

Public Schools of Jackson County

From County School Superintendent's Annual Report

	1911	1910
School census (between four and twenty years of age)	6919	6499
Number pupils enrolled in school	5645	4850
Average number of pupils belonging in school	4735.5	4384.5
Average daily attendance	4439.9	4097.9
Per cent of attendance	93.7	93.6
Number of eighth grade graduates	173	109
Number of pupils enrolled in high schools	524	
Number of organized districts in county	95	94
Number of school houses built during year	10	8
Number of teachers employed during year	211	182
Average monthly salary of male teachers	\$ 91.62	\$ 76.44
Average monthly salary of female teachers	61.17	54.46
Average yearly salary of city superintendents	1600.00	1500.00
Average monthly salary of principals	97.46	85.45
Average monthly salary of teachers in one-room schools	52.64	49.16
Average monthly salary of assistant teachers in schools of more than one room	70.02	61.60
Average length of term, months	7.4	6.5

The first column in the above table shows the figures in the 1911 report, the second column figures are taken from the report made in 1910. A careful comparison will show a considerable increase in number of pupils, attendance, number of eighth grade graduates, houses built during the year, number of teachers employed, salaries paid, and the average length of term.

The report shows that the progress of the schools is in keeping with the advancement of our country along other lines and that teachers, directors and superintendent have been attentive to the duties of their several positions.

Superintendent Welis has prepared and has printed an elaborate report, from which the above is taken, showing names and addresses of school officers amount of appropriation for each district and other interesting data.

Burning Without Permit

Regulations adopted by State Board of Forestry, August 5, 1911, and which are effective on and after Thursday, August 10, 1911.

"1. Burning of log piles, stumps, or brush heaps without permit as provided for under Section 7 of the Oregon Forest Fire Law, is permissible only where the material to be burned is a safe distance from other inflammable material and where the ground surrounding the log piles, stumps, or brush heaps is cleared of any substance which will allow of fire spreading to adjacent wooded, brush, or slash-covered land, either the property of the parties engaged in burning or that of another.

"2. Adequate precautions and personal control" is interpreted as meaning that all fires set without permit must be continually watched both night and day by a sufficient number of men on the ground for that purpose, and should fire escape steps must be taken at once to extinguish it.

"3. Burning done in violation of these regulations will be of the party or parties concerned, or prosecution under the fire laws."

The Weather.

LEAVE HOTEL MOORE

When you feel dull, out of sorts, discouraged, half sick and everything seems to be going wrong, you can blame it on your liver. It is torpid. You need

HERBINE

A Medicine of Power in All Liver Disorders.

When the liver is torpid, it throws impurities into the system, which hamper every organ in the body. The result is that functional processes are not properly carried on. Impurities get into the blood, the stomach is bilious, the kidneys weak and the bowels irregular—generally constipated. Herbine cleanses out all these impurities, opens up the obstructed channels, and regulates the torpid liver, cleanses the blood, purifies and strengthens the system. After the system has been thus overhauled, there is an immediate improvement. Appetite returns, digestion is good, the spirits rise, the mind clears of gloomy forebodings and everything looks bright and cheerful, which means, sound, healthy conditions everywhere in the body.

Price 50c per Bottle.

A Vast Difference in Floor Finishes

It means economy—it means satisfaction—it means a beautiful, lasting finish on your floors, to know the difference before you buy.

Common varnishes are brittle and soon show unsightly scratches.

Elastica Floor Finish is so tough that nothing mars it. Heels, scraping chairs, casters, leave no marks.

Common varnishes turn white under water.

Elastica Floor Finish never does. It is water-proof.

Common varnishes and wax need constant care and refinishing.

Elastica Floor Finish keeps its original lustre. It outlasts any finish ever before offered. It saves work and saves expense.

We cannot overstate the importance of knowing the facts about floor finishes. Come in and ask us.
