VOL. VII.

JACKSONVILLE, JACKSON COUNTY, OREGON, JUNE 7, 1913

NO. 5

## WHERE TO REGISTER

### List of Official Registrars For the Various Precincts.

Precinct	Name of Registrar
Antioch	Mrs. Sarah Gordon
E. Ashland	G. H. Billings
W. Ashland	Susie Allen
S. Ashland	Mrs. Jessica Potter
C. Ashland	J. A. Lemery
Ashland Boulevard	C. L. Loomis
Applegate	Miss Gladis Rose
Barron	Fred C. Homer Jr.
Big Butte	E. E. Smith
Climax	
Central Point	J. N. Jacobs
Eagle Point	J. V. McIntyre
Flounce Rock	T. B. Higginbotham
Foots Creek	G. W. Matthews
Gold Hill	A. J. T. Smith
North and South Jacksonville	Register with Clerk Lake Creek
Lake Creek	
Meadows	John Mitchell
N. W. Medford	L. B. Cameron
Oakdale Medford	Frankie Edwards
S. W. Medford	W. S. Hammond
S. Main Medford	Miss J. Butler
N. Main Medford	Miss H. Yockey
N. E. Medford	W. H. Humphrey
N. Central Medford	Fred Snedcor
S. E. Medford	
S. Central Medford	E. C. Hogsett
Mound	E. J. Odell
Phoenix	A. H. Fisher
Rock Point	Mrs. I. T. Galliger
Sams Valley	F. H. Hauptman
Sterling	Mrs. Ansil Gilson
Talent	Miss Leta Luke
Trail	Mrs. M. E. Middlebush
Union	
Watkins	John Byrne
Willow Springs	Mrs. N. McNasser
Wimer	J. E. Smithpeter
Woodville	G. F. Wertz

## Buncom Reports.

Lee Saltmarsh was on the streets Wednesday.

R. G. Jennings and family were in town recently.

Mrs. J. M. Donahue was in Medford Wednesday.

Wilbur Cameron and wife were visiting C. C. Pursel and family Sunday.

Dora Saltmarsh was the guest of Mrs. W. R. Garrett Tuesday evening.

W. L. Barzee and family spent Saturday night with Mr. and Mrs. Harley Hall.

The entertainment at the Uniontown school was enjoyed by a large crowd.

Hay cutting has commenced in this community.

The road workers are now working

A. S. Kleinhammer spent several days in Medford this week.

Fred Coppel was in Medford last week.

Ralph Jennings and family took dinner with Mr. and Mrs. Ansel Gilson Sunday.

between Goldaby's and Parks. They are doing fine work.

Lou Stone and family was up Little Applegate Sunday.

Frank Crump was in Medford last week.

Frank Cameron is busy cultivating and expects to cut hay soon.

T. L. DeVore and John Lyden attended the entertainment at Uniontown.

## Debenger Gap.

Mr. and Mrs. Elbert Glass and her sisters Miss Mattie and Ollie Gordon of Beagle spent the latter part of last week with their relatives Mr. and Mrs. Jack Vaughn of Prospect. They also attended the dance at Prospect Saturday night and returned home Sunday.

Jasper Hanna of Debenger Gap spent Friday, Saturday and Sunday in Medford.

Mrs. Mary Gage of Debenger Gap has been suffering for the past two weeks from a severe attack of what appears to be acute bronchitis, is slightly improved this week.

Joe Hanna Jr., of Trail made a business trip to Medford last Monday.

A baseball game was played last Sunday between the Beagle Sluggers and the Prospect team at the grounds near G. Vincent's house. Prospect won by a score of 24 to 12 but nevertheless, Beagle Sluggers had a hard team to play against so don't get discouraged but just practice more and harder than ever. You have good strong, active and husky players therefore there isn't any reason why you should not make one of the leading teams of the valley if you will only practice.

George Stacy and his son, Roy, who have been working at Persist for some time spent part of Sunday and Monday at their home at Beagle.

## A Good Investment.

W. D. Magli, a well known merchant of Whitewater, Wis., bought a stock of Chamberlain's medicines so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. For sale by all dealers.—Advertisement.

## THUNDER STORM SUNDAY

### Lightning Kills Horse. An Unusual Occurrence in This Region.

The heat Sunday evidently stirred up an unusual quantity or force of electrical current in this vicinity, making timid ones sit up and take notice. The storm began with a high wind from an easterly direction, accompanied by several vivid flashes of lightning and several claps of thunder, one of which was very sharp and loud, indicating that the electric fluid scorching the hair along one side of the animal's neck. No other damage was done so far as could be learned. The occurrence, which was a very unusual one for this vicinity, caused considerable excitement, quite a number of people visiting the scene and viewing the stricken animal.

In fact the "stroke" was near, a horse belonging to Mrs. Blackwood, of Phoenix, hitched to a tree near the residence of Sid Nichol, on California street, was struck and instantly killed.

## SENIORS RECEIVE DEGREES

### Program for Commencement Week is Announced.

University of Oregon, Eugene, May 28.—Ninety-seven bachelors of arts, fourteen graduates in engineering branches, one master of music, nine masters of arts, fifty-five bachelors of law and fifteen doctors of medicine will be graduated from the University of Oregon at the commencement which has been set for the week beginning Sunday, June 15. The departments at Eugene, with their 1 1/2 graduates, not counting the masters of arts, come within one student of equalling the banner record of last year, when the numbers jumped from 76 to 113. The senior class, while it is one of the two largest ever completing the work here, is the smallest class now on the campus. The indications are that the next three classes, who are now the juniors, sophomores and freshmen, will each come to the point of graduation with an increase of nearly twenty per cent in numbers over the class in each case immediately preceding. This means that the number of graduates will again double in numbers in the next five years. Counting in the law and medical departments, which are in Portland, this year's class breaks all records.

## COUNCIL MEETING

### Regular Session Tuesday Evening. Bills Allowed. Sprinkling Discussed. Adjourned to Friday Night.

The regular June session of the city council was held Tuesday evening.

Present: Mayor Britt; Councilmen Fick, Florey, McIntire and Ulrich; Recorder Stansell; Attorney Hanna; Marshal Jones. Minutes of previous meetings read and approved.

The question as to the status of the water main north of Blocks 69 and 70 was discussed at length, but no definite action taken in the matter.

Claim of H. S. Bowen for \$10.00 on account of damage to tomato plants caused by water superintendent blowing out fire hydrant on Oregon street, was allowed and ordered paid.

The matter of street sprinkling was again brought up and discussed at considerable length by the council and others; the question as to who should pay for the service being disputed. Mr. Wetterer being present contended that it would be unfair to other taxpayers of the city if the council should pay for sprinkling the principal street alone; that dust is as plenty and just as annoying on some of the residence streets as it is in the business districts and that the private citizen was as much entitled to the service as was the merchant. The matter was continued until a future meeting.

The usual bills for supplies, labor, etc. were presented, audited and ordered paid.

The recorder's report showing receipt of \$8.45 during month of May, was presented and ordered filed.

The question of conserving the water supply at the dam was discussed at length and on motion the water superintendent was directed to take proper measures to reclaim the water now escaping through leaks in the dam.

Attorney Hanna stated that he had several ordinances for the consideration of the council, but consideration of the same was deferred until Friday evening, to which time council then adjourned.

## ABOUT REGISTRATION

### New Law goes Into Effect June 3. County Clerk is Sending Out Following Letter.

Jacksonville, Ore., May 31, 1913  
To All Official Registrars:

Under separate cover you will receive the necessary supplies for the purpose of registering voters in your precinct.

All the writing must be with good ink, black and of a quality so it will not fade out. Each voter will be required to sign two sheets and one card, and two witnesses will have to sign each of the sheets but not the card. When you register an elector be sure that same is a resident of the precinct for which you have been appointed and are registering, as it is against the law for any one to register in a precinct unless they are a resident of that precinct at that time.

Care should be given to be certain that the Post Office address is invariably correct for a person may live in a precinct by the name of a different Post Office from which the precinct name is derived, for instance; a person may live in Central Point precinct and get their mail from Medford Post Office.

Under the new law you may start registering about the 3rd of June and continue to register until within 30 days of a general election and 15 days next preceding a special election. Every citizen and persons having taken out their first papers (if papers have been out one year or more) may be registered that are above the age of 21 years. As to registering married women, you will remember that a married woman takes up the citizenship of her husband, therefore an American born woman that is married to a foreigner who has not had his first papers out a year or more is not entitled to vote any more than her husband, so should not be registered; while on the other hand a foreign woman married to an American citizen can vote and should be registered. A foreign woman that is unmarried should be considered the same as a foreign-born man as long as she remains unmarried. If it should occur that an elector will complete his residence, or reach the age of 21 years during the period in which the registers are closed, he may be registered any time within four months next preceding the closing of the registration, but you must indorse

in red ink "Qualified to vote . . . . 19 . . ." No charge shall be made an elector for registering. No person shall be allowed to vote that has not registered but fails to vote at the next or any of the following general elections will have to register again before being allowed to vote. If an elector desires to change his political affiliation he may register again, and must re-register when he moves from one precinct and gain residence in another, in each instance he shall surrender his certificate of registration which shall be cancelled and mailed to this office, and in case the certificate has been lost or destroyed such elector shall produce before you two witnesses who shall sign an affidavit under oath that such is the fact. I will furnish you a few of the necessary blanks for this purpose later.

At the end of each week you will mail all registrations including the cards both sheets to this office, one of the sheets will be mailed from this office to the proper person, so you can see the necessity for the correct address. I will send blanks for you to keep the names of persons registered so you can check up your fee.

Very truly yours  
G. A. GARDNER  
County Clerk.

## GREEKS PLEAD GUILTY

### To Hold-Up and Attempted Robbery. Fined \$50. each, by Justice Dox.

Tony Kapianski of Tacoma, Wash., and Lewis Mannie of Philadelphia, who were arrested by the sheriff of Siskiyou County, Cal., and brought to the county jail here by Sheriff Singler, charged with holding up Rob Angelo in the mountains south of Ashland, beating him and attempting to rob him, plead guilty before Justice Dox at this city Monday morning and were each fined \$50.00, in default of the payment of which they were placed in the county jail.

It is expected that the father of Kapianski, who is said to be a well-to-do resident of Tacoma, will pay his son's fine. The pair secured no money from Angelo, for the simple reason that he had none on him.

## FOR PURE WATER

### Government Will Assist Towns to Maintain a pure Water Supply.

Washington D. C., June 3.—Secretary Houston has just approved an agreement between the Department of Agriculture and the town of Safford, Arizona, by which the Forest Service and the town will cooperate to conserve Safford's water supply, which comes principally from the Crook National Forest.

This is the latest one of many such agreements. According to the figures of the Forest Service there are nearly 1,200 cities and towns in the West which derive their water supply from lands within the National Forests. Where these cities desire it the Government joins hands with the citizens for the purpose of maintaining a permanent and pure water supply.

Stock raising, for example, or any other occupancy of the land, which ordinarily would be encouraged would be inadvisable on a watershed which forms a source of drinking water. The Forest Service recognizes that water is as necessary a commodity for wooded hillsides to supply as are sawlogs or mine props. A watershed may offer an opportunity to furnish the greatest benefit to the largest number through supplying an unpolluted source of water for domestic purposes.

Contracts like that just made with Safford are now in force with Cascade, Colorado Springs, Durango, and Manitou in Colorado; Salt Lake in Utah; and Baker City and The Dalles, Oregon. The famous Bull Run watershed, which supplies Portland, Oregon is on the Oregon National Forest.

The cooperative agreement in each case provides that the land may not be used without approval by the town, except for the protection and care of the forests. The Government agrees to extend and improve the forests by seeding, planting, and forest management, so far as the funds for that purpose are available. The city, for its part, assists by paying the salaries of the additional guards necessary to carry out the agreement, and contracts to bear the greater part of the cost of any improvement work which is considered immediately desirable.

## WENT CRAZY ON TRAIN

### Demented Woman Attempts Suicide Upon Train Saturday--Placed in Hospital in Ashland.

An unidentified woman became insane upon Southern Pacific train No. 16 Saturday and was with difficulty restrained from throwing herself from the window of the moving train with suicidal intent. She was taken from the train at Ashland and taken to Granite City hospital, where she still is.

E. Hughes, who boarded the train at Dunsuir, states that the woman was, as nearly as could be learned, en route from Los Angeles to Portland. She stated that she had left her husband for another man and that the latter had left her, taking her boy and \$100,000 of her money. At one time she said the boy was 10 years old and at another that he was 16. She attempted several times to leave the train and Mr. Hughes states that it was all that three women and himself could do to keep her from jumping through the window. The train crew telegraphed ahead and Dr. Parsons, the company physician, and the chief of police met the train and took her to Granite City hospital and placed her under the care of Dr. Swendenburg. Mrs. E. A. Hunter, who boarded the train at Hornbrook, assister in caring for her and offered to have her taken to her own home, but it was thought wiser to place her in the hospital.—Tidings.

## Oregon Sidelights.

Eugene's council has placed with a Portland firm an order for a street flusher.

Newberg Graphic: It is hardly safe to wear a smile when you visit Portland these days lest you be taken for a candidate for commissioner.

Work is in progress on three business blocks at Lebanon and several cement gangs are trimming up Main and Sherman streets ahead of the paving operations.

A well bored on the Fleishauer garden tract west of McMinnville was abandoned at a depth of 450 feet. At 150 feet basaltic rock was struck, which continued for 40 feet, and the balance of the way was entirely through shale.

In the rush for land the women are not left out of the excitement. The Marshfield Record tells of three Coos Bay women who have gone to the Fall creek country, where they will locate on homesteads. They are Margaret Fox, Myrtle Miller and Leona Haller.

A movement to clean up the cemetery at Klamath Falls has been started by Deputy Sheriff Brewbaker, who complains that "stray cattle graze and weeds infest the place where grass and flowers should grow." The fence is down in most places, too, he says.

McMinnville News-Reporter: W. D. Williams, at one time publisher and editor of the Telephone Register, is now publisher of the East Tennessee Farmer of Knoxville, a journal devoted to the general farming industries of Tennessee. Mr. Williams is putting out a great booster paper for that section of the United States.

Because a municipality emerges from the village class and takes on city airs, it does not necessarily follow that the shade trees should be cut down, in the opinion of the Forest Grove Press, which proceeds further to remark: "It was our beautiful shade trees which caused the late President Hays to exclaim: 'The prettiest town in Oregon!'"—Journal.

## TEXTBOOK COMMISSION

### Some of the Works for Use of High Schools Chosen at Salem.

Salem, Or., June 3.—After consuming the forenoon in considering the text-books submitted to it, the State Text-Book Commission today finally adopted the following books for the high schools in the state: Hopkins' physical geography, new; Hunter's biology, new; Webster & Wells' high school arithmetic, re-adopted; Lyons and Carnahan's bookkeeping, re-adopted; Wells & Hart's algebra, re-adopted; Forman's civil government, new; Bottsford's ancient world history, new; Myer's medieval and modern history, re-adopted; McPherson's chemistry, re-adopted.

The commission also took tentative votes on a number of other text-books.
