U'Ren, the Moses of the modern day, Hath lifted to High Fels, his mystic And heralds forth the latest message gleaned From solemn Oregon City's Sinai; Letting us wandering, baffled tribesmen know That which should fill us with sublime elation— That U'Ren, who hath led us on so long, Hath doped us out a new tax revelation.

Far had we wandered, 'neath th' Egyptian code Of private ownership of land, which founded The base of all our state's prosperity And led to growth, with certainty surrounded. Fondly we dreamed of greater, stabler growth; But a new vision to the Seer appearing, Leads him to warn us that the promised land Lies farther on, in Single Taxer's clearing.

'Neath the old code, by U'Ren supplemented, We wandered on, well guided in the light time By bright cloud castles, and also conducted By pillars of hot air within the night time. Now he would cast those tables down and bust them, Whereon is graved our present taxing system, And carve anew his Fels-inspired commandment— The latest revelation of his wisdom.

Oh, "Moses," we have followed you some seasons, And were beginning to learn how to take them— The laws by which you strove to lead from Egypt, But now, slack, you're planning to remake them. Some of the dope you carried to adoption Might, after all, be quite the part of wisdom, But the thin soup of Single Tax doth drive me To hug the fleshpots of our present system.

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured it even when malignant and fatal. For sale by all dealers.
