

### REAL LIVE ELK

**Donated to Oregon by Government. Money needed for feed in winter.**

Oregon is to have a herd of elk for propagating purposes. A bunch of 15 of these animals has been donated to Oregon by the United States Government. They have been crated in the Jackson Hole Country, Wyoming, and are now on their way to their pasture in this state. In making this gift to Oregon, the United States has imposed one condition, which every loyal citizen will appreciate. It has been represented to the government officials that our people earnestly desire a herd of these animals, and, if allowed, we will be glad to comply with the condition.

The elk will be pastured, temporarily on the Wallowa Reserve, from which place they will be distributed throughout the state as they propagate. Inasmuch as the Government has provided the animals and a place for them to roam, it has been proposed that the people of the state should pledge themselves to stand the expense of feeding the animals during the balance of the winter and up to the time when they can forage for themselves.

The Elk Lodges of the State, whose name will always perpetuate the fame of the splendid creature that is so rapidly disappearing, have taken an active interest in starting this fund, which will not total more than \$1000.00. The Portland Lodge headed the subscription list with a donation of \$100.00, followed quickly by the Pendleton, Albany and La Grande Lodges. The people of Enterprise, Joseph, Wallowa and other towns have contributed enthusiastically.

A small sum remains to complete the fund, and the Evening Telegram, Portland, Oregon, is acting as custodian of the fund. Subscriptions are being received daily, ranging from \$1.00 up to \$50.00.

### The Baden-Powell View.

It is well to note in passing that General Baden-Powell, since his arrival in this country, has expressed himself clearly and emphatically on the subject of the military aspect of the Boy Scout Movement. This gentleman, more truly eminent as the organizer of this movement than by reason of his African campaign is opposed to the encouragement of its military trend. He believes in that training which will induce physical hardiness, courage of the right sort, manliness of demeanor, courtesy and a fam-

iliarity with life in the open so much as that may be possibly cultivated. But for the purely military training which seems to have gained ground with many as the object and purpose of boy scouting, he has little or no sympathy.

To do one good act a day is the text preached by General Baden-Powell. And more especially than aught else, to have reverential regard for service to the aged is another tenet of his Boy Scout creed. It is the manliness that makes for peace rather than war and that is the sort of manliness that will give the most substantial character to the citizenship of the future. —Ex.

### Obituary.

Died, at the home of her parents south of Jacksonville, Oregon, Miss Frieda Ensele, aged 20 years, 7 months and 13 days.

Miss Ensele was of German parentage. She was born in Charlestown, Ohio, July 12, 1891. She moved with her parents from there to Imperial, Nebraska, 1899, where they resided for three years, they moved to Medford, Oregon, in April, 1902, where they resided for two years, then moving to a house south of Jacksonville, Oregon, at which place she resided until her death which occurred Friday morning, March 1, 1912.

She leaves to mourn her loss, her father and mother, seven sisters, five brothers, and a host of friends. She was of a lovable kind hearted nature highly respected and beloved by all who knew her.

### Card of Thanks.

We desire to express our sincere thanks to the kind friends and neighbors who so willingly assisted us during the illness and death of our beloved daughter and sister, Miss Frieda, to Dr. Golden for his untiring efforts to save her, and to Pastor Wilker of the German Lutheran church for the consolation offered us by his sermon delivered in both the German and English languages.

Mr. and Mrs. P. Ensele and family.

For the very best in cigars and tobacco C. Shaw.

**MINERS NOTICE**—Notice of Location both Quartz and Placer, for sale at this office, JACKSONVILLE POST.

For rheumatism you will find nothing better than Chamberlain's Liniment. Try it and see how quickly it gives relief. For sale by all dealers.

### THE CITY ELECTION

**Regular Ticket Elected Except Whittington. Amendment Defeated 120 to 13.**

The regular municipal election was held Tuesday afternoon resulting in the election of the regular ticket with the exception of Whittington who was defeated by Dex.

The proposed amendment to the charter, cutting out the publication of franchises and increasing the period for which franchise may be granted from twenty to fifty years, was completely snowed under by a vote of 120 to 13.

The names of candidates and number of votes received are as follows:

Mayor—T. T. Shaw 120  
Councilmen—Emil Britt 122  
two years—Lewis Ulrich 91  
Councilmen—Fred Fick 85  
one—W. J. McIntyre 120  
year—E. E. Oman 58  
Recorder—Henry G. Dux 88  
S. C. Whittington 53

Treasurer—James M. Cronemiller 128

For Amendment—13  
Against Amendment—120

The new board will consist of Mayor Shaw, Councilmen Britt, Fick, McIntyre and Ulrich.

The surprise of the return is the large number of votes against the amendment, due largely to the bitter personal attack made on the editor of the Post by A. C. Hough, in a circular distributed after dark Monday night.

### Teddy's Hat in Ring.

Salem, Ore., March 6.—Roosevelt's hat is in the political ring of Oregon. Petitions to place his name on the Oregon presidential primary were filed with the secretary of state here today.

The petition was signed by 1528 persons. The ex-president's petition was the first to be filed. Similar ones for Taft and La Follette will be filed this week.

### Why He Was Late.

"What made you so late?"  
"I met Smithson."  
"Well, that is no reason why you should be an hour late getting home to supper."  
"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."  
"Did you tell him to take Chamberlain's Tablets?"  
"Sure, that is what he needs." Sold by all dealers.

### PORTLAND LETTER

**Oregon First at Panama-Pacific Exposition. Excursion Rates for Summer Festivals Fixed.**

Portland, Or., Mar. 5. (Special)—Response to the call of the Oregon Development League for a large representation from Oregon, on the occasion of choosing the site for its building at the Panama-Pacific International Exposition at San Francisco in 1915, has been so great that it will probably be necessary for more than one special train to carry the delegation.

The day set apart is March 14, and trains will leave Portland on the afternoon of March 12. Word has been received from such extreme points as Lakeview, Prineville, Burns, Klamath Falls, Baker and Astoria that they will be represented by delegations.

Eugene is planning to send a banner delegation of fifty or more; this will be the largest outside of Portland. Two hundred members of the Portland Commercial Club will make the trip. As the most of the delegates will be accompanied by their ladies, the occasion will be of considerable social significance.

The fare from Portland will be \$25 for the round trip.

Oregon has been conceded the unusual honor, even over California itself, of the first choice of the site. The invitation that has been extended by the Fair officials and commercial bodies of San Francisco indicates that the entertainments they will provide will be of a most elaborate nature.

At the headquarters of the Oregon Development League messages have been received from the commercial bodies all over the state. This indicates that they will act in harmony with the slogan of the League, that the Panama-Pacific International Exposition marks the climax of present exploitation work on the Pacific Coast.

A special train that will carry a large number of livestock men and their wives together with members of the Idaho-Washington Development League and the Lewiston Commercial Club, will visit the Pacific Northwest Livestock Show to be held at Portland March 18-20. Monday, the day of the show, has been set apart as the Idaho-Washington Day.

Pen reservations have been made for 300 head of pure-bred cattle and hogs at the combination sale of Short-horn cattle and Duroc-Jersey hogs. Student judging contests, to be participated in by delegates from the schools of Idaho, Washington, Oregon, will be a feature of the exposition. The fact that admission to this stock show is free and that the railroads have granted a rate of one and one-third fare for round trip indicates an unprecedented attendance.

Excursion rates for the Summer festivals and national conventions to be held on the Pacific Coast during 1912 have been fixed at one and one-third fares liberal stop-over privileges will be granted. Events provided for are: Mystic Shriners at Los Angeles in May, Rose Festival at Portland in June, the Elks at Portland in July, the Golden Potlatch at Seattle in July and the Montanara Feste at Tacoma.

### Oregon Sidelights

Albany has in contemplation the paving of 46 blocks at the cost of \$140,000. The stork brought a son to Mr. and Mrs. Paul Knoblauch of Richland on February 29.

A Seattle engineer is making a physical examination of the plant of the Salem Water company, for the city council.

Corvallis will erect a "south side" school building, which will have six schoolrooms, a library room and a room for the principal's use.

Brownsville Times: It is notable that the manufacturing plants established in Brownsville continue to grow and pay good interest on the money invested, and while started on a more or less modest scale, now occupy positions of prominence.

Ashland Record: The estate of the late David Finnimore, who died recently without known heirs, has appraised at \$14,000. It consists of an alfalfa ranch near Central Point and two or three thousand dollars in a Medford bank.

Moro Observer: Moro needs some bird houses on the heights for its bluebirds, red breasted grosbeaks, robins etc. The English sparrow needs no protection; feed them wheat soaked in alcohol and the city may then harbor the more desirable feathered classes.

Eugene Guard:—Going to be the greatest year in Eugene's history. The Portland, Eugene & Eastern, the Oregon Electric and the Southern Pacific will spend not thousands, but millions of dollars in and around this city in building new roads and making substantial improvements. We will pass the 15,000 mark in population before the end of 1912.

Cottage Grove Sentinel: Two old coins, one of Italian mintage of the date of 1811 and the other an American half dollar of 1829, were found by W. E. Thompson recently while repairing a fence on his farm a few miles from Scottsburg. The coins were about four inches beneath the surface. The farm was a camping grove in the '50s for freighters between Umpqua and Jacksonville.—Journal

### FAMINE IN LONDON

**Is certain unless conditions are soon relieved.**

London, March 5.—Unless a settlement of the differences between the coal operators and their million employees is effected within 48 hours, thousands of persons in London will face starvation. This was the admission forthcoming today from the Home Office and Premier Asquith again today appealed to the miners and operators in an effort to secure concessions from both sides.

Prices of food are soaring, and already many necessities are beyond the reach of the city's poor. The abandonment of freight schedules has curtailed London's supply of milk and milk famine is imminent. Fresh meat is scarce, and the supply of salt and smoked meat and canned goods are rapidly diminishing. The stock of flour is dwindling, and with the railroads unable to secure sufficient coal to stock their engines, a bread famine is certain unless conditions are immediately relieved.

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. Cheney & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

### MOVING PICTURES

**Of Central Oregon school children attract East.**

Mr. W. E. French, Immigration Agent in charge of the Great Northern Oregon exhibition car, has stated that the use of moving pictures showing the opportunities in Oregon now being used in connection with lectures and the exhibit car in Indiana, are proving a great success. The people hardly believe the up-to-date way of farming now carried on in this state.

Our eastern friends are very much interested in the pictures of the large crowd of enthusiastic people surrounding Mr. Hill at the ceremony of the "Driving of the Golden Spike" at Bend, and particularly in the parade of all of the school children at Bend. Their impression was, that Central Oregon was not as thickly populated as it is.

Advice was sent on to Grindly, Ind., the next town, to the effect that the Great Northern Exhibit Car with its Oregon display of agriculture, fruit and timber products, had a very interesting lecture and set of moving pictures; which tends to show that the moving pictures and lectures used in connection with these exhibition cars, will be a great help in securing a large number of settlers for Oregon and the Deschutes Valley.

### Power Company Sells

The Jackson County Light & Power Company, 95 per cent of which is owned by A. W. Silsby of this city, and which has been operating in Talent and Phoenix for several years, have practically closed a deal with the Oregon & California Power Company for the transfer of their property to that corporation. Negotiations have been pending for several months and papers in the matter are now passing. The price is not given but is said to be well up in the five-figure mark.—Tidings.

### THE LEMON CROP

**In California will be large this year.**

San Francisco, Mar. 8.—California's lemon crop this year will be one of the largest since the culture of that fruit was first inaugurated in this state. At the present time the lemon growers of the state estimate a minimum crop of 5000 carloads. Up to and including the last day of February 1341 carloads had already been shipped this year and the remainder of the crop will be moved just as quickly as cars can be provided. The usual loss to the lemon crop each year on account of frosts, was very small in this state this season, and some of the growers predict as heavy a season as last year.

Since the season of 1906-07, when 3507 carloads of California lemons were shipped east, the output has grown steadily until but very few lemons now have to be imported by this country. During the last five years 26,233 carloads of lemons have been shipped out of California over the lines of the Southern Pacific. The average annual shipment is about 5241 carloads and the minimum estimate of this year's shipment is said to have been placed quite low, especially as last year's business amounted to 6744 carloads; another reason being that the loss to the crop this year on account of frost will be very light.

California can supply lemons to every part of the United States and it will not be necessary for the importation of one case of this fruit, in the way members of the California Citrus Fruit Growers Exchange express themselves regarding the 1911-12 lemon crop.

### Will Fight for Nomination.

North Yakima, Wash., March 4.—Miss Kate L. Brown, of Granger, who has proved a successful school teacher and capable rancher, is a candidate for Superintendent of the Schools of Yakima County, Miss Brown has just filed notice her candidacy. Two years ago she made a campaign for the nomination against S. S. Busch and this year, she thinks, with the woman's vote to back her, she will win the fight. She is a university graduate, and has had nine years' school experience. Particularly has she impressed the men and women of her neighborhood by the way she has managed her ranch near Granger.

### Abolition of Callows sought.

Los Angeles, March 6.—J. H. Young secretary of the anti-capital punishment league of California, is in Los Angeles today to arrange for the circulation of initiative petitions to secure at the next election popular attention to the proposed abolition of the gallows in this state. Thirty one thousand signatures to the petition must be secured. These Young said, could easily be obtained in San Francisco alone, but the league desires every section of the state represented.

Go to Thompson's for Post Cards.

### GOOD NEWS

**Many Jacksonville Readers Have Heard it and Profited Thereby**

"Good news travels fast," and the thousands of bad back sufferers in Jacksonville are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Thousand upon thousands of people are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

M. Powell, 263 Oak St., Ashland, Ore., says: "I suffered a great deal from kidney trouble and backache and sometimes I could hardly get around. On arising in the morning, I was stiff and lame and the kidney secretions annoyed me by their irregularity in passage. As soon as I commenced taking Doan's Kidney Pills, I improved and am now in good health. I still use Doan's Kidney Pills occasionally however, but more as a preventive than anything else. I always insist upon Doan's Kidney Pills for no substitute could be as effective as they."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
