In another column appears the statement of the Bank of Jacksonville, at the close of business June 4, which shows cash on hand and due from approved reserve banks a total of \$14,130.10 which is over 35 per cent of the total deposits and indicates that the business is conducted upon conservative lines. A Man Must Rubber' Washington, June 11.—"All men are rubbernecks," was the variation from the scriptural saw sprung by Chief of Police Peterson, of Oakland, Cal., here today on the police chiefs' convention when a discussion of styles of women's dress and the advisability of stamping out the tango and the turkey trot came up. "Any normal man," said Peterson, "would look around and rubber when he saw women wearing dresses chopped off at the ankles and the neck, split up to the knees and fitting like a glove." Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets correct that and the headache will disappear. For sale by all druggists.

THE SCHOOL ELECTION

Will be Held Monday, June 16. All Interested in the Welfare of Schools Should Attend

To the Editor: May I call your attention to the fact that there is no more important day in the year, as far as our State is concerned, than the Annual School Meeting Day, which occurs this year on the 16th day of June? The people get in any form of government about what they demand, and if only three or four people attend the Annual School Meeting, it shows that their demand is lacking. School officers and teachers become discouraged and, as a consequence, poor results follow. May I ask you to publish an editorial calling attention especially to the Annual School Meeting, and asking that the whole population go to the schoolhouse, look into conditions and make plans for the year? I find that some districts have much better schools than others, although they spend but little, if any more, money. It is not all a question of expenditure; it is a question of looking after things and having the right kind of co-operation. Members of the School Board of the State receive no pay, and are very seldom thanked for what they do. A few schools last year made much of the Annual School Meeting Day; took time to look over their property, suggest improvements, and plan for the future. In each of those districts conditions improved at once. I am sure a man or woman who attends the Annual School Meeting and does his duty, will feel more like celebrating on the Fourth of July. I assure you that your co-operation in this matter will be appreciated. Very sincerely yours, L. R. ALDERMAN, Supt. Public Instruction

BREAKS RECORD

New Submarine boat stays under water more than 31 hours.

Long Beach, Cal., June 11.—At noon today the Cagle submarine, the invention of John M. Cagle of Long Beach, holds a new world's record for submergence, having been under the water for 31 hours. The previous record of 24 hours was made by the United States submarine Octopus at Narragansett Pier, R. I., in 1907. Word came from the boat this morning that everything is in good shape and it is expected the boat will stay down until 5 o'clock this afternoon, as originally planned, making a record of 36 hours. Guy V. Hoopengartner, business manager of the submarine boat company and a former telegraph operator, has been constantly at the wire which connects the boat with the Postal Telegraph company's Los Angeles office, keeping in touch with the upper world and sending hundreds of messages from the bottom of the sea to all parts of the country.

FALSE STATEMENTS BARRED

Act Passed by Last Legislature Reads as Follows:

Section 1. Any person who shall wilfully and maliciously circulate and transmit to any person or persons any false statement, rumor or suggestion, written or oral, which is directly or by inference derogatory to the financial standing or reputation of any bank, banking institution, or trust company doing business in this State, or who shall counsel, aid, procure or induce another to start such false statement, rumor or suggestion shall be guilty of a misdemeanor and upon conviction thereof shall be punished by imprisonment in the county jail for a period not less than one month, or by a fine of not less than \$250 nor more than \$500, or by both such fine and imprisonment.

MARRIED

HUSS-LANSING—At the Catholic chapel, in Medford, Oregon, Thursday morning June 12, 1913, by Rev. O'Neil; William Huss of Austin, Minn. and Miss Irene Lansing, of Medford.

RUCH-BOYLAN—At Medford, Wednesday June 11, 1913, by Father O'Neil; Casper M. Ruch and Miss Anna Boylan.

Boasting for Eugene's roses show the Guard says no city can boast of more beautiful roses than Eugene's, and the spirit that backs the annual show is the kind that makes cities out of villages. Wherefore the Guard exclaims, "All honor to the rose spirit!"

Extended Railroads

Oakland, Calif., June 14.—The only stretch elevated railroad west of Chicago being built in California, at the Oakland terminal of the Southern Pacific company. It is to accommodate the numerous suburban electric trains that pass at that point with passengers between the east bay cities and San Francisco. The rails will be carried on a double track, allasted deck structure, extending for a distance of 3344 feet, or about twenty-two blocks. The roadway begins to climb at the foot of Twentieth street to the present right of way, entering the new Sixteenth street depot on the second floor. Here suburban passengers are handled without mingling with those for main line trains. Leaving the depot, the elevation is maintained, the track paralleling the street tracks and allowing the freight trains to pass underneath at Elcoveh street to the railroad yards. The surface is again reached at the foot of Ninth street. These changes are made to prevent congestion, for the traffic out of the Oakland terminal is very heavy. Street cars and teams will cross under the overhead tracks in going to and from the Oakland municipal wharves on the western front, steel viaducts having been erected to allow ample clearance over tracks and streets. Four tracks will carry passenger traffic between the Sixteenth street depot and the Mole, two for electric lines only and two for through and local steam trains. It is said that these facilities will greatly expedite the handling of ferry traffic during excursions and celebrations, and, in particular, during the Panama-Pacific International Exposition in 1915.

BETTER THAN SPANKING

Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. Rowan Drug Co., Dept. 1475, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a 50c. package securely wrapped and prepaid Absolutely Free to any reader of The Jacksonville Post. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old Reliable House, write to them today for the free medicine. Cure the afflicted members of your family, then tell your neighbors and friends about this remedy.

Help Fight the Great Red Plague

Citizens of the state are urged to inform themselves regarding this plague which is causing great suffering among boys and young men, and especially among the impressionable girls and women of the state. Parents are urged to protect their children, and provide clean, wholesome information in place of the unclean misinformation they cannot now help getting.
