VOL. V. JACKSONVILLE, JACKSON COUNTY, OREGON, AUGUST 19, 1911 NO. 16

ROWAN BROUGHT BACK

From Cottage Grove by Sheriff Jones Saturday.

Sheriff Jones returned Saturday from Cottage Grove with E. L. Rowan who stole a horse, buggy and harness owned by Miss Nina Wall of this city. All of the stolen proyerty was recovered. Rowan confessed to the theft. E. M. Hall is now bringing the horse and buggy back from the Lane county town.

Rowan is a very young man and states that he did not realize the enormity of his offense. He wanted to get north and not having the funds he decided to go in the rig. He took excellent care of the outfit which was not damaged in the least. Rowan is now in the county jail to await action by the grand jury.—Mail Tribune.

GAME PRESERVE

Modoc Orchard, Comprising 1300 Acres Offered.

Henore Palmer, responding to the expressed wish of State Game Warden Finley, has offered the Modoc orchard, comprising 1300 acres, as a state game preserve for the propagation of Bob White quail.

The Modoc orchard, formerly the Bybee ranch, extends for nearly two miles along both sides of Rogue river, from the Bybee bridge east. It includes the mouth of Little Butte and numerous sloughs and lagoons. All varieties of land, meadow, mesa, river bottom, brush, and forest are included and it is pronounced an ideal spot.

Mr. Finley has promised to secure as many Bob White as possible to start the propagation in the valley.—Mail Tribune.

WATKINS WIRELESS.

Correspondence to the Post.

P. F. Swayne and wife made a trip to the county seat Sunday returning Monday.

H. Getchell of Jacksonville accompained by some mining men came out in an auto Saturday and went up the middle Fork, where Mr. Getchell is interested in a mine.

T. A. Shotwell of Seattle arrived on the stage Tuesday to look after his mining interests.

A. W. Watkins and sister Mamie spent Friday and Saturday at Jacksonville, where Miss. Mamie had some dental work done.

Chester Kubli and Don Cameron passed through Watkins Tuesday having taken out a crowd of campers who have been rusticating at Squaw Lake.

H. H. Wright came down from Penn Mine one day last week to get the mail and visit friends.

Frank Mengoz of this place is spending the week in Jacksonville.

Miss. Fern Philips visited her friend Helen O'Brian a couple of days last week.

Mrs. Geo. Culy of Ashland is visiting her son Cary this week.

Bruce Buck, the energetic Socialist worker, who has been employed at the Penn Mine pounding boulders, and expounding socialism, is at present recuperating at Cinnabar Springs and enjoying a well earned rest.

Mrs. R. E. O'Brian and Miss. Katie Brian were visiting Mesdames R. Phillips and Cary Culy last week.

Buncom Reports.

Fred Copple was in town Saturday.

Florence Tailor is packing fruit in the valley.

Mrs. Wilbur Cameron accompanied by Mrs. Walter Bostwick was visiting Mrs. C. C. Pursel and family Sunday.

W. R. Garret our road boss is putting in eyery hour between 7 and 6 o'clock on the road.

Mr. and Mrs. H. Venable spent Saturday night on Little Applegate.

Fred Armpriest of Forest Creek and a party from Medford are enjoying an outing near Buncom.

Charley and Ester Pursel have been on the sick list for some time, not much improved at this writing.

Mrs. Emma Buckley of Ruch spent several days with Mrs. Dora Cameron recently.

Mr. and Mrs. Pat Swayne were down from Big Applegate Sunday,

Jim Cantrall was out to Sterling Tuesday.

Miss. Ora Goldsby enjoyed a trip to Phoenix a short time ago.

Mr. Garret from Cresent City has bought Frank Silva's place on Little Applegate.

Miss. Olive Crump from Poormans is visiting on Little Applegate, the guest of her brother, J. F. Crump and family.

R. G. Jennings went to the mill after a load ol lumber a few days ago.

Mrs. M. R. Buck and daughter, Grace were trading with the merchants in Jacksonville Saturday.

W. Pool and daughter from Eagle Point are visiting Mr. and Mrs. Bird Saltmarsh at this writing.

Mrs. J. Parks accompained by her daughter, Edna was visiting Mrs. Charley Buck and family last week.

Mrs. R. B. Dow, of Jacksonville was visiting her mother Mrs. Sara Cantrall recently.

Dr. Warren Cameron was iu town Saturday.

Mr. and Mrs. J. Goldsby and fa mily were visiting the farmers mother Mrs. Sutton near Ruch Sunday.

Cyrenius Combest and family have returned from a trip to Cresent City, they report having a good time but made a short stay.

Frank Cameron and wife accompanied by Mrs. John Cantrall and children spent Wednesday in the City.

Mrs J. Parks and daughter Ella was visiting at Buncom the guests of Mrs. Garret recently.

TALENT IMPROVEMENTS.

New Residences and Business Houses Being Erected.

In addition to the new business blocks which have been built, a number of new residences are also in the course of construction at Talent. C. W. Wolters is building a new residence near the site of his present home. A. Alford has nearly completed his residence, which will be one of the handsomest in town. J. M. Kerby is puting up a new livery stable.

The Modern Woodmen of America will rally to the assistance of John Budgeon, proprietor of the Talent Hotel which burned recently, and will assist him in building a temporary home on the side of the burned structure. The Woodman will demonstrate their ability to wield hammer and saw in behalf of a fellow member.

Mr. Vogeli, who recently moved to Talent from Medford, is also building himself a house and Mr. Foxall, who bought the McMahan place, has remodelled it so that it is practically a new structure. W. M. Stump is building a new residence on a lot in the Shildel addition.

Garvin & Thurber, whose building was destroyed in the recent fire, are to erect another pool and billiard hall on the same site. It will be a one story structure 60 by 26 feet. The store will be enlarged.

In addition to these, the new bank building and store building have been erected during the Summer, as well as the Methodist church. The handsome new school building is nearly completed, bnt it is not yet known positively whether it will be ready for occupancy when school opens on September 4—Tidings.

PORTLAND LETTER

Oregon May Have Place of Honor at Panama-Pacific Exposition.

Portland, Or., Aug. 15 (Special)—Oregon may very likely be given first choice in locating its state building on the grounds of the Panama-Pacific Exposition at San Francisco. Due to the good feeling that prevails between the two Pacific Coast states and the help given San Francisco by Oregon in being made the Panama Exposition city, a sentiment favorable to letting Oregon place its state building anywhere it wishes on the entire exposition tract has developed and will probably develop into a definite promise.

Oregon commissioners expect to score a big hit at the coming exposition and assert it will be as much an Oregon affair as an exposition of California. Exhibits to be shown from this state are expected to equal fully, if not actually outshine, the showing made by California itself.

Pendleton's Round-Up, the unique feature of that city that shows the disappearing wild west, will be bigger than ever this year, with more attractions and larger crowds. The dates are September 14-16. The management is making arranements for additional features never before shown in Oregon.

Harrisburg will have an interesting exhibit during the last week in August, when a potato show will be put on by the women of the Improvement Club. That section of the state produces splendid potatoes and the crop this year is excellent. Considering the high prices of potatoes, this exhibit should attract much attention.

Freewater and the surrounding country will hold its annual peach day festival on August 24. On that date there promises to be a great showing of lucious peaches, for which that district is so noted.

Mosier will hold a big banquet on September 4, when its commercial club will get together the business interests of the Mosier Valley and outline the work intended to be accomplished during the coming year. Portland interests will be represented.

Port Orford promises something unuaual for August 23, 24 and 25, and announces an agate carnival, which is expected to develop into an annual affair. There will be a happy blending of the old times and the new, with clambakes, pioneer reunions, prizes for the biggest fish caught and the finest agates picked up from the beaches, and the historic conflict of Battle Rock will be fought over again between a tribe of make-believe Indians and the whites.

FUTURE OF OREGON

Summary of Add.ess by James J. Hill

The state of Oregon has a big advantage in the race for prosperity and development which is reflected in the dual character of this occasion. It marks the centennial of the founding of this flonrishing and enterprising city. It marks the culmination of organized effort for the development of the whole of your magnificent state that has been stirred to fresh and larger activity of labors of this Development League.

Your natural inheritance is princely. Ranking 7th in the Union in size, Oregon is a giant even among the great communities of the west. Her area is as large as all New England with South Carolina added. It is one-half as great again as the Turkish Empire in Europe. If it were as thickly settled as New Jersey is today, it would support five million more people than are now living in all the states of the Union west of the Mississippi River.

The eastern portion of your state is now, for the first time, being put into rail communication with the markets of the country. $30,000,000 were spent last year for railroad construction in Oregon. Underneath and back of all this are great agricultural possibilities which even you do not yet appreciate at their real value. Only 5 per cent of the area of the state is now improved; only about 350,000 people are engaged in its cultivation. Yet, in addition to the fruit industry whose products are famous in all the markets of the world, Oregon raises more than 16,000,000 bushels of wheat each year. Dairying and the livestock industry are capable of almost indefinite extension and all forms of agricultural industry are sure of an abundant reward.

You need set no narrow bounds to your future development it is carried out along modern, practical and scientific lines. Your harbors, your ports, your railroads, your commercial organizations, all depend naturally upon the wealth you take out of the ground. Your particular advantage lies in the possession of all the machinery and experience of an old community together with the spirit and ambition of the new, and with an immense area of the most productive land, almost untouched, east of the mountains.

If the men of a hundred years ago could not dream of this modern and progressive city where they set a trading post for furs in the wilderness of an uninhabited coast, neither can we of today foretell the development that the next century is to bring, but we do know that it should be the greatest where there is the largest store of natural resources and where these are open the most freely to the enterprise of man. You can help win the prize by hewing to the line marked out by this Development League, and the promise of the future that cheers and stimulates you to new effort today will be abundantly fulfilled.

In Memoriam

The many friends of Margery Eaton Bradford will be grieved to learn of her death, which occurred at the residence of her mother, Mrs. Irene Eaton, in Jacksonville, August 9th.

Mrs. Bradford was a native of our town, being born here in February, 1877. During her early womanhood she moved to California and not long afterward was united in marriage to Clifford Bradford in San Francisco, in which city they always made their home. The union proved a happy one.

A few years since Mrs. Bradford's health became impaired and that dreaded enemy of mankind, consumption, claimed her as his own. About two months ago she returned to Jacksonville in the hope that the change to the milder climate of Southern Oregon would stay the ravages of disease. Everything possible was done to prolong her life, but it was unavailing. Surrounded by her husband, mother, sisters and brothers, the patient sufferer peacefully passed to the great beyond.

All that was mortal was on Friday interred in the Jacksonville cemetery, in the lot where repose the remains of the deceased one's father and her elder sister, Emma Howard. A large number assembled to pay their last respects and the floral offerings were many and beautiful. Services were conducted by Rev. Chas. H. Johnston of the M. E. Church.

Mrs. Bradford was an amiable, unselfish woman, a loyal friend and a devoted relative. She is survived by her mother and sisters, Mrs. M. Whiteside of Sacramento, Mrs. Ruby Fox of San Francisco, Mrs. Joseph Pope of Jacksonville, Mrs. Geo. Armstrong, Mrs. H. Welch and Mrs. John Rapp, of Susanville, Grant County, and four brothers, Albert Eaton of Klamath Falls, John Eaton of San Francisco, Wm. and James Eaton of Jacksonville.

GREEN FLAGS

On S. P. Trains Supplanted by Lamps.

The green flags, one at each side of the near end of the the last passenger coach on a train, have served their use on the Southern Pacific and other Harriman roads, and will no longer be seen on any passenger trains on these lines. The first of August saw the last of the green flags and all of the Southern Pacific passenger trains are now running with lamp markers in place of the flags.

Green flags have been used for many year on the rear of trains to designate to trains in the opposite directions and to the engineer of the train displaying the flag markers, that the train was intact. This was necessary in the days when all of the cars on trains were not equipped with automatic brakes. Sometimes, when the link and pin couplings were in use, a pin would break and a car would be left behind. There was no way for the engineer to tell whether he had all of his cars with him unless he could look out of his cab and see the green flag waving from the last coach. All of the cars of the Southern Pacific Company are now equipped with the automatic air brakes, which, if a car should become detached, stops the train automatically.

FUNERAL OF MRS. DAILY

Services at Medford. Interment in Jacksonville Cemetery.

There was a large assemblage of sorrowing neighbors and friends at the funeral of Mrs. Patrick Daily at the family home at 203 South Ivy street Monday afternoon. The services were held at 1:30 the Rev. W. T. Matlock having charge. Burial was made in the Jacksonville cemetery.

Miss. Margarett Ann Mitchell was born in Bath county, Ky., July 30, 1849. Three years later she removed with her parents to Indiana, remaining there about ten years, from which state she moved to Iowa and then to Missouri.

She was married to Patrick Daily Oct. 7, 1889, in Putnam county, Mo., by the Rev. William Neighbors. In 1887 they removed to Kansas remaining their until April, 1901, when they came to Medford, Oregon, where they lived until she passed away Aug. 12, 1911, at her home, 208 South Ivy street, Medford, Oregon, aged sixty-three years and twelve days.—Sun

TAP ON JAW

Given to Seattle Masher by Well Known Vocalist

Seattle. Aug. 16.—Mrs. Nina Hatcher, a member of the Ladies' Musician club and well known vocalist, rebuked a stranger who she said had accosted her three times in ten minutes by a severe blow on the jaw.

When the man said that she had made a mistake she declared the only mistake was in not hitting harder. The man was identified as A. Z. Washburn.

THE PUBLIC LIBRARY

Endored by Three of America's Most Noted Men.

The system of free public libraries now being established in this country is the most important developement of modern times. The library is a center from which radiates ever widening influence for the enlightenment, the uplift, the advancement of the community.—William Jennings Bryan.

The opening of a free public library is a most important event in any town. There is no way in which a community can more benefit itself than in the establishment of a library which shall be free to all citizens.—William McKinley.

After the church and the school, the free public library is the most effective influence for good in America. The mortal, mental and material benefits to be derived from a carefully selected collection of good books, free for the use all people, cannot be over-estimated. No community can afford to be without a library.—Theodore Roosevelt.

Fruits, soft drinks, cigars and tobacco at Shaw's Confectionery.

CRYING FOR HELP

Lots of it in Jacksonville, But Daily Growing Less

The kidneys cry for help.

Not an organ in the whole body so delicately constructed.

Not one so important to health.

The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted.

Are just what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

Mrs. Grave Skeeters, 6. W. Jackson St., Medford, Ore., says: "I can recommend Doan's Kidney Pills highly for pain and stiffness in the back and other symptoms of kidney trouble. This remedy relieved me when I used it and I have been well ever since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
