The recent tragedy in our midst has brought to mind the ever recurring question as what is needful to instill into youthful minds a proper conception of the duties of the individual to society and the obligations he owes to the government under which he lives. It seems to us that instruction and training along these lines should be as much a part of the education of the child as are the common branches taught in our schools, and that the child, beginning at an early age, should be taught and made to realize that each individual is one of a multitude of atoms composing the commonwealth and that as to each atom is guaranteed the rights of personal liberty and personal security so is each atom bound to respect and obey the mandates of the commonwealth as expressed in our laws for the safeguarding and maintenance of those rights so guaranteed. He should early be taught that when the laws enacted by the people or their representatives are violated that punishment is due and that the duty of the offender is to submit himself to the tribunal of that commonwealth whose laws he has outraged. Resisting an officer in the execution of lawful process is in a moral sense an act of rebellion against the state, entirely unjustified.

## WILSON VOICES PROTEST

### President's Final Word Sent Governor Johnson.

Washington, April 22.—President Wilson's final word concerning the anti-alien land laws now pending in the California legislature was sent to Governor Johnson and the presiding officers in both houses of the state legislature today in the following telegram:

"I speak on the assumption, which I am sure is well founded, that the people of California do not desire their representatives—and that the representatives neither wish nor intend—in any circumstance to embarrass the government of the United States in its dealings with a nation with which it has most earnestly and cordially sought to maintain relations of genuine friendship and good will and that least of all do they desire to do anything which might impair treaty obligations or cast doubt on the honor and good faith of the nation and government.

"Therefore I appeal in the utmost confidence to the people, the governor and the legislature of California to act in the matter now under consideration in a manner that cannot, from any point of view, be fairly challenged or called in question. If they deem it necessary to exclude all aliens who have not declared their intentions to become citizens from the privileges of land ownership, they can do so along lines already followed in the laws of many other states and foreign countries, including Japan herself. Invidious discrimination will inevitably draw in question the treaty obligations of the government of the United States.

"I register my very earnest and respectful protest against any discrimination in this case, not only because I deem it my duty as chief executive of the nation, but also, and more readily because I believe the people and the legislative authorities of California will generously respond in a moment to a matter frankly presented to them as a question of national policy and a question of national honor. If they have ignored this point of view it is, I am sure, because they did not realize what and how much was involved."

Sacramento, Cal., April 22.—At a conference of a score of senators with Governor Hiram W. Johnson late today in the executive offices, it was agreed that the words "ineligible alien" are to remain in the senate bill, and that the policy embodied in the measure as drawn at present will be sustained. The anti-alien bill will be hurried through.

## \$500 For Slandering Woman.

Grants Pass, Ore., April 23.—Mrs. Alice Rogers was awarded \$500 damages in the suit for slander which she instituted against Rev. W. G. Smith, formerly of Medford, in the circuit court of this county, the jury rendering the verdict after deliberating for

only about twenty minutes. Mrs. Rogers conducts a store at Glendale, and during 1910 Rev. Smith resided in that city. During the year it was charged that he had made remarks reflecting upon the moral character of Mrs. Rogers, and she brought action for damages against him, asking for \$10,000 upon each of three counts. It is understood that members of the jury that heard the evidence were in favor of awarding heavier damages, but that a compromise was effected on \$500. The costs in the case are also assessed against Rev. Smith.

## Montenegri Wins Scutari.

Belgrade, April 23.—The capture of Scutari by Montenegrin troops was marked by enthusiastic demonstrations here today. Business was at a standstill practically all day.

Cettinje, April 23.—Following a fierce attack on Scutari last night by Montenegrins, which lasted throughout the night, early today the Turkish commander capitulated. Losses on both sides were heavy, several sorties by the Turks having been repulsed by the attacking army with great loss to both sides. The surrender followed a heavy bombardment, interspersed with attacks by which the Montenegrins captured line by line the Turkish defenses.

## Congress to Probe Baseball.

Washington, April 21.—Ty Cobb, greatest baseball star, who wants \$15,000 this season from the Detroit American League club, may get what he is after through an act of congress. Congressman Hardwick of Georgia is today framing a resolution, requesting a congressional investigation of players' contracts in the American and National baseball leagues. Hardwick, prompted by Cobb, has a "hunch" that said contracts are in violation of the Sherman anti-trust law. In just what particular they violate the law he does not say.

Hardwick is a great admirer of Cobb, who comes from Georgia. If President Navin of the Detroit club comes through with the \$15,000, it is unofficially stated that the unscrambling of the National and American Leagues will not be pressed.

## Ashland Baby 2 1-2 Pounds.

The tiniest mite of humanity probably ever born in Ashland is the little daughter of Mr. and Mrs. C. J. Perrine, which weighed at the time of its birth between two and two and one-half pounds. The little one was born about two weeks ago, and although the mother's life was at one time despaired of, she is now getting along nicely. The little one is also thriving and the hospital authorities have high hopes of its growing to normal size and weight. At present it is being carefully cared for and artificial heat maintained with an electric stove.—Tidings.

## 120 LOSE LIFE

### Buried Under Tons of Debris in Mine at Finlayville, Pa.

Finlayville, Pa., April 24.—Little hope was entertained here today for the safety of 120 men who were buried under tons of debris yesterday as the result of an explosion at the Cincinnati mine of the Monongahela River Consolidated Coal & Coke company here. Rescue squads of the United States bureau of mines are working with Mine Superintendent William Carter and his men. The victims include one of Carter's sons.

Up to this noon only 30 corpses had been recovered. Ninety-three men escaped alive. They told horrible stories of crawling through three miles of debris filled tunnels, many of their companions dropping by the wayside overcome by poisonous gases.

State troops and two companies of rescuers, aided by scores of volunteers, are working from the Court and Mingo entrances, two miles apart. The Mingo entrance afforded the chief avenue of escape.

Reports here from Pittsburgh say members of the government's rescue squads there offered aid as soon as the explosion was reported, but that the company declined. No progress in the rescue was made, however, until the squads of the United States bureau of mines reached here last night.

The rescuers repeatedly were forced to climb over huge piles of debris in reaching bodies and it is feared that many of the dead are buried under the wreckage. Portions of the mine are being bratticed so fresh air may be forced through the passages.

## FOR BREACH OF PROMISE

### Chas. O. King, Formerly of This City, Sued for \$10,000.

Marshfield, Ore., April 23.—Mrs. Iva M. Wells, of North Bend, has started suit for \$10,000 for breach of promise against Charles O. King. The defendant is a member of the firm of Gorst & King, who conduct an auto line between Marshfield and North Bend. Mr. King came here last year from Medford. Mrs. Wells is a milliner and alleges that King promised to marry her on a certain date, then asked for a postponement. When the next marriage date came King refused to be married at all and now Mrs. Wells wants damages in the sum named.

King is well-known in Jacksonville, at one time being interested with V. C. Gorst, in an auto stage line between this city and Medford.

## Merlin Man Guilty of Incest.

Grants Pass, April 24.—Wm. Pettitt, the Merlin man who was indicted by the grand jury on two separate counts for incest, was convicted by a jury in the circuit court yesterday. Prosecutor Kelly conducting the case the complaining witness being his own daughter Julia and Pettitt's wife, the latter being an invalid and an inmate of the county home. The offense upon which the indictments was returned was alleged to have been committed at the county home during the holiday season last winter, the girl being at the home with her mother, and Pettitt having secured the permission of the court to visit his family. The girl on the witness stand Wednesday forenoon testified that the offense with the father as charged had also been committed at divers other times and places. Emil Seig, who was indicted for grand larceny for the theft of a bicycle from B. R. Coffenberry, entered a plea of guilty to common larceny in the circuit court, and will be sentenced later.

## Crime to Shoot Joyriders.

Grants Pass, April 24.—G. A. Baldwin, who last fall shot at an automobile load of high school boys who were out for a joy ride, wounding Don Belding in the thigh, will have to stand trial in the circuit court on a charge of assault with a dangerous weapon, the grand jury having returned an indictment against him. Bail was placed at \$300 and Baldwin is out pending the calling of the case in the present term of court.

Baldwin, who lives two miles southwest of town on the Pacific highway, took a shot at a passing automobile one evening last October, claiming that the boys who were riding in it were shooting at his dog with a revolver. The shot fired by Baldwin struck young Belding in the leg, inflicting a flesh wound. Seven high school boys were in the automobile and Belding was riding on the running board. The boys claim that they were shooting at jackrabbits and did not shoot at the Baldwin dog.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHERRY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

## SUMMONS

IN THE JUSTICE'S COURT OF THE DISTRICT OF MEDFORD, FOR JACKSON COUNTY, STATE OF OREGON.

W. H. Barr, Plaintiff,

vs.

S. C. Lee, Defendant.

Action to recover money.

To S. C. Lee, Defendant.

In the name of the State of Oregon: You are hereby commanded to appear and answer the plaintiff's complaint against you now on file in the above entitled court and cause on or before the 9th day of June, 1913, said date being the expiration of six weeks from the day of the first publication of this summons.

And you are hereby notified that if you fail to appear and answer for want thereof, plaintiff will apply to the court for the relief prayed for in the complaint, succinctly stated as follows: For a judgment for the sum of \$132.65, and interest on said sum from the 10th day of April 1913, and for costs of this action.

This summons is published in the Jacksonville Post by order of the Honorable G. O. Taylor, Justice of the Peace in and for the above entitled district, which said order was made and entered of record on the 24th day of April, 1913, which order requires you to appear on or before the last day prescribed in this summons. ## Next to Them.

"I'm sure," said the guest he had an expectedly brought home to dinner that evening, "that I have put you out."

"Not at all," she replied sweetly; "not at all. We gave you just what we were going to have ourselves—just our ordinary dinner, you know."

"I wish I could believe that, but I still feel that I have put you to a great deal of trouble and annoyance. If so I am sorry that I allowed your husband to persuade me to come."

"I don't want you to feel that way at all. We were delighted to have you with us. We love to have our friends drop in and take pot luck with us."

And when he got outside he looked back at the house and muttered: "Liar! I smelled corned beef and cabbage when I entered that home, and what I got was English mutton chops and green peas."—Detroit Free Press.

Supporting a Husband in Wales. The quaint Pembrokeshire village of Langwm and the Gower village of Penclawdd have something in common besides their Welsh connection. In both the woman takes a leading place. At Langwm when a forthcoming marriage is announced one often hears the exclamation: "Poegy, can she keep a man?" At Penclawdd when a young woman gets married the very first thing some of the sanest old maids ask is: "Dear me! Ffordid mae hona'n myn'd i gwtw gwr?" ("Dear me! How is that one going to support a husband?")—Western Mail, Cardiff.

Look to Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers.—Advertisement.

How to Deal with the Doctor.

A prominent New York physician says: "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia but treat it at once. Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is most effective and is pleasant and safe to take. ## California Woman Seriously Alarmed

"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sautelle, Cal.
