:-: JACKSONVILLE POST :-:

Official Paper of the City of Jacksonville, Oregon

A weekly newspaper published every Saturday at the county seat of Jackson County, Oregon. D. W. BAGSHAW, Editor.

Entered as second-class matter June 22, 1907, at the post office at Jacksonville, Oregon, under Act of Congress of March 3, 1879.

SATURDAY, JUNE 3, 1911

SUBSCRIPTION: One year by mail \$1.50. Advertising rates furnished on application.

Would it not be well to inaugurate a general clean-up movement in Jacksonville? We believe a little effort judiciously applied, would result in vast improvement. Jacksonville is universally known as one of the oldest and most historical cities in Oregon; with its natural advantages very little effort would be required to make it one of the most beautiful as well. The removal of a few dilapidated buildings and the application of a little paint where needed, would mean a great improvement in the appearance of our city. Try it and see.

Grants Pass Youths Arrested.

The arrest of three boys and their subsequent confession of house robbery has caused a wide sensation at Grants Pass. The boys, Lloyd and Frank Parker and Merle Mock, sons of prominent families, admit entering the home of E. B. McKee Sunday night, May 21, while the family was at church, and stealing \$100. The boys first blamed a drummer, who was arrested and brought to town, but later entangled themselves and confessed.—Journal.

Grand Opening

Luy & Keegan will entertain their friends at a grand opening of their new saloon, Wednesday, June 7. Lunch will be served from 9 P. M. Everbody cordially invited.
The Reception Saloon.

Orchard and Garden

"Glad birds to June sweet carols raise,
While garden-voices sing her praise."
Keep the fruit of strawberries cool until the time to use or market them. Never pick berries for market when they are wet.
Beware of "red rust" in blackberry or blackcap bushes. When seen promptly dig up and burn the infected plant, being careful not to scatter the fungous dust over healthy bushes.
Muzzle the horses when plowing or cultivating the orchard. Yes, and pad the whiffletrees. These precautions will prevent much damage to trees. Another hint: Pad the outer edges of the harrow.
No grain or grass crops in the young orchard, please; cultivation is best. Stir the soil every two weeks until August. It is a good plan to throw two or three forkfuls of manure around each tree, after a rain.
Watch for the little slugs—darkish, slimy fellows—that are likely to be on pear or cherry leaves now. Fine, dry dust, if thrown in the trees, will kill every slug it covers. Or almost any of the regulation orchard sprays will exterminate this pest.

FOR HUMAN OR ANIMAL FLESH

A remedy that is equally efficacious in healing the wounds, sores, sprains or other ailments of the flesh of man or beast.

BALLARD'S SNOW LINIMENT

A healing remedy to effectively meet the needs of animal flesh need not be a harsh, strong mixture, too drastic for the human body; Ballard's Snow Liniment is proof of this. It ranks with the best of the flesh healing remedies designed for man; and it is equally as prompt in curing the wounds and flesh diseases common among animals. Owners of blooded horses prefer it to any other liniment because it leaves no disfiguring scars in any of the minor accidents or ailments. It heals by a mild power to which the flesh of horses responds readily.
It is of great value in healing harness galls, barbed wire cuts, wounds, festering sores and many other ailments to which horses are subject. In the relief of human suffering, it has done a world of good, particularly in easing the pains of rheumatism, neuralgia, sciatica and lumbago. When gently rubbed in where the pain exists, it gives a most gratifying relief to the afflicted. As a household remedy for cuts, burns, bruises, sprains, contracted muscles, stiff neck, frost bites, swellings, chilblains, ivy poisoning, there is nothing better on earth.

Put Up in Three Sizes, 25c, 50c and \$1.00 per Bottle.
