ROAD TO LAKEVIEW Will be Finished Sept. 1st, Says the General Manager

Lakeview, Or., July 19.—General Manager T. F. Duniway, of the Nevada-California-Oregon Railway, in an address to the people of Lakeview, delivered in the new courthouse, stated that the line would have "trains running into Lakeview, unless something unforeseen occurred, by September 1, or two months before the former estimate of the completion of the line, made some time ago."

H. W. Drenkel, a prominent citizen here, has made the company an offer of a depot site consisting of ten acres of valuable land within a short distance of the business part of the town, and also agrees to macadamize the street leading to the depot and to widen it from 60 to 80 feet. The new depot will be one of the best ever constructed in the state for a town of the size of Lakeview. It is believed that the site will be accepted by the people at a mass meeting that will be arranged this week. Construction camps are now scattered along Goose Lake, and one has just been placed within seven miles of this city. The last lap of the line into town will be graded as rapidly as men and teams can do the work, and upon the completion of the grade around Sugar Loaf Mountain, at the lower end of the lake, rails will be laid promptly. A monster celebration is contemplated that promises to eclipse anything ever held by an interior town upon the approach of a railroad.

COUNCIL MEETING

Special Meeting Held Tuesday Evening. License Granted. Streets to be Sprinkled.

A special session of the council was held in the City Hall, Tuesday evening for the consideration of a license application and the matter of street sprinkling.

The bond of Luy & Keegan being in proper form, was approved and the fee having been paid, on motion it ordered that license be issued to sell malt, spirituous and vinous liquors in quantities less than one gallon, for a period of six months.

The matter of sprinkling the streets of the city was discussed at length and with some warmth considering the temperature of the evening, and on motion it was decided that the recorder be instructed to call for bids for sprinkling certain streets, the city to bear 3-5 of the cost thereof.

The adjustment of the claim of J. J. Mears, contractor for the construction of the waterworks was discussed informally but nothing was done in regard to same.

Several other matters were discussed; one of which was the sale of bonds, in fact the meeting seemed to be principally a general "talkfest."

Council then adjourned. In Effect August 1st.

Owners and drivers of automobiles will do well to notice that the laws governing the running of autos, passed by the last legislature, go into effect August 1st, and make several radical changes in the present rules. Pamphlets containing the complete laws have been issued by the Secretary of State.

President Taft did not help elect Lorimer. He had enough to do trying to manage senators from others had elected.

Mr. Hines the Secretary of the Lumber trust said he never once thought about the Lumber trade when he was helping to buy a senatorial seat for Lorimer. These lumber men are so self sacrificing.

The declaration of Independence was signed at Philadelphia, July 4, 1776. On July 4, 1911 the Philadelphia Baseball team in the National League reached first place pushing the New York team down and the Philadelphia American team also reached the top on that immortal day pushing the Detroit team off the apex. Philadelphia evidently bears a charmed life when July 4th comes around.

Attention is called to the fact that Jack Johnson has been the greatest man on earth for only one year. But he has lived as much as a dozen ordinary men in that time.

A Vast Difference in Floor Finishes

It means economy—it means satisfaction—it means a beautiful, lasting finish on your floors, to know the difference before you buy.

Common varnishes are brittle and soon show unsightly scratches. Elastica Floor Finish is so tough that nothing mars it. Heels, scraping chairs, casters, leave no marks.

Common varnishes turn white under water. Elastica Floor Finish never does. It is water-proof.

Common varnishes and wax need constant care and refinishing. Elastica Floor Finish keeps its original lustre. It outlasts any finish ever before offered. It saves work and saves expense.

We cannot overstate the importance of knowing the facts about floor finishes. Come in and ask us.
