THE JACKSONVILLE POST

Official Paper of the City of Jacksonville, Oregon

A weekly newspaper published every Saturday at the county seat of Jackson County, Oregon. D. W. BAGSHAW, Editor.

Entered as second-class matter June 22, 1907, at the post office at Jacksonville, Oregon, under Act of Congress of March 3, 1879.

SATURDAY, DECEMBER 9, 1911

SUBSCRIPTION: One year by mail \$1.50. Advertising rates furnished on application.

Several times since negotiations for the sale of the water bonds was commenced we have heard the prediction that the council would never dispose of the bonds. We are glad to note that the cash has been received from Morris Brothers and is now available to apply in payment for the construction of the waterworks. The council and all concerned in the negotiations are deserving of commendation for their staying qualities when confronted with unexpected and almost unsurmountable obstacles which were sufficient to discourage the most persevering. As the result of "staying with it" they now have the work well along and money in hand to pay for it when done. "Stick brothers, stick."

Watch Jacksonville grow! There's a reason.

MARRIED

Clawson-Parrott-At the Presbyterian Manse in Medford, Oregon, Tuesday, December 5, 1911, by Rev. Weston F. Shields; William R. Clawson and E. Jeanette Parrott.

Is Poultry Raising A Science?

It may strike some persons as strange that the proposition is seriously advanced at San Diego, the Exposition City, to teach poultry raising as a science. The suggestion is made that it be made a part of the curriculum of the rural schools. A. E. Blethen, president of the Poultry Fanciers' Club, is father of the idea, and he wants to have the children given chickens to take care of, and to earn their pocket money with. California now imports many carloads of eggs from Kansas, Nebraska, and other states, whereas Mr. Blethen thinks that she should be exporting hen products.

GUMPTION ON THE FARM

There is nothing that gives a man such safe anchorage in life as a good wife.

File the crosscut saw yourself; you will thus soon save enough to buy a new saw.

Blessed be work! It gives us the chance of making strong capable men and women of ourselves.

Draw up about the fire a little closer. Nice up here, even when the drifts are high outside.

Let your Christmas presents be something useful. Thousands of dollars are worse than wasted on useless things every year.

Take the frost out of the grindstone before you grind your ax, but do it gradually, and not by using too hot water. That would injure the quality of the stone.

Don't put off till spring any outside work that can be done now. Clean up

the garden, haul out manure and when possible push the plowing before snow flies.

While waiting impatiently for the state to repair that mudhole, washout or other bad place in the highway, wouldn't it be a good idea to take a few hours off and fix it yourself? If every farmer spent a few hours occasionally, working on the road, our highways would soon show a decided improvement. Let us not only talk good roads—but let us work bad roads. From December Farm Journal.

Here is a woman who speaks from personal knowledge and long experience, viz. Mrs. P. H. Brogan, of Wilson, Pa., who says: "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For croup there is nothing that excels it." For sale by all dealers.

A Vast Difference in Floor Finishes

It means economy—it means satisfaction—it means a beautiful, lasting finish on your floors, to know the difference before you buy.

Common varnishes are brittle and soon show unsightly scratches.

Elastica Floor Finish is so tough that nothing mars it. Heels, scraping chairs, casters, leave no marks.

Common varnishes turn white under water.

Elastica Floor Finish never does. It is water-proof.

Common varnishes and wax need constant care and refinishing.

Elastica Floor Finish keeps its original lustre. It outlasts any finish ever before offered. It saves work and saves expense.

We cannot overstate the importance of knowing the facts about floor finishes. Come in and ask us.

KEEPING IN TOUCH WITH HOME

IT IS wonderful how much satisfaction can be obtained from a talk over the Bell Telephone.

A letter carries words, but the Bell service has been brought up to such a point of perfection that the modulations of the voice are clearly heard.

The cheery tones show that the talker is well and in good spirits. The call may come from a suburban village or a distant city, but within the limits of the carrying power of the voice the Bell service carries the tone as well. You get a personal interview with a friend hundreds of miles away.
