There is only one way to cure deatness, and that is by constitutional remedies. Deatness is caused by an inflamed condi-tion of the mucous liming of the Eusta-chian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deatness is the result, and unless the in-flammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condi-tion of the mucous surfaces.
