Nature Garbed Glacier National Park in all its Grandeur; Most Beautiful Words of English Language Describe It!

It takes beautiful words to describe beauty spots like this!

Following are the twenty-one most beautiful words of the English language, according to the judgment of the Public Speaking Club of America, a New York institution, the prize offered for this selection being awarded to James Shea, a lawyer of 415 Broadway:

MELODY. SPLENDOR. ADOARATION. ELOQUENCE. VIRTUE. INNOCENCE. MODESTY. FAITH. JOY. HONOR. RADIANCE.

NOBILITY. SYMPATHY. HEAVEN. LOVE. DIVINE. HOPE. HARMONY. HAPPINESS. PURITY. LIBERTY.

These words were judged according to their beauty of sound and beauty of meaning.

In calling from the inspired flights of descriptive matter written about Glacier

National Park during the three years of the existence of this Rocky Mountain government preserve, there is revealed the strange coincidence that every one of these "most beautiful words of the English language" was resorted to by the scores of newspaper and magazine writers who have visited the "Switzerland of America". Here are the extracts from articles on Uncle Sam's new wonderland, containing the most beautiful words the English language affords:

"The **SPLENDOR** of its scenery charms the senses with **MELODY**."

"Wild flowers grow there in **MODESTY** for the **ADORATION** of the mountain tourist."

"The **ELOQUENCE** of its majestic **HEAVEN** peaks establishes **FAITH** in a **DIVINE** power."

"The **PURITY** of the atmosphere and **HARMONY** of nature breathes **LIBERTY**, **JOY** and **HAPPINESS** for the work-

tired vacationer and rejuvenate the invalid with **HOPE**."

"Here, on the Roof of the Continent, **VIRTUE**, **INNOCENCE**, **LOVE**, **HONOR** and **SYMPATHY** are emphasized by the **NOBILITY** of nature's own creation."

"Marvelous **RADIANCE** of changing light effects from snow-clad mountains gives its 250 lakes turquoise and emerald hues."

All the rest of the beautiful words in the English language could be used and still the word picture would not be adequate, artists say. Some of the best landscape painters in the country declare it is impossible even to do justice to the scenic beauty of Uncle Sam's new park. Many have tried with the brush but the ever-changing hues from light effects are not to be reproduced in the Rocky Mountain fastnesses of Northwestern Montana.

Mayor Eifert through with fight.

At an executive session of the mayor and members of the city council Wednesday evening from which all other were barred, Mayor Eifert announced that he was through with the fight which has existed between members of the council and himself and that he would no longer attempt to force the appointments of city officials but allow the councilmen to choose who they desired. His only conditions was that the council pick an entire list and relieve him of stating his preference for anyone. Mayor Eifert's move is said to have come as a surprise to those who have been supporting, and those who have been opposing his moves.

"I am through with the fight," states the mayor, "and I am willing that the council shall have the power, they have prevented me having. I wish harmony to prevail in civic affairs for the good of all."

The council has not yet signified as yet its choice of employees but it is almost a certainty that E. J. Runyard will be retained as marketmaster and O. Arnsperger as city engineer. It is also believed that Hittson will remain as chief of the police department. A city attorney has not been decided upon. Among those most prominently mentioned are Judge Purdin, E. E. Phipps and R. B. McCabe.

The Council will meet Friday evening when the matter will probably be further discussed.—Tribune.

The Oregon Manufacturers' Association has inaugurated a campaign for the betterment and extension of our home industries. Oregon is greatly in need of a larger payroll, and with the co-operation of the men and women through various Clubs and Organizations the result will be marvelous. The Manufacturers' Association will through the columns of the press endeavor to give National publicity to this campaign. It is the Association's endeavor to create and stimulate the habit of asking for home manufactured commodities of every kind, and when these are unobtainable or do not meet with the desired standard then preference is to be given other Western States.

This Association will look into the factory possibilities of your community and to such give every encouragement Oregon has endless opportunities for more home industries if we but make and incentive for their establishment.

Mrs. Weathered's service has been secured to do the State Campaign Work and she will soon visit our city and systematize a plan whereby every housewife, every man every child will become a booster for home industries. This will be done without any expense to our citizens. The organization only ask for co-operation.

At a recent meeting of the club it was decided to declare Saturday, April 13, a general clean-up day. On that day the Commercial Club asks the co-operation of the public to clean up and beautify the city. Teams, for the purpose of hauling away any rubbish, will be furnished at the expense of the organization.

The American Bonding Co. of Baltimore will go on your bond and write burglary insurance.

Disregard Life to Win.

London, April 3.—The sentence of three years penal servitude imposed on Mrs. Emmeline Pankhurst for inciting her followers to destroy property has aroused the militant suffragettes to fury and they threaten strong reprisals. When the sentence was pronounced by the judge today Mrs. Pankhurst although her face blanched showed a defiant attitude as ever declaring she will fight to the end.

One militant suffragette in announcing the intentions of suffragist went so far as to say even human life will no longer be respected.

In London, Glasgow and other places throughout the country enthusiastic meetings were held tonight and every mention of Mrs. Pankhurst brought forth loud cheers.
