sound and well." Infallible for skin eruptions, eczema, salt rheum, boils, fever sores, burns, scalds, cuts and piles. 25c at City Drug Store.

## WANT BUILDING

### In which to store relics of the early days.

At a meeting of the Native Daughters and Pioneers held at Miss Issie McCulley's, Theodore Cameron was elected president; C. C. Beekman, vice president; and William Coleman, secretary pro tempore, to fill the vacancy caused by the death of secretary S. J. Day. The Native Daughters of Jane McCulley Cabin of Jacksonville will give the dinner to the pioneers at their reunion which will take place Sept. 22.

The program is not completed for the day, but will be a good one and will be announced later. As this is the oldest pioneer town in the valley, no pains will be spared to make the day an enjoyable one in every way for the pioneers and their families. It is hoped that the Native Daughters and Sons will secure a suitable room soon, wherein the many relics of pioneer days may be placed on exhibition. This city is rich in relics and it is time that something was done to preserve them. Since the log cabin was the first home of the pioneers, why not erect a nice log cabin for exhibition purposes, with the fireplace, and coon skin on the door. There is more than enough pioneer furniture furniture in town to fit it up in true pioneer style.

## NATURE TELLS YOU

### As Many a Jacksonville Reader Knows too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills. Doan's Kidney Pills cure all kidney ills.

James Powell, living at 124 Iowa St. Ashland, Ore., says: "For twenty years I was afflicted with kidney complaint. The kidneys secretions were too frequent in action and the pains in my back were so severe that I could hardly endure the misery. There were pains through my joints and my general health was in a much run down condition. I finally procured Doan's Kidney Pills after other remedies had failed to help me and began taking them as directed. They quickly banished the troubles and in a short time my health returned. I am now in my ninetieth year and my health is fine. I unhesitatingly recommend Doan's Kidney Pills to others."

Plenty more proof like this from Jacksonville people. Call at The City Drug Store and ask what customers report.

## To the Lover of Good Coffee

We wish to advise you that we have installed in our store a new Royal Electric Coffee Mill, which is being placed on the market by The A. J. Deer Co., of Hornell, N. Y. This machine is equipped with steel knives which cut the berry into uniform clean cut particles, instead of grinding and crushing it, as by the old method.

All Coffee Mills heretofore used will only crush the berry, mutilating the minute oil cells, allowing the Coffee Oil to evaporate, thus impairing the strength and flavor.

By this new process the little oil cells remain unbroken, the essential oil (food product), can not evaporate and the coffee thus retains its fine, rich, aromatic flavor in its full strength.

This is one reason why a pound of coffee cut in this mill will make from twelve to fifteen cups more of full strength coffee than will any coffee ground the old way. The Lover of Good Coffee finds here a richness of flavor never found in Coffee ground in the ordinary way at any price.

Another feature about this Mill is that you may have your Coffee cut as fine as the finest sand and it will still be practically free from that fine dust which is produced by the old method of grinding. You will, therefore, always have a clear cup of coffee instead of a muddy effect—a result of using the old style Mills.

Royal Cut Coffee is also adaptable for percolators or French Drip Coffee Pots.

Try a pound of our coffee cut on a Royal Mill and we know you will be pleased with the results.

Yours truly,

Ulrich Brothers
