VOL. V.

JACKSONVILLE, JACKSON COUNTY, OREGON, JUNE 10, 1911

NO. 6

## COUNCIL MEETING

**Held Tuesday Evening. Only Routine Business Transacted. Reports Read, Bills Allowed, Etc.**

The regular meeting of the council was convened at 8 o'clock Tuesday evening, Mayor Shaw presiding. Present—Councilmen Britt, Dunford, Fick and Grieve; Recorder Dox.

Minutes of previous regular and adjourned meetings read and approved. Reports of committees on streets, and cemetery were presented. On motion the cemetery committee was directed to purchase buckets for use in cemetery, also to arrange for staking out lots.

Bill for street work, supplies, recorder's fees, printing, electric light, etc. were read and ordered paid. A communication from Attorney Hanna was read and ordered filed.

The recorder reported that an initiative petition, proposing an amendment to the charter had been filed.

Council adjourned to meet at the call of the mayor.

### Buncom Reports.

Correspondence to the Post.

Lee Saltmarsh was in Jacksonville Monday.

A. S. Kleinhammer is bothered with rheumatism at this writing.

Mrs. Fred Coppel accompanied by her sister Miss Bessie Lewis were trading in the city last week.

Mrs. J. Parks and family were in Medford last week.

Mr. and Mrs. John Cantrall and family were visiting at J. Goldsby's last week.

Chris Kenney and wife spent Sunday on Little Applegate.

Elden Jennings made a trip to the valley the first of the week.

E. Foreman and Fort McKee made a trip to Squaw Lake last week.

Mr. and Mrs. H. H. Taylor made a trip to Medford Saturday.

John Cantrall and wife, Benton Pool and wife spent Sunday with Mr. and Mrs. A. B. Saltmarsh.

M. R. Buck and sons are busy cutting their first crop of hay.

A. D. McKee was up to the Pursell mill Monday after a load of lumber.

Magnes Hall was out in this community last week.

Ralph Jennings was in town Tuesday. Jim Cantrall is busy working the roads.

Fred Offenbacher and family spent Sunday at Wm. Cameron's.

George Inks and family have left for Merlin to spend the summer.

Byron Johnson has purchased a new bicycle.

Earl Hubbard of Medford and some of his friends spent several days on Little Applegate last week.

### WATKINS WIRELESS.

F. M. Wade, agent for the Grand Applegate Co. who has been here looking after their interests, returned to Jacksonville Wednesday. He will leave for Tacoma, Wash. soon.

Miss Katie Byrne, who has been attending the Medford High School, returned to her home at Watkins Saturday.

H. H. Wright, the retired miner of Elliott creek was down among his friends Tuesday.

J. P. Harr P. F. Swayne and J. S. Byrne were transacting business in Medford, Monday.

J. P. Collings is engaged in cutting saw logs for F. M. Wade.

The soil of the Applegate valley is certainly productive; Amos McKee has just raised a new barn.

W. Foreman and Fort McKee spent Sunday fishing at Squaw Lake. They returned with a fine string of fish, and both reported having a good time.

The schedule of the Jacksonville-Hutton stage line has been changed. The mail now leaves Jacksonville at 9 A. M. and leaves Hutton at 5 A. M. This gives us direct communication with outside mail, and much better service.

The "Lone Pine" team organized by Wilbur Cameron, is rapidly rounding into form. Although Sunday was their first game, they held the Jacksonville boys down to a score of 8 to 12.

City Dude—What have you all those cans around your tomato plants for? Watkins farmer—"That's just to get 'em used to them, so as they won't spoil when canned in the fall."

The same old smell of new mown hay, now mingles with the rain, but when the clouds have passed away, it will be the farmer's gain.

**MINERS NOTICE**—Notice of Location both Quartz and Placer, for sale at this office, JACKSONVILLE POST.

### BANK OF JACKSONVILLE

**Directors Hold Meeting. Finances Are in Fine Condition. May Increase Capital.**

The directors of the Bank of Jacksonville held their regular quarterly meeting last Tuesday evening in the bank room and went over the securities of the bank, as required by law. After a thorough examination they all expressed themselves as well pleased with the condition of the bank affairs and with the management.

Owing to the increased business it was deemed necessary to appoint Leslie M. Stansell, former bookkeeper, as assistant cashier.

The bank is also contemplating raising its capital stock to \$200,000.00 and we are informed by the cashier, Benj. M. Collins, that the majority of the stock is spoken for if they finally decide.

The deposits are over \$60,000.00 and the legal reserve shows up at better than 35 per cent.

### PUT UNDER BONDS

**To Keep the Peace. Had Threatened to do Bodily Harm**

William Baxter, acquitted of the charge of insanity by Judge Neil of Jacksonville, was tried Saturday morning for threatening to do bodily harm to another, and was ordered to give bonds for \$1000 and instructed to keep the peace. In lieu of insufficient funds he will serve time in the county jail at Jacksonville.

Miss Ruth Sharp, daughter of the Rev. Sharp, was the person towards whom the threats were made.

According to several witnesses Baxter made threats in their hearing to kill her if she did not marry him.

Miss Sharp testified in her own behalf, other witnesses being O. V. Myers, A. L. Cusick, Charles Cusick and F. B. Creedy.

Baxter is said to have threatened every member of the Sharp family except Charles Sharp, and claims to have had an engagement with the young lady in question. A number of letters were introduced, but contained little of importance.—Mail Tribune.

The office boy counts on two vacations—his own and his boss's.

### PORTLAND LETTER.

**Tier of Columbia River Counties is Given Attention. Premium Lists for State Fair Issued.**

Portland, Or., June 6 (Special)—A tri-county development league, comprising Sherman, Morrow and Gilliam counties, is a lively possibility in the near future. At a recent Portland Commercial Club luncheon, the development of this section was discussed. Conditions were described and the need for diversified farming, rather than sticking to wheat growing, was emphasized. To stimulate interest, it was suggested that prizes be offered for the best products and a tri-county fair to be held in the fall of 1912, may be arranged. The Commercial Club realizes this section is one immediately tributary to Portland and that it can be made much more productive than at present.

Interest in fruit raising for a preserving plant recently located at Lebanon was aroused at a meeting at Brownsville on the night of decoration day under the auspices of the local commercial club. It is possible a fruit growers' union will be formed that will work in harmony with one lately organized at Lebanon. The Portland Commercial Club was represented and it is believed that more attention will be paid to fruit growing in that section of the state.

Portland will have a commission form of government as soon as the required changes can be brought about. Mayor Simon has named a commission to draft a charter providing for the new form and the recent city election will only hasten the change, as all candidates were favorable to it.

Premium lists for the State Fair next September have been issued. Premiums amounting to \$16,000 and \$25,000 in racing purses will be hung up on the harness events alone, in addition to the awards for running races. General plans for the fair are well under way and it is promised this year's exposition of the state's resources will be bigger and better than ever. Dates have been fixed for September 11-16.

Portland and Oregon Development League officials took a prominent part in the convention of the Southwest Washington Development Association, held the first three days of the month at Chehalis, thereby building up a better understanding between the two states. The Oregon delegation received many compliments for its interest in its northern neighbors.

Oregon threshermen held a successful convention in Portland during the past week, there being a good attendance from all parts of the state. Good roads was quite naturally a subject in which much interest was shown and other angles of the threshermen's business were considered.

### Protecting the Garden.

Oregon Agricultural College, Corvallis, Ore., June 6—Just what to use to kill the bugs and worms which annoy the gardener of vegetable and small fruit tracts at this time of year, is told in a new bulletin of the Oregon Agricultural College which will soon be issued from the college press.

"Plant lice, or aphids, such as the cucumber aphid, cabbage aphid, lettuce aphid, strawberry aphid, rose aphid and others, often become very troublesome in the garden on various plants, and some of them are extremely hard to control," says H. F. Wilson, entomologist, who is author of the work. "Black Leaf, Black Leaf 40, or Kerosene Emulsion, applied at any time when the aphids become troublesome, or before the leaves curl, is effective."

"For worms on cabbage and cauliflower Paris green or arsenate of lead should be used. For cut-worms on onions, a bran-arsenic mash or a Paris green dry bait."

"For the striped cucumber beetle, the plants should be dusted with Paris green or sprayed with arsenate of lead. It is well to plant some early squash for trap plants, and when the beetles are feeding on them, dust heavily with Paris green."

"For worms on the leaves of currant bushes, one should spray with arsenate of lead. For fruit worms, destroy the infested fruit and allow the poultry the run of the bushes when the infested fruit is falling."

For aphid apply an aphid spray (a Black Leaf or Emulsion) when the berries are just coming out. Gooseberries should be given the same treatment as currants.

"For plant lice on hops, a thorough spraying should be given with Black Leaf or Kerosene Emulsion at the time the lice are on the plant, and the treatment may be repeated in June if necessary. For aphid on peas the treatment is the same."

"To get rid of the striped cucumber beetle on muskmelons, the treatment is the same as on cucumber vines, and for flea-beetles on potato vines, a heavy strength spray of arsenate of lead whenever the beetles appear should be effective. Watermelon pests are treated as the muskmelons."

"When there are cane maggots on the raspberry bushes, the only thing to do is to cut out the infested canes and burn them. For aphid and leaf-hoppers on rose bushes, a Kerosene emulsion or Black Leaf spray should be used. For flea-beetles on tomato plants a spray of arsenate of lead should be used whenever they appear; for aphid, the kerosene or Black Leaf spray is good."

"Strawberry plants infested with crown miners and root borers should be destroyed before May 1. For leaf rollers, the tops should be burned as soon as possible after the crop has been gathered. In addition it is well to spray the foliage thoroughly with arsenate of lead about the first of May, and repeat the treatment in about two weeks. For cut-worms a bran-arsenic mash or Paris green dry bait should be used."

"When flea-beetles are found on sugar beets, the plants should be sprayed at once with arsenate of lead, and the treatment should be repeated two or three times at intervals of about two weeks or so."

"If the beds of violets have red spiders or aphid, Black Leaf or kerosene emulsion should be used. In case one treats for red spider with the kerosene, the under side of the leaf must be sprayed, to be effective."

### TO CHANGE BOUNDARIES

**Initiative Petition to Divide City Has Been Filed with Recorder**

An initiative petition asking that a large portion of the territory now embraced within the corporate limits of the city be stricken off, has been filed with the city recorder.

The proposed change is in the shape of a proposed amendment to the city charter and will be submitted to a vote of the people at the special election to be held June 21.

### Board Appointed.

Acting under the provisions of an act passed by the recent legislature the county school superintendent Saturday appointed T. T. Shaw of Jacksonville, J. C. Pendleton of Table Rock, C. P. Briggs of Butte Falls and Welborn Heeson of Talent as members of the county educational board, which will supervise the schools of the county in the future.

The board met Monday and divided the county into districts each of which will be placed under a supervisor as provided by the law.

The first district contains 22 school districts lying west of Bear creek and extending westward to the county line.

The second district lies north of the Rogue river and includes 34 school districts.

The third district is composed of 37 school districts lying on the east side of Bear creek, extending eastward to the county line.

Ashland and Medford is not included in any of the districts and the schools of these towns will be under the direct supervision of the county superintendent. The supervisors for the different districts will be named later.

### Did Not Use Gas.

Among those who requested an airship flight from Mr. Ely was Editor S. A. Pattison of the Central Point Herald, but he was refused the privilege because every newspaperman in Jackson county had requested the same opportunity, and Mr. Ely did not want to show discrimination.—Mail Tribune.

Horse pasture, no barb wire. \$1.50 a month. Address Y. H. ALLEN, Jacksonville, Oregon.

### CRUSHED TO DEATH

**Beneath Wheels of Lumber Wagon at Medford Tuesday**

His horses frightened by an engine, William L. Howard fell beneath the wheels of the lumber wagon he had been driving, near the Nash hotel Tuesday night, and sustained injuries from which he died a few hours later at the Southern Oregon hospital.

Howard was on the top of a load of lumber when the pair of horses he was driving were scared by a passing freight engine, and rearing, overset the load, hurling Howard to the pavement and beneath the heavy wheels of the wagon. The streets being crowded at that time of night, many ran to the young man's assistance and, carrying him to the sidewalk, Dr. R. J. Conroy was hastily summoned. Noting in a glance that it was a serious case, the injured man was placed in an auto driven by M. M. Richardson and taken to the Southern Oregon hospital, where he was immediately put upon the operating table.

Upon examination it was found that the heavy wheels had passed over Howard's chest, crushing the ribs and breast bone, fracturing the collar bone and resulting in serious internal injuries. The man suffered the most intense pain and frequent hemorrhages of the lungs, and although everything was done to relieve his suffering the doctors from the first held out little hope of recovery.

The young man's parents, Mr. and Mrs. W. M. Howard, living about two miles from town on the Orchard Home road, were summoned, as was his brother, Roy, with whom he lived near the end of West Main street, and they were at the bedside when the end came.

### NEW JAIL.

**Contract Let. Work Will Begin Next Week.**

The county court at its session this week awarded the contract for the construction of the new jail to Leonard & Goodhue of Medford.

The contract price which is \$8,750, includes only the erection of the building; the steel cells, etc. will be supplied by the county later. It is estimated that the entire cost of building and cells when completed will be about \$16,000.

It is the present intention to begin tearing down the old structure on Monday next, Sheriff Jones has sent five prisoners to Eugene to serve the balance of their sentences which were imposed for minor offences.

### TESTED AND PROVEN

**There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation**

For months Jacksonville readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

J. B. Shafer, 288 E. Elm Street, Ashland, Ore., says: "I was in a bad way with kidney trouble and despite all my efforts, I seemed unable to get relief. The kidney secretions were unnatural and my back was extremely lame. At night I was restless and if I caught the slightest cold, it settled in my kidneys, causing my condition to become worse. Being told of Doan's Kidney Pills, I procured a box and before I had used them long, I felt better. I was soon in good health and my kidneys no longer caused me trouble. My advice to anyone afflicted in a similar way is to give Doan's Kidney Pills a trial." (Statement given December 16, 1907.)

### CONFIRMED PROOF.

When Mr. Shafer was interviewed on October 23, 1909, he said: "My former endorsement of Doan's Kidney Pills still holds good. I am now in good health and my kidneys give me little or no trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## SPRING GOODS

We have on display for your inspection New Spring Goods in every department.
