CHAPTER XIII.

Establishing and Changing Streets; Power of Council Over Streets.

Section 87. The terms of this chapter shall not be construed to include or apply to any improvement specified in Chapter XIV of this charter.

Section 88. The city council of the City of Jacksonville is hereby granted power and authority within the limits of the City of Jacksonville, whenever it may deem it necessary or expedient, to open, lay out, establish, widen, alter, straighten, vacate or close streets and to appropriate and condemn property therefor and to levy special benefit assessments for such purposes.

Section 89. The term "street" whenever used in this article or chapter shall be deemed to include streets, sidewalks, alleys, footways and all other thoroughfares and highways.

Section 90. Whenever the council shall deem it expedient or necessary to open, lay out, establish, widen, alter, straighten or change any street, it shall by resolution, direct the city surveyor to make a survey of such street or change, and to make a plat of the same, and a written report containing a full and complete description of such street and change, and of the boundaries thereof, and of the portions of each lot and tract of land to be appropriated therefor. The city surveyor shall make such survey report and plat and file the same with the recorder within twenty days from the date the same was ordered by the council, unless said council grant him further time. Should the council deem said survey, plat and report satisfactory, it shall adopt the same by ordinance, embodying such report. But if said report, survey and plat be not satisfactory to the council they may have another survey, plat and report made and filed or revise and amend the original survey, plat and report so as to make the same satisfactory to said council.

Section 91. Hereafter and within sixty days from the adoption of said report, the council shall appoint three disinterested freeholders of the City of Jacksonville who shall have the qualifications of a juror of the Circuit Court of Jackson County, to view such proposed street or change and make an assessment of damages and benefits, as provided in the next and following section of this charter, and shall assign a day and place for them to meet; and the recorder shall send by mail, postpaid, a notice of the appointment of said viewers, giving their names and the time and place of meeting, and specifying, with convenient certainty the boundaries and termini of the proposed street or change to each of the property owners whose property is proposed to be appropriated, or to the agent of such owner, when the post office address of such owner or agent is unknown to him, and if such postoffice address be unknown, then such notice shall be directed to such owner or agent at Jacksonville and the recorder shall give further notice of the matters herein contained by posting a like notice in three public places in said town for the period of two weeks or by publication for a like period in a newspaper published in said town, and at the next regular meeting of the council, after the completion of such notice present to it the said report, plat and survey, and attach thereto a copy of said notice with proof of publication or posting and mailing of a copy endorsed thereon.

Section 92. The recorder shall at least five days before the day set and of the time and place of such meeting, and said viewers shall meet at the time and place designated and shall thereupon be sworn to discharge the duties assigned them. They shall then adjourn (which adjournment may be on any subsequent day to which they may adjourn) not exceed more than one week at

a time), proceed to view the proposed street or change and to determine and assess how much, if any, less valuable the lands or other property, or any part thereof, through or over which the proposed street is to be opened, laid out, established, widened, altered, straightened, will be rendered thereby; and shall also ascertain the respective interests of all persons claiming to be owners of lands, or other property aforesaid, or of the improvements thereon, or to have any interest in such lands or improvements, and the damages which each of the said owners respectively will sustain, but the right and title of the owners of such improvement shall not be affected by such proceedings, and the appropriation of such lands be completed, or within such further time as the council may allow thereafter, remove such improvements from said lands, otherwise such improvements shall become the property of the City of Jacksonville. Said viewers shall also make a just and equitable estimate and assessment of the value of the benefits and advantages of said proposed street or change to the respective owners, and other persons interested in all lands or other property which said viewers shall deem specially benefited by such change. Said viewers shall thereafter, at their earliest convenience, report the assessment for the damages and benefits as in this section required to the council, but any failure to state the name of the owner, or a mistake in the name of any owner, or a statement of a name other than that of the true owner, in such report, or in such assessment, or in the ordinances adopting such report, or in the docket of city liens, shall not render void nor in any way affect the lien of such assessment upon the property assessed.

Section 93. The viewers shall receive as compensation for their services the sum of \$2.50 each for each day actually engaged in said service, to be paid by the city and charged as costs and assessed as part of the benefits by said viewers.

Section 94. When the viewers shall file their report the recorder shall forthwith send by mail, post paid, a notice of each assessment of damages and benefits, stating the time when the same will be considered by the council, and directing all persons interested to present in writing the objections, if any they have, to the said assessment of damages and benefits and which objections will be then and there heard and determined by said council, to the owners (if known) of each lot or part thereof, or tract of land assessed, and any part of which is appropriated for the proposed street or change, or to the agent of such owner, when the post office address of such owner or his agent is known to him, and if such post office address be unknown to him, then such notice shall be directed to such owner or agent at Jacksonville, Oregon. If such report shall appear to the council to be in all respects reasonable and just, it may be adopted by ordinance or resolution embodying such report, or if it shall appear to the council that the damages or benefits assessed are unreasonable, unjust, or insufficient, in any respect, the council may send back to the viewers for further consideration, and the viewers may alter and revise the same as they shall deem proper and again report the same to the council, who may thereupon reject or adopt the same; or said council may appoint new viewers with like powers, duties and obligations as the first viewers, to make such assessment and awards, and to report the same to the council, which shall have the same power over such report as over that of the original.

Appeal.

Section 95. Any person feeling aggrieved by the assessment of such damages as herein provided, within thirty days from the adoption of the report of the viewers by the council may appeal from such report to the Circuit Court of the State of Oregon for Jackson County. Any number of persons may join in such appeal, and the only question to be determined on such appeal, shall be the amount of damages such appellants are entitled to on account of the change in such street.

Section 96. Such appeal shall be deemed and heard and determined, and the judgment thereon enforced, so far as practicable, in the same manner as an action at law; and, in case two or more join in said appeal, the jury shall hear the evidence concerning the damages sustained, and in their verdict find the amount of damages, if any, sustained by each appellant. The verdict of the jury shall be a final and conclusive determination of the matter of such assessment.

Section 97. The appeal shall be taken by serving a notice of appeal within thirty days from the adoption of the report of the viewers by the council, upon the mayor or recorder of the city, and filing an undertaking with one or more sureties, who shall possess the qualifications of bail upon arrest in a civil action, and shall justify in like manner, conditioned that the appellant will pay all costs and disbursements that may be awarded against him on appeal, not exceeding \$300, together with the proof of service of such notice, in the office of the clerk of the Circuit Court. Said notice may be served by the appellant or by the city marshal.

Section 98. If the appellant, or any of them, fail to recover greater damages or to secure a more favorable assessment of benefits, as the case may be, than were assessed by the viewers, judgment shall be rendered against him and his sureties on appeal for his proportion of the costs of such appeal to be paid pro rata according to the respective amount of damages and benefits assessed.

Section 99. The same costs and fees shall be taxed and paid upon such appeal as are allowed by law in other actions.

Section 100. The council at the expiration of the time limited for appeal if no appeal be taken, or immediately after judgment is rendered on appeal, if an appeal be taken, and if it shall deem it advisable to make such change in pursuance of said judgment, shall, by resolution, direct the recorder to enter in the docket of city liens the respective sums of benefits over damages so assessed, upon each particular lot or parcel of land, and the names of the owner or other parties interested in the lands or other property benefited and assessed in like manner as assessments for street improvements are entered in said lien docket, and when so docketed said sums shall be a lien or charge upon the estate and interest of the respective owners and parties interested in such lands or other property and also the said owners and parties as aforesaid, shall be respectively and severally liable to pay said assessments, and in case no appeal or other proceedings in court be taken as to any such assessment of benefits or damages, the said excess so assessed shall be paid to the city treasurer of the City of Jacksonville within ten days from the time of entering the same on the docket of city liens, or the same shall be deemed delinquent and thereupon shall be collected in like manner as provided for the collection of delinquent assessments by this charter, excepting that if all the property upon which assessments are due and delinquent is not sold at any sale, proceedings may be taken for a subsequent sale immediately after the returns of a sale are made. All moneys arising from such assessment of benefits shall be kept in a separate fund and be applicable to the satisfaction of the excess of damages over benefits assessed to owners and other persons interested in the property taken or damaged for the purpose of making such change in such street, and for the payment of expenses incurred by the city for surveying, advertising and viewers in said proceedings.

Section 101. Whenever the full amount of the assessment of benefits in the docket of city liens is paid to the city treasurer, warrants shall be drawn on the treasurer payable out of the fund to be provided for that purpose, for the amount of excess of damages or of damages and costs assessed, or in favor of the owner or owners, or other persons in interest, and when said warrants therefor are drawn and ready for delivery to the parties entitled to the same, such property shall be deemed appropriated for the purpose of such street or change, and not otherwise; provided, that no process of any court shall issue to compel any appropriation for damages or the issuing of warrants for the same. And unless such assessments are collected, and the said warrants are drawn and ready for delivery within nine months after the termination of the time limited for appeal, if no appeal be taken, or within nine months from the date of the rendition of final judgment, or within nine months from the date of all appeals and proceedings on appeal, if any appeal be taken, all assessments and proceedings on appeal, if any, shall be null and void.

Section 102. Under such survey and view shall be null and void. When said street is established, laid out or the change therein completed the city surveyor shall record a plat of the same in the docket of city surveys, which is a book that the council must provide for the recording of all plats and surveys that are required to be made by the city surveyor.

CHAPTER XIV.

Section 103. The opening, laying out, establishing, altering, straightening, vacating or closing of streets as specified in Chapter XIII of this Charter shall not be construed to include or apply to any improvement thereof as specified in this chapter.
