

Nellie Wright Mine Reopened.

Unworked for eleven years the Nellie Wright mine, two miles south-east of Gold Hill in the Blackwell district, has been reopened and will shortly make a ten ton run of ore at the Braden mill. During its long idleness the shaft had filled with water, and several days pumping was necessary to free it for work. This has now been accomplished and under direction of Henry Ray work upon the ore will be commenced immediately. The run at the Braden will be made only to reaffirm the richness of the ore which in former operations assayed from \$18 to \$20 per ton, with \$10 per ton in free milling gold.

P. C. Donovan of Winnipeg, Canada, is the principal owner of the Nellie Wright and has written to Mr. Ray authorizing the trial run, and affirming his intention of putting the mine in permanent operation if the values maintain their former standard. That they will easily do this is the belief of local mining men who know the history of the property.—Tribune.
