VOL. IV.

JACKSONVILLE, JACKSON COUNTY, OREGON, SEPTEMBER 17, 1910

NO. 20

## PORTLAND LETTER.

### Army Engineers Inspect The Oregon Reclamation Work.

Portland, Or., Sept. 13, (Special).—Members of the Board of Army Engineers have inspected the Umatilla irrigation project during the past week and upon their report depends Oregon's chance of sharing in the \$20,000,000 bond issue proposed for the completion of reclamation projects already under way. The inspectors declined to make any statement but it is regarded as certain that their report will be favorable.

They went carefully over the district and saw thriving orchards, alfalfa fields from which three crops have been cut, and gardens filled with fine vegetables. Reclamation Service officials told the engineers that conditions on the proposed extension of the project are more favorable than those on the district where reclamation work has already proved so successful. The extension of the project will irrigate 60,000 acres additional.

The Oregon & Western Colonization Company, which recently acquired the big Cascade wagon road grant and will open up 800,000 acres to settlement, has appointed L. Marvin, formerly state land agent for Idaho, manager of the property, and the lands are now being appraised preparatory to opening them up for settlement. The possibilities of irrigation on the lands are being considered by the owners.

Improvements going forward in Eugene and Medford are summarized and brought to the notice of people interested in these communities through the local papers by Managers Freeman and Malboeuf of the commercial clubs of these two thriving cities. The plan is an excellent one and serves as an eye-opener to people at home who do not realize the extent of local betterments until the matter is called to their attention.

Bend is going to get valuable advertising in the East by making a complete exhibit in the Oregon car to be shown by the Hill interests. A splendid collection of products grown around Bend will be included in the exhibit, which will be an object lesson in what Oregon farms can grow. It is certain to get good results. Every Oregon town should have a like showing.

Beautification of railroad stations in Oregon is planned by the Harriman lines and W. C. Chace has been appointed official landscape architect.

Eugene was the first city in the state to adopt modern landscaping ideas for its depot grounds and others will follow suit.

Portland's Harvest Festival, which was the big feature of the past week in Portland, was the most successful such event in the history of the city. The crowds were the biggest ever attending any similar affair in the state, with the exception of the livestock show at the Lewis and Clark Fair. The stock was of a very high class and the races were run for the biggest purses ever offered in the Northwest. The support given the Fair was gratifying and plans are being outlined.

## TEACHERS INSTITUTE

### Of Jackson and Josephine Counties will be held Oct. 12-14

The annual joint teacher's institute for Jackson and Josephine Counties will be held at Grants Pass, October 12, 13, and 14. There are about two hundred and fifty teachers in the two counties, and as they are required by law to attend the institute a good attendance is assured.

The corps of instructors will include some of the foremost educators of the state, and the superintendents of the two counties are planning to make this meeting one of the best institutes ever held in Southern Oregon. Program will be announced later.

The Oregon & Western Colonization Company, which recently acquired the big Cascade wagon road grant and will open up 800,000 acres to settlement, has appointed L. Marvin, formerly state land agent for Idaho, manager of the property, and the lands are now being appraised preparatory to opening them up for settlement. The possibilities of irrigation on the lands are being considered by the owners.

Improvements going forward in Eugene and Medford are summarized and brought to the notice of people interested in these communities through the local papers by Managers Freeman and Malboeuf of the commercial clubs of these two thriving cities. The plan is an excellent one and serves as an eye-opener to people at home who do not realize the extent of local betterments until the matter is called to their attention.

Bend is going to get valuable advertising in the East by making a complete exhibit in the Oregon car to be shown by the Hill interests. A splendid collection of products grown around Bend will be included in the exhibit, which will be an object lesson in what Oregon farms can grow. It is certain to get good results. Every Oregon town should have a like showing.

Beautification of railroad stations in Oregon is planned by the Harriman lines and W. C. Chace has been appointed official landscape architect.

## KUBLI FUNERAL

### Held at this city Saturday afternoon under auspices of Elks

The funeral services of the late Henry D. Kubli were held in this city Saturday afternoon at two o'clock and were conducted by the Elks Lodge of Ashland, of which the deceased was a member.

The funeral was attended largely, many persons being present from different parts of the county, mutely attesting by their presence their regard for the deceased.

Mr. Kubli was a native son of Oregon and one of her substantial citizens; at one time he represented Jackson county in the legislature. He was a public spirited citizen ready at all times to forward any movement for the public welfare. He will be greatly missed.

## County High School Fund.

The 1910 session of the Oregon Legislature enacted a law, providing that when petitioned by ten per cent or more of the legal school voters of any county, the county court shall submit to the legal voters of the county at the next general election, the question of creating a county high school fund. If the measure carries the county court shall proceed to make estimates and levy a tax upon all the

assessable property of the county sufficient to meet the requirements. The fund thus created is apportioned to all school districts in the county, that shall maintain high schools up to standard fixed by the State Board of Education, on the basis of the average daily attendance in the high school. \$40.00 per pupil is apportioned for the first 20 pupils, average daily attendance, \$30.00 per pupil for the second 20, and \$12.50 per pupil for the remaining number.

In accordance with a resolution passed by the School Board Convention of Jackson county, held at Central Point last November, the following committee has been appointed to devise ways and means of submitting this question to the voters of Jackson county at the November, 1910, election: Dr. R. C. Kelsey, Gold Hill, Chairman, C. P. Briggs, Butte Falls, Welborn Beeson, Talent, B. F. Mulkey, Jacksonville, F. A. Hawk, Central Point, J. H. Cochran, Medford, and G. G. Eubanks, Ashland. This committee met at the call of the Chairman in Medford, July 20, and decided to name a sub-committee in each school district in the county, to whom blank petitions should be sent with the request that they be circulated for signatures of legal school voters, and returned to Dr. Kelsey at Gold Hill. About 60 signatures are required but considerable more than that number should be secured.

## Arguments in Favor of the County High School Fund.

Every school district which at present maintains a high school will be benefited, because it places behind every high school in the county, all the vast undeveloped resources of the county, and relieves the heavy burden of special tax, under which they are at present maintained.

Every small town which is maintaining grades above the eighth or struggling to establish a high school will be benefited. An average daily attendance of ten pupils in the high school, means \$400.00 per year for the school. A high school of 20 pupils and one teacher is self supporting.

Any number of districts in thickly settled rural sections may unite for high school purposes and draw upon this fund.

Every high school in the county will be free to every pupil in the county who holds an eighth grade diploma.

The law will be a great incentive for the establishment of high schools in our small towns and rural sections, and a general uplift to the educational system of the county.

The standard fixed by the State Board of Education enables the small school of two or three rooms to meet the requirements.

This plan has been tried out in Lane and Linn counties and has proven very satisfactory.

## Blood Poison

Is prevented by applying Dr. Bell's Anti-Pain to cuts, scratches and bruises. It destroys all septic matter enables the wound to heal without soreness. Be sure to get Dr. Bell's. Sold by City Drug Store.

## Democratic Times, 1881.

Following are a few items taken from the Democratic Times printed Sept. 9, 1881.

Prof. Merritt and Robt. Kahler who have been out on a cruise through Lake Co. returned home this week well pleased with their experience.

Jas. Solomon returned from San Francisco last week, where he laid in a fine stock of goods for this market.

Max Muller left for Roseburg yesterday where he will superintend the shipment of a lot of government stores to Redding. He will return Sunday.

## BORN

KING-On Forest Creek, Sept. 7, to Mr. and Mrs. David King a daughter.

HELMS-In this city Sept. 4, to Mr. and Mrs. Herman Helms, a son, weight 11 lbs.

Accompanying the above notice came a robust bottle of champagne, which was quaffed to the health of the youngster. Long may he live and prosper.

## Best Treatment for a Burn

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands sore nipples and diseases of the skin. Price, 25 cents. For sale by All Dealers.

## SHOOTING AT WOODVILLE

### Man mistaken for a deer shot, instantly killed.

R. McLean, a merchant of Woodville, shot and instantly killed George Magerle, about noon Wednesday, in the hills near Woodville.

The men were hunting deer at the time and having separated McLean saw his companion at a distance, thinking he was a deer fired at him, the bullet striking the victim in the back of the head, causing instant death.

Mr. Magerle was aged about 45 years and leaves a family.

## Buncom Reports.

Correspondence to the Post.

We were visited with a nice shower of rain last Monday evening which laid the dust and was quite welcome to all.

Ed Saltmarsh was in the city Tuesday.

A. S. Kleinhammer has returned from a visit at San Francisco.

Renis Combest made a trip to Jacksonville the forepart of the week.

Mrs. Sarah Cantrill of Jacksonville has moved to her old place on Apple-gate.

Mrs. J. Goldsby and family spent several days in Jacksonville recently.

Miss G. Webb of Tolo will commence a fall term of school the 19 at the Uniontown school house.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by All Dealers.

## OPENING OF CANAL

### PACIFIC OCEAN EVENT.

It is fitting that the Western States should support San Francisco's claims as the proper site for holding a celebration in honor of the opening of the Panama Canal. San Francisco is the great seaport of Pacific-America, the avenue of commerce over the vast Pacific Ocean, and the recognized terminal of the Panama Isthmian route from the Atlantic to the Pacific. Putting aside the relative value of the Panama Canal to any one part of the world, as it is sure to prove of nearly equal value to all, the real consideration lies in the fact that nearly one-half of the human race live in countries bordering on the Pacific Ocean, and the opening of this new door to the Pacific and front door to the world, is distinctly a Pacific Ocean event. Said William H. Seward in 1852, before there was a railway or telegraph on any Pacific Seaboard or a line of steamships or any regular commerce with the Orient—while Alaska was yet an unknown frozen land, and Japan and China, save for a few ports forced open to commerce, sealed and entrance and wrapped in barbaric conceit, and Australia was still the land of the black bushman: "Henceforth European commerce, European politics, European thought and European activity, although actually gaining force and European connections, although actually becoming more intimate, will nevertheless relatively sink in importance—while the Pacific Ocean—its shores, its islands, and the vast region beyond—will become the chief theater of events in the world's hereafter."

The new resourceful, virile West, facing the Pacific Ocean, is the most vital portion of the world today, attracting by its resources and wonderful opportunities the energies that stand for progress.

## Catarrah Cannot be Cured

with Local Applications, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrah. Send for testimonials free.

F. J. CHENEY & CO., Props., Toledo, Ohio.

Sold by Druggists, price 75 cents. Take Hall's Family Pills for constipation

## LODGED IN JAIL

### By Chief Shearer of Medford Charged with grand larceny

Chief Shearer arrested Charles Daly, alias Harry O'Neal, in this city Sunday afternoon at the request of the sheriff of Chehalis county, Washington, received earlier in the day. The charge against Daly is grand larceny, made by his wife, with whom he has had trouble. The sum alleged to have been stolen is \$200.

Daly has been in Medford several weeks, working as bartender in the Oaks and Office saloons. While in Medford the police have had no trouble with Daly, and the arrested man has friends here who believe that the charge is simply the outcome of a family squabble and without foundation.

Chief Shearer has taken the accused man to the county jail at Jacksonville and has telegraphed the sheriff at Montesano, Wash., of his apprehension. —Mail Tribune.

## PIONEERS' REUNION

### In this city, Thursday, September 22.

The following program of exercises has been arranged for the Pioneers' Reunion to be held in this city Sept. 22.

5. Reading Memorials.
6. Cornet Solo "O Morning Land."
7. Reading Memorials.
8. Song "Memory Bells."
9. Oration by W. H. Johnson.
10. Pioneer Song.

## M. F. EGGLESTON

Candidate for Representative from Jackson County before the Republican Primary.

Favors direct primary law and progressive policies which may aid in upbuilding Oregon. No interests to serve save those of the people at large. (Paid Advertisement.)

## NEEDFUL KNOWLEDGE

### Jacksonville People should learn to detect the approach of

#### Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's Disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Jacksonville proof:

Mrs. M. H. Roundtree, living on the North side, Jacksonville, Ore., says: "Backache and dizzy spells, made life a burden to me for a long time. I suffered so severely from dull pains in my back and hips that I could hardly get around. I was tired and worn out and had no ambition to attend to my ordinary household duties. If I attempted to stoop sharp twinges would dart through my back and I would also suffer from dizziness. I used many remedies but obtained no relief until I procured Doan's Kidney Pills, on the advice of a friend, at the City Drug Store. The results obtained from using this remedy were better than I had hoped for. I improved from the time I began using Doan's Kidney Pills and when I had used three boxes I was completely cured. I cannot say too much in praise of Doan's Kidney Pills."

Plenty more proof like this from Jacksonville people. Call at The City Drug Store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States. Remember the name—Doan's, and take no other.

## Notice to the Public

We have this day sold all our right, title and interest in and to that branch of our business located at Jacksonville, Oregon, heretofore known as the "Jacksonville Office" of the Farmers & Fruitgrowers Bank, to a corporation organized under the laws of the State of Oregon, and entitled "The Bank of Jacksonville."

The said Bank of Jacksonville is authorized to collect all accounts due said Jacksonville Office and to pay all bills owing by the same. Dated at Medford, Oregon, Sept. 6, 1910.

## FARMERS & FRUITGROWERS BANK.

We desire to embrace the present opportunity of thanking our friends, the people of Jacksonville and vicinity, for the patronage accorded us during the time we were in business in your city, and respectfully suggest that you extend the same patronage to the new institution, as we believe that it will prove profitable and mutually satisfactory.

The new bank will be practically under the same management as the Jacksonville Office; Mr. Benj. M. Collins having successfully conducted the business for us, we believe that he will be as successful in the future as in the past and that your business will be perfectly safe in his hands. Very truly yours,

## FARMERS & FRUITGROWERS BANK.

## To the Lover of Good Coffee

We wish to advise you that we have installed in our store a new Royal Electric Coffee Mill, which is being placed on the market by The A. J. Deer Co., of Hornell, N. Y. This machine is equipped with steel knives which cut the berry into uniform clean cut particles, instead of grinding and crushing it, as by the old method.

All Coffee Mills heretofore used will only crush the berry, mutilating the minute oil cells, allowing the Coffee Oil to evaporate, thus impairing the strength and flavor.

By this new process the little oil cells remain unbroken, the essential oil (food product), can not evaporate and the coffee thus retains its fine, rich, aromatic flavor in its full strength.

This is one reason why a pound of coffee cut in this mill will make from twelve to fifteen cups more of full strength coffee than will any coffee ground the old way. The Lover of Good Coffee finds here a richness of flavor never found in Coffee ground in the ordinary way at any price.

Another feature about this Mill is that you may have your Coffee cut as fine as the finest sand and it will still be practically free from that fine dust which is produced by the old method of grinding. You will, therefore, always have a clear cup of coffee instead of a muddy effect—a result of using the old style Mills.

Royal Cut Coffee is also adaptable for percolators or French Drip Coffee Pots.

Try a pound of our coffee cut on a Royal Mill and we know you will be pleased with the results.

Yours truly,  
**Ulrich Brothers**
