THE TELEPHONE AT CHRISTMAS.

THERE is no need for you to be worn out by holiday preparations if you make good use of your telephone.

The Bell telephone companies have found that just before Christmas the number of daily connections is the highest for the year. The telephone has become a necessity of the holiday season, because without it most people would not have time to do what they have planned.

Christmas cheer extends beyond the city limits, and the universal Bell System helps to carry it throughout the land.
