**Freight Wreck Ties up Traffic.**

A freight wreck about two miles north of Central Point shortly after two o'clock Sunday afternoon tied up traffic on the Southern Pacific for many hours. Number 15 from the north did not reach Medford until after 11 o'clock.

The wreck was one of the most spectacular which has occurred in years in this section. Several cars piled up while one or two of them were splintered. An oil car burst scattering crude oil over several hundred feet.

The freight was running about 40 miles an hour on down grade when the accident occurred. A wheel broke. The engine and caboose stayed on the track.

Two wrecking trains were sent to the scene but it was several hours before the track was cleared.—Tribune.

**THE BEST PROOF**

**Jacksonville Citizens Cannot Doubt It.**

Doan's Kidney Pills were used—they cured.

The story was told to Jacksonville residents.

Time has strengthened the evidence. Has proven the cure permanent. The testimony is from this locality. The proof is convincing.

Mrs. J. H. Baussum, Central Ave., Medford, Ore., says: "I was so bad with kidney trouble that I could not do my housework. My back was weak and painful and in the morning when I got up, I was lame and sore. The kidney secretions were unnatural and my health steadily ran down until I was hardly able to get about. While in that condition, I read about Doan's Kidney Pills and got a box. I felt better from the time I commenced their use and it was not long until I was cured. I am in a position to recommend Doan's Kidney Pills to any one afflicted with kidney complaint." (Statement given Sept. 14, 1907.)

**RE-ENDORSEMENT.**

When Mrs. Baussum was interviewed on October 26, 1909 she said: "My former endorsement of Doan's Kidney Pills still holds good. Since this remedy cured me I have had no further attacks of kidney complaint and I have enjoyed good health. I do not hesitate to say that Doan's Kidney Pills are beneficial for all difficulties, caused by weak kidneys."

For sale by all dealers. Price 50 cents. Foster-Millburn Co., Buffalo, New York, sole agents for the United States.

**SPECIAL SESSION**

**Of Congress April 7. Nothing To Consider but Tarriff.**

Washington, March 17.—The extra session of congress was called by President Wilson today to assemble April 7, will begin with nothing but the tariff revision bills before it. This was made clear by Chairman Underwood of the house committee on ways and means. Until the legislation is well under way in the house no general committees will be made and no other legislative subjects taken up.

The president specified no subject for the extra session in his proclamation, but it is fully understood that in his message to congress at its opening he will dwell upon the need of tariff revision.

If the currency, Philippine independence, Alaskan affairs, woman suffrage or other pressing questions finally are forced upon the attention of congress it will be only after the democratic leaders of the two houses and the president are convinced of the success of the tariff revision is assured.

Washington, March 17.—The special session of the senate which began immediately after the inauguration of Vice-President Marshall came to an end this afternoon. The democratic senators had not completed their plans for dividing the senate patronage and arranging the committee quarters and party caucus that has run through two weeks was continued until tonight. The complete rearrangement of the senate under democratic control will be accomplished as soon as the special session assembles April 7.

**Thieves Tunnel to Get \$300,000**

New York, March 17.—With only two pairs of heavy gloves and some unmarked tools as clues, the police admitted here today that they have no trace of the clever cracksmen who yesterday tunneled to the vault of Martin Simons and Sons, Hester street pawnbrokers and escaped with \$300,000 worth of jewelry and negotiable paper. The job is believed to have been the work of two experts.

The loot consisted mostly of diamonds, and could have been carried away in the pockets of the two men. The robbers overlooked more than \$400,000 worth of valuables stored in another section of the vault.

The thieves gained access to the vault by digging a tunnel from an abutting building on a neighboring street. The police say the job required all of Saturday night and most of Sunday morning, the actual robbery occurring some time yesterday afternoon. The vault, which stood twelve feet high, was entered by chopping away the masonry.

None of the tenants in either of the buildings heard any unusual noises. The robbery was discovered by a janitress late yesterday who peered through the window and saw the litter about the vault. A woman living in an adjoining tenement said she saw a dark skinned man emerge from the cellar of the building at noon yesterday with a bundle. A light wagon, bearing an old man, drove up to the curb she said, and the pair then disappeared.
