The child suffered an attack of spinal meningitis when three years of age and since then has suffered from arrested development mentally.

Ernest Forman of Buncom, well known in this city, was placed under arrest by Deputy United States Marshal Dave Fuller in Jacksonville Tuesday on a charge of contempt of court. It is reported that Forman failed to appear as a witness in the United States court at Portland when summoned. As a consequence, contempt charges were preferred by Judge Woolverton.

Lawrence Roundtree, a young son of F. M. Roundtree, formerly of this city, was committed to the Boys' and Girls' Aid Society at Portland this week by County Judge F. L. TouVelle. Young Roundtree, who has been making his home at the Matney place in the Applegate valley, was charged with an attempted assault on a five-year-old child. He admitted his guilt to the judge, who believed it was to the boys best interests to deal leniently with him.

**WATER AT CEMETERY**

**Is Now Assured. Ladies Civic Club Purchase Pipe. Excavation Almost Completed.**

The bids for pipe, fittings, etc., for the water main to the cemetery were opened at a meeting of the Ladies Civic Club held last week. The following bids were presented:

M. E. Abbott ..... \$215.40  
F. J. Fick ..... 214.75  
Ulrich Bros. .... 200.00

On motion duly made and seconded the bid of Ulrich Bros. was accepted. The funds for purchasing the pipe were raised by popular subscriptions solicited by a committee of the Civic Club and the ladies are entitled to great praise for their work in this cause.

The excavation and laying of the pipe will be in charge of the Water Superintendent under the directions of the city council. We understand that the excavation is now almost finished and the pipe will be laid as soon as it arrives.

With the completion of this work and the turning on of the water, it will be easy to keep flowers, shrubbery, etc. in the cemetery in proper condition without carrying water a long distance as at present.

**Notice.**

Jacksonville, Ore., May 17, 1913.

Notice is hereby given that there are funds on hand to pay warrants numbered 5, 6, 7 and 8. Interest will cease after this date.

LEWIS ULRICH,  
Clerk School District No. 1.

**The Japanese Matter.**

President Wilson, is having the same trouble with California and the Japanese that his predecessors had. When Mr. Roosevelt was President the trouble arose over the Act of the San Francisco Schools in excluding Japanese Children, while the present trouble arises over proposed legislation for excluding the Japanese from the ownership of real property. It is needless however, for anyone to feel alarmed at the prospects of war with these little islands across the wide Pacific ocean because while Japan was victorious in the war with Russia, yet that war was a terrific drain on the resources of Japan and so if she should be foolish enough to embark in another war with such a wealthy country as this, it would practically mean the extinction of Japan from the face of the map as money is the thing that counts in war and we can always command unlimited millions while Japan cannot.

**ELIZABETH ST. CLAIR RYAN**

**Aged Resident of This City**

**Died Thursday. Funeral**

**Will be Held Sunday.**

A message received here late Thursday night announced the death of Mrs. Elizabeth St. Clair Ryan at Salem, at seven o'clock that evening.

Mrs. Ryan was the widow of the late Patrick J. Ryan, deceased, and the mother of our townsman Luke Ryan and had been a resident of this city for many years.

She was born at Lawrenceburg, Indiana, on the 17th of April, 1837, and came to Oregon in 1862, when just 25 years of age. For more than 50 years she has been a resident of Oregon and the Rogue River Valley.

Mrs. Ryan was a woman of strong character, possessing many fine qualities of mind and heart; faithful and true—one whose friendship was highly prized. She was loved and respected by a wide circle of friends who sincerely mourn her death.

Funeral services will be held from her late home on California street, in this city Sunday afternoon. Interment in the cemetery on the hill.

**COMMERCIAL CLUB MET**

**At City Hall Thursday Evening.**

**Cannery Project Discussed.**

The regular monthly open meeting of the commercial club was held at the city hall Thursday evening, President Paul S. Bandy presiding. While the attendance was not as large as had been expected, those present displayed a great interest in plans for the improvement of the town.

A committee, appointed to interview the manager of a cannery at Talent and secure figures relative to the cost of equipping and maintaining a cannery and grape juice manufactory reported, and the matter of installing a plant of that kind in this city was discussed at some length. The matter finally being referred back to the executive committee for further action.

Benj. M. Collins on behalf of the committee appointed to secure a site for a city park reported that as yet the committee had nothing definite to say, although they had one or two available sites in view.

After further discussion as to the crying need of a first-class hotel in Jacksonville the meeting adjourned.

**Democrats and the Money Trust.**

It will be recalled that it was a difficult matter to obtain a thorough investigation of the money trust at the hands of the Democratic House of Representatives last year. The Democrats did everything possible towards making the investigation a farce and it was not until the pressure of public opinion became very emphatic that the investigation assumed the character of real sincerity.

**Cough Medicine for Children.**

Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effective. Chamberlain's Cough Remedy meets these requirements and is a favorite with the mothers of young children everywhere. For sale by all Dealers.—Advertisement.

**Dynamite and Tree Planting.**

Possibly what at first sight appears to be the strangest application of dynamite is for the purpose of planting trees. Yet its success in this connection is said to be peculiarly remarkable. When a hole is made with a spade the surrounding soil is left in its hard condition. The result is that the roots find it difficult to start. They are cramped in the tight quarters of the hole and cannot pierce the surrounding hard wall of earth. With dynamite a large clean hole is blasted out, and, in addition, the soil on all sides is loosened for five or six feet. When the tree is planted the young and tender roots force their way with out effort through the crevices, sucking up nourishment, and commence to grow from the moment they are set without any retardation whatever.

**Contrary to Fact.**

The phrenologist was examining the bumps on Sambo's head.

"Curiosity and acquisitiveness abnormally large."

Sambo rolled his eyes/Is and showed two rows of white ivory.

"Imitiveness, causality and conscientiousness small, which with your weak mouth indicates"—

"Don't you be so shu' 'bout me habtin' a weak mouf. I kin crack nuts in ma teef."—Satire.
