

Jacksonville Post

VOL. IV.

JACKSONVILLE, JACKSON COUNTY, OREGON, OCTOBER 15, 1910

NO. 24

TO-NIGHT

At U. S. Hall, speech by Hon.
David S. Rose.

Ex-Mayor David S. Rose, of Milwaukee, Wisconsin, an orator of great renown, and one whose services are in demand from coast to coast, will speak in this city at the United States Hall, on Saturday October 15th, taking as his topic "The Fallacies of Prohibition". Mr. Rose presents an argument that every prohibitionist and church member should hear. He is thoroughly conversant with all of the phases of the liquor problem; a speaker who is clear in his reasoning and one who will at all times, make a favorable and indelible impression upon his audience. Mr. Rose will dwell upon the advantages in the passage of Initiative Bill No. 328, which gives to every city and town the exclusive power to license, regulate, control, or to suppress or prohibit, the sale of intoxicating liquors within a municipality, and which also embodies the present local option law.

Senator Bourne Buys Pears

Following the course he has pursued for the past three years, Jonathan Bourne, Jr., senator from Oregon, has again ordered Comice pears from the Rogue river valley for distribution among the senators and diplomatic corps in Washington, D. C.

Senator Bourne has doubled his order this year requesting C. E. Whistler, manager of the Bear Creek orchards, to forward him 125 boxes of his choicest fruit, where as last year he ordered but 60 boxes.

The senator has followed this course for some time and has greatly advertised the valley by so distributing the fruit, which holds all records for prices paid for fancy pears.

Buncom Reports.

Correspondence to the Post.

We had a beautiful rain the forepart of the week which made the hunters laugh.

A fine bear was caught on Bishop Creek last Sunday morning which was a great sideshow for the many that saw him.

Miles Cantrall was in Jacksonville on business Tuesday.

Tyne Combest and Felix Cimboriski were in town Monday and Tuesday.

Mrs. W. R. Garrett was visiting her

daughter Mrs. Al. Loomus in Medford Saturday and Sunday.

Miles Cantrall was up to the Swayne ranch a few days ago.

We are sorry to report that Mrs. Z. Cameron who is taking medical treatment at Medford is no better at this writing.

Mrs. Mollie Kleinhammer was visiting at Buncom Tuesday.

Your correspondent fails to get news in the paper every week but it is surely interesting when it is there.

SUES BUFFALO BILL

Damages sought for hurts inflicted by rampant buffalo.

Redding, California, October 7.—Buffalo Bill was made defendant today in a \$2,500 damage suit brought here by Mrs. Augusta Dorn, who claims that sum because one of the buffalo being driven from the show ground to the train here on September 26, tossed her on its horns.

She was running a street lunch counter, when the herd stampeded as it passed her place. She threw a cup of coffee in the buffalo's face. That was the best she could do.

Mrs. Dorn declares that she has been in bed since, as a result of the wounds inflicted on her hip and abdomen. Two physicians have attended her and a surgical operation has had to be performed. The papers will be served on Buffalo Bill in San Francisco tomorrow.

Railway Death Toll.

The railroad commission has issued a summary of accidents on the lines in Oregon for the three months ending August 31, due to collisions, derailments and other causes. A total of 79 passengers were injured and 13 passengers and employees killed.

The number of passengers injured in three months is greater than shown in any report made by the commission for the same period heretofore.—Ex.

Why People Cough

is a mystery when Dr. Bell's Pine-Tar-Honey will cure any cough. Look for the bell on the bottle. It marks the genuine. Sold every where.

Wanted—Fresh milk cow, one that will give not less than 4 gallons. Address J. M. Schmidt, Box 705, Medford, Oregon.

BONDS SOLD

Good price paid for water-works bonds by Chicago firm.

The city council sold the entire issue of \$30,000. worth of water bonds to Ulen. Sutherland Co. of Chicago, Tuesday.

The following were the bids received: John Nuveen & Co. Chicago, bid par less \$275. for expense of preparing bonds.

S. A. Kean & Co. Chicago, bid par and offered a premium of \$180.

Farnson & Co. Chicago, bid par, the city to pay accrued interest from Oct. 1st. to date of delivery.

J. M. Wright & Co. of Denver, bid par less \$930.

Ulen, Sutherland & Co. Chicago, bid par and a premium of \$307.

The council met Tuesday opened the bids and accepted the offer of Ulen, Sutherland & Co. The bonds will be issued soon as possible and the money used for the construction of the new water system.

County S. S. Convention

The annual Jackson County Sunday School Convention has been called to meet at Central Point, on Tuesday and Wednesday, the 13th and 14th insts. Announcements of the same, including the program will be sent out shortly by Rev. P. S. Smith of Ashland the secretary.

Important Appointments

President Taft considers the appointment of the justices of the Supreme Court as the most important duty that is now confronting his administration. The discussion of the available candidates recently was only a beginning of the suggestions along the same line which the president will invite during the three days' cabinet session. The president himself is approaching the Supreme Court appointments with an entirely open mind. He will express his own opinion to the cabinet, and will in turn take theirs under consideration. In the last analysis, however, the president will rely absolutely upon his own opinion in the matter of these appointments.—Ex.

Call at the Boss, for some of that delicious candy.

PORTLAND LETTER.

Oregon farms will turn off wealth valued at \$115,000,000.

Portland, Ore., Oct. 11, (Special)—Oregon's agricultural products this year will amount to no less than \$115,000,000, according to the estimate of Dr. James Withycombe, director of the Government experiment station at Corvallis. Add to this figure the many millions derived from its timber manufactures, mining and commerce, and it is not surprising that Oregon is such a prosperous state.

The Milton-Freewater district is turning off a fruit crop that will reach a total value of \$300,000. This is more than that section has ever before produced. Not only were crops of all fruits heavy but the quality was high and the prices secured were excellent.

An energetic campaign will be carried on throughout the Northwest for more hog raisers. Following a conference at Spokane during the past week, it was decided to get the railroads, the agricultural colleges and the newspapers to work in co-operation to arouse interest among the farmers. An information bureau on the hog question will be maintained by the Portland Union Stockyards company and a systematic effort made to turn the attention of the farm population toward this profitable industry.

President Louis Hill of the Great Northern, accompanied by a party of prominent business men of Minnesota, have toured the Northwest during the past week and investigated business conditions. They were entertained in Portland by the Commercial Club. At a dinner given them they expressed the opinion that no section of the country can show the prosperous conditions found in the Pacific Northwest states.

Sumpter will hold a mining congress October 20 and 21 that will attract attention from mining men from all districts of the state as well as many from nearby states. There is considerable revival of mining in the Sumpter district particularly and on this account there is a great deal of interest in the coming gathering.

The increase in livestock production throughout the Northwest following the establishment of a big market at Portland is shown in receipts at the local packing plants. One day last week receipts at the stockyards were over 4000 head. These animals were shipped from various localities in Oregon, Washington, Idaho and Montana and such deliveries show that the money formerly going East for large shipments of livestock is being kept here at home.

Notice of Convention

Office of County School Superintendent, Jacksonville, Oregon, Oct. 6, 1910. To the School Officers of Jackson County, Oregon,

Gentlemen:—

In accordance with the provisions of section 62, page 30, Oregon School Laws, 1909 edition, I hereby call a convention of the school boards of Jackson county, Oregon, to meet in Medford, Monday, October 17th, commencing at 10 o'clock, a. m. The meeting will be held in the City Hall, one block north of the Nash Hotel, one Front Street.

The law makes the chairman of each school board the legal delegate to this convention, and provides that if he is not able to attend, he shall appoint some member of the school board or the school clerk to represent the district. Each delegate who attends the convention during the entire session will be given a certificate of attendance which will entitle him to receive the amount of \$2.00 from the general fund of the county to defray his expenses. I earnestly desire that not only one member of each school board in the county attend this meeting, but that as many school officers as possible, and others interested in the cause of education, be present. Now, the \$2.00 allowed by the county for each district will, in many instances, not meet the actual expenses of even one delegate, hence I would suggest that school boards allow from the district funds, an additional amount, not to exceed \$5.00, from the funds of the district, to cover the actual expenses of those attending the convention.

There will be no set program, but subjects of vital importance to the schools of the county will be discussed. If you are especially interested in any

subject, you will have an opportunity to call it up at the meeting, if time permits. Come prepared to make suggestions and ask questions. The purpose of the meeting is a free for all discussion of the problems that confront school boards.

L. R. Alderman of the department of education, of the University of Oregon will be present and address the convention, and will take part in the discussions. Mr. Alderman is thoroughly familiar with all phases of school work in Oregon, and has made an especial study of the rural schools. He will be able to give much assistance in the convention.

The question of creating a county high school fund for Jackson county will be submitted to the qualified electors at the November election, and will be a topic for discussion at this meeting. Other topics suggested for discussion are as follows:

- 1—Purchase of school supplies—How and what to purchase.
- 2—School house building.
- (a) The negotiable interest bearing warrant plan of raising funds.
- (2) School house plans and specifications.
- 3—Employment of teachers and teachers' salaries.
- 4—Normal Schools and training of teachers.
- 5—Rural school supervision.
- 6—School sanitation.

Other topics may be suggested at the meeting.

Yours truly,
J. Percy Wells,
County School Sup't.

PROSPEROUS OREGON

A few items regarding products, etc. of the state.

The apple crop of Oregon for 1910 is estimated to be 1600 carloads or approximately 1,000,000 boxes. The value of the crop is \$2,000,000. Oregon has 93 per cent of a full crop.

Oregon orchards yielded prunes this year estimated at 15,000,000 pounds. Quantity and quality are superior to the 1909 crop. Prunes will bring the state about \$1,250,000 this season.

The peach crop has been the largest in the history of the state. Grapes of the Rogue River Valley, the Willamette Valley, The Dalles and Eastern Oregon are excellent quality and appearance, while the yield is large.

The largest fruit and vegetable evaporator in the United States is located at Dayton, Yamhill County.

The Willamette Valley produced 100,000 bales of first grade hops this season, as compared with a yield of 82,000 bales last season.

During the past five years, statistics show that Oregon has increased 60 per cent in manufacturing.

It is expected that 20,000 wool-growers will visit Portland during January next, when the National association of Wool Growers will hold its annual convention in that city.

Oregon's public lands comprise 18,225,694 acres. Eastern Oregon has 500,000 acres of school lands. Because of attractive colonist rates in effect this fall, the immigration to Oregon has been greater than ever before in like period.

The total value of agricultural products of the state for the current season is given at \$115,000,000.

Oregon harvested 17,000,000 bushels of wheat this season, 11,000,000 bushels of oats, 6,000,000 bushels of potatoes, 2,000,000 pounds of wool and 100,000 bales of hops.

PRIZE OFFERED

For best design for trade-mark for the Panama-Pacific Exposition.

A prize of \$1,000 is offered for the best and most practical design for a trademark for the Panama-Pacific exposition. The words, "Panama-Pacific International Exposition, San Francisco, 1915," must be included and the design submitted must be finished in detail with the color scheme attached. Competition will close Oct. 15th and the name of the winner of the contest will be announced a few days later.

The design will be used as a seal to be placed on all official documents as part of official posters, or all stationery and all other literature or documents that we may desire to make official.

ROBERT LEONARD DECEASED

Death of Well Known Resident of Ashland for Many Years.

After a prolonged illness, due to heart trouble and complications, Robert Leonard passed away in this city, October 16th, in his 66th year. Mr. Leonard has resided in Ashland for twenty years or more and was well known.

The funeral services were held from Stock's undertaking parlors, last Saturday afternoon, conducted by Rev. MacHenry. A quartette composed of Messrs. Lager and Brown, and the Misses Abbott and Lager, rendered appropriate selections. Interment was in Mountain View Cemetery. The deceased leaves a wife and a young daughter.—Tidings.

SANITARY BARN

New Course at Oregon Agricultural College will teach boys to build right.

Corvallis, Ore., Oct. 14—How to plan and build dairy barns that are both sanitary and convenient will be taught this year at the Oregon Agricultural College in a course in farm structures just introduced.

The students will learn how to design their own houses, barns, granaries, silos, and other farm buildings; where to place them; how they should be constructed; and the cost of both materials and construction. An unusual feature of the instruction will be that which will aid students to draw plans in class for buildings, solving special problems of their own home farms, such as barns on hill-sides or on low ground.

The various uses of concrete on the farm, with practical laboratory work in the making of concrete floors, walks and fence posts will also form a part of the students' instruction.

Problems in fencing, including the relative merit and cost of various sorts of materials and different designs will be an interesting part of the course, which will include as well a comparison of the efficiency of good and bad roads, and the methods of construction and maintenance of good roads in rural districts.

Card of Thanks

We desire to express our sincere and heartfelt thanks to the friends and neighbors of Jacksonville for their sympathy and many acts of kindness during our recent bereavement.

T. B. McClelland
and family.

MINERS NOTICE—Notice of Location both Quartz and Placer, for sale at this office, JACKSONVILLE POST.

HOUSEHOLD CARES

Tax the Women of Jacksonville the same as Elsewhere

Hard to attend to household duties. With a constantly aching back. A woman should not have a bad back. And she wouldn't if the kidneys were well.

Doan's Kidney Pills make well kidneys. Mrs. J. H. Baussum, living Cor. Twelfth & C. Sts. Medford, Ore., says: "I suffered so severely from kidney trouble that I was unable to do my housework. My kidneys were very irregular in action. My back pained me severely when stooping or lifting and sharp twinges would shoot through my loins. I ran down in health and at times felt very miserable. Doan's Kidney Pills were finally brought to my attention, and I procured a box. They helped me from the first, I continued taking them and was entirely cured. I have often recommended Doan's Kidney Pills to other sufferers."

Plenty more proof like this from Jacksonville people. Call at The City Drug Store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States. Remember the name—Doan's, and take no other.

To the Lover of Good Coffee

We wish to advise you that we have installed in our store a new Royal Electric Coffee Mill, which is being placed on the market by The A. J. Deer Co., of Hornell, N. Y. This machine is equipped with steel knives which cut the berry into uniform clean cut particles, instead of grinding and crushing it, as by the old method.

All Coffee Mills heretofore used will only crush the berry, mutilating the minute oil cells, allowing the Coffee Oil to evaporate, thus impairing the strength and flavor.

By this new process the little oil cells remain unbroken, the essential oil (food product), can not evaporate and the coffee thus retains its fine, rich, aromatic flavor in its full strength.

This is one reason why a pound of coffee cut in this mill will make from twelve to fifteen cups more of full strength coffee than will any coffee ground the old way. The Lover of Good Coffee finds here a richness of flavor never found in Coffee ground in the ordinary way at any price.

Another feature about this Mill is that you may have your Coffee cut as fine as the finest sand and it will still be practically free from that fine dust which is produced by the old method of grinding. You will, therefore, always have a clear cup of coffee instead of a muddy effect—a result of using the old style Mills.

Royal Cut Coffee is also adaptable for percolators or French Drip Coffee Pots.

Try a pound of our coffee cut on a Royal Mill and we know you will be pleased with the results.

Yours truly,

Ulrich Brothers
