JACKSONVILLE, JACKSON COUNTY, OREGON, NOVEMBER 29, 1913

NO. 30

## JESSIE WILSON MARRIED

To Francis Bowes Sayre, Tuesday, Couple to Visit Europe.

Washington, Nov. 25—Miss Jessie Woodrow Wilson, second daughter of the President and Mrs. Wilson, was married today to Francis Bowes Sayre of New York.

The ceremony was performed at the White House in the presence of close friends, a few high officials of the government and members of the diplomatic corps. While the bride's desire for simplicity was the ruling note the scene was one of rare brilliancy.

Mr. and Mrs. Sayre left tonight for their honeymoon in Europe, the itinerary of which is unannounced.

Upon returning in January, Sayre will become assistant to President Garfield of Williams college.

The wedding ceremony, the double ring service was performed by the Rev. Dr. Sylvester Beach, of Princeton, assisted by the Rev. John Sayre, brother of the bridegroom. The service was a blending of the Episcopalian and Presbyterian forms.

## Buncom Reports.

Al Loomis has gone to Klamath Falls to buy a bunch of stock cattle.

Mrs. Mable Strand was in town last week.

Mr. and Mrs. John Cantral were visiting Mrs. Dora Saltmarsh Friday.

Minnie Walters who has been visiting at the Taylor ranch went to her home on Williams creek last Friday.

Hollis Parks made a trip to Ashland last week.

Mr. and Mrs. J. F. Crump and family were visiting Mr. and Mrs. J. Goldsby Sunday.

Felix Cimborski spent several days in the city last week.

Mrs. Kate Stephenson and son Homer were in town Monday.

Mr. and Mrs. Henry Taylor were visiting Mr. and Mrs. A. Throckmorton Sunday.

Mrs. John Cantral was the guest of Mrs. William Arthur Sunday.

Mrs. R. Jennings and sons took dinner with Mrs. Ansel Gilson Sunday.

Miss Alice Palmer was a recent visitor at A. S. Kleinhammers.

Dr. W. Cameron and family had an exciting runaway last week while on their way to town near Ruch, the shafts to the buggy broke so did the lines the rig tipped over and family was thrown

out, no one was hurt. The mare was soon caught and was taken back to the Cameron ranch. The family went on in to town, and the remains of the buggy is still at Ruch.

William Gray, Ed Smith and Mathew Ray took dinner at J. Goldsby's first of the week.

George Pursell was busy delivering lumber this week.

C. R. Pursell is working on the Taylor ranch.

Arthur Hall is delivering wood for Frank Preston of Medford.

John Cantral was in town this week.

Mr. and Mrs. H. H. Taylor were in Medford Monday.

W. T. Bostwick is still moving to Jacksonville.

Ottis Buck who has been on little Applegate for several weeks has returned to his home at Ashland.

Walter Creg of Sterling was at Ruch last week.

J. F. Crump took a load of apples to Sterling last Tuesday.

## Redmen Will Hold Pow Wow

State organizer S. W. Canning of the improved order of Redmen is in our city in the interest of the Redmen pow wow and class adoption in Medford to be held on Saturday evening December 6. Pocahontas Tribe No. 1 of Jacksonville is the oldest Tribe in the state of Oregon, and Papa Adam Schmidt the only charter member, therefore the oldest member of the organization in Oregon. The local Tribe boasts of some of our best citizens, Judge Hanna was a prominent Redman, also a good many of our old settlers. The Redman Organization dates back to the year 1765. The Boston Tea Party were members of this Organization. It is the oldest American Order of American origin, admits only American and is very patriotic in its principles. It has a membership of over half a million in the United States. The local Tribe here was organized in 1868.

## Booze Fighters Unkind

Mrs. Virgil Davis and Mrs. Mona Mason, two well known ladies of Harrisburg, were in town this morning. Mrs. Davis, while renewing her subscription to the Democrat, stated that before the election in that place she was never troubled by men drinking, as they then drank in the saloons. But now they are forced to drink in the streets, and Mrs. Davis says a result she picks up two or three empty bottles in her front yard every morning.—Albany Democrat

## DEER OUT OF SEASON

Ball Players Arrested in Raid by Game Wardens.

A raid conducted jointly Monday by game wardens of California and Oregon on a deserted mining cabin on Dutch creek, near Hutton on the California side of the border, yielded six San Francisco Coast League players as prisoners for violations of the game law. Carcasses of two deer, rifles and ammunition in wholesale quantities were confiscated. The prisoners are Jerry Downs, Harry Hughes, J. Clark, H. Mundorf, Wm. (Happy) Hogan, Louis Pepulveda.

The ball players established themselves in winter quarters several weeks ago. The wives of three of them, Downs, Clark and Hogan, recently joined them. Hogan was left with the women and the other players taken to Yreka today. The prisoners say they thought they were so far out of the world that hunting was safe and admit securing an abundance of game. They take their arrest good naturedly.

The retreat was located several days ago by Wardens Sandry, Hubbard and Merrill of Oregon, who notified Deputy Commissioners J. S. White of Redding and John Harris of Yreka.

## Fisherman Fights Sharks

San Diego, Cal., Nov. 25—Standing ankle deep in water on the submerged surface of a "sneak" boat only three feet wide and six feet long, Ad Pearson, a hunter, fought off for more than an hour a school of sharks in San Diego bay early today and drifted within a few yards of shore just as his frail craft capsized. Pearson was picked up exhausted at daybreak on a spit of land known as Curlew Point. The sharks attempted to wreck his small boat when he was on his way to the clam beds near Pacific Beach, and followed him, rocking his boat, until he managed to get to shore.

## Klamath Railroad Fails

The Klamath Lake Railroad, extending about twenty-seven miles from Thrall, on the main line of the Southern Pacific, to Pokegama, filed application with the State Railroad Commission today for permission to abandon operation of its road. This is the road which E. T. Abbot of Ashland formerly had supervision.—Klamath Herald

Don't post unsightly, scrawled notices when you can have them neatly printed at this office for a small charge.

## HUERTA FORCES DEFEATED

By Rebels in Week's Fighting Wholesale Killing.

El Paso, Nov. 25—The federal forces which engaged Villa's rebels near Tierra Blanca the last two days, have been defeated and routed according to official messages sent tonight by General Villa to the rebel chiefs at Juarez. Villa's message said the federal troops were in "disgraceful retreat" to the south and his forces had captured all the federal artillery and three of the seven trains on which the federals came to battle.

Fierce fighting was in progress late tonight on the right and the west flank of the rebel troops south of Juarez where General Caraveo is commanding the federal column. It is reported he is making a desperate attempt to break through to Juarez. One hundred and sixteen rebels are cared for at Juarez.

A wounded rebel officer brought to Juarez for medical treatment says a number of Salazar's federal volunteers captured in the fighting this morning were brought before Villa who ordered them executed in a filed order which was carried out immediately.

The officer thought 30 or 40 men were executed under the order. As far as known only two federal officers captured since the fighting began have been spared. Many rebel soldiers are wearing uniforms taken from the executed prisoners. The prisoners were forced to strip before being shot so the clothing may not be damaged.

El Paso, Tex., Parties of Mexican rebel soldiers were searching the desert south of Juarez Wednesday for the victims of their battle with the federals Monday and Tuesday, in which the latter were decisively defeated.

Estimates of the number of killed varied from 300 on both sides to a total of 1500. The first figure seemed certainly too low. The latter was perhaps an exaggeration. The wounded however, were fully twice as numerous as those who perished outright, and of the wounded it was evident that a frightful proportion would succumb.

El Paso, Tex., Nov. 26—Arriving from the front at Juarez at noon Wednesday, General Milla issued the following statement through the United Press:

"Nothing I could say would make matters better. It is what my valiant soldiers did that speaks loudly and convincingly. They fought for a just cause and they triumphed.

"Madero's death is avenged. Soon constitutional government, just as our great martyr, Madero would wish.

"Tell your country that I will always protect Americans. Should the federals aim another attack at a border point I shall go to meet it within our own country, as I met the enemy at Tierra Blanca.

"I want your friendship and I tried to show it. No bullets will fall on American soil while I am in command."

## PORTLAND LETTER

Livestock Show to be of Unusual Scope. Creamery at Junction City a Success.

Portland, Ore. Nov. 25, 1913 (Special)—From all over the West, and from some of the Middle Western states, come reports of intending exhibitors at the International Livestock Exposition to be held at the Portland Union Stockyards, December 8-13. Guernseys from Wisconsin, Holsteins from Arizona, Hereford and Shorthorns from Montana will be seen on dress parade by the side of fancy livestock from the agricultural colleges of California, Idaho, Washington and Oregon. Stump's herd of Jerseys from Monmouth, Oregon, from which the grand champion heifer for the United States at the National show in Chicago was taken, will be entered, and the Brown, Minor and Dunn Shorthorns are also on this circuit. Many entries of sheep from the most prominent flocks of the Northwest will also be shown.

The exposition officials have been fortunate in securing the services of some of the most famous livestock judges in the Union to take care of the classes. Practically all the men selected have been judges at the International Livestock Exposition or the National Dairy Show at Chicago and all are noted for exceptional ability and fair-

ness. Commercial and booster clubs all over the Northwest are enthusiastically stirring up interest in the event full special car parties are promised from a number of the cities of Eastern and Central Oregon and it is expected that many people all over the country will take advantage of the reduced railroad rates.

The report of the Junction City Creamery just published proves that the industry has been a success in every way. This creamery was organized eleven months ago and during that time 84,000 pounds of butter has been made about 5,000 pounds of which has been used by the farmers themselves. The remainder sold for \$25,094, buttermilk for \$273 and cream for \$487, making a total of \$26,095. Of this amount the farmers received \$22,240, less than 1 cent per pound for running expenses. The average price paid for butter during the last 11 months was 34 cents per pound, and the farmers received \$1,200 more than if they had sold their products to private creameries.

President W. J. Kerr, of the Oregon Agricultural College, has recently been in conference with the Secretary of Agricultural and other officials at Washington regarding larger co-operation by the Government with the state in its agricultural work, and has been assured that the department of farm management will contribute money for the promotion of boys' and girls' clubs throughout the state and also co-operate with the college in every way for the extension of agricultural education. President Kerr was much interested in the bureau of marketing and has asked that the department send experts to Oregon to show how to get better markets and better prices for farm products.

At a recent meeting, in Portland, of representatives of the Willamette Valley Exposition Association, it was determined to make the San Francisco exhibit in the nature of a diversified farm display. It is expected this will require a space not less than 20 x 100 feet and that sufficient material will be provided to occupy a similar area in the Oregon state building.

## Electric Sparks

Somehow we like New York better now.

It may be the "same old Tammany" but it will never look the same.

Chrysanthemums and ultimatums have never been finer than they are this season.

British suffragettes are to raise an army. "Tramp, tramp, tramp the girls are marching."

Here is another doctor with courage. He says that the vermiform appendix is not one of nature's mistakes. No it's a doctor's blessing.

Though the Carranzists may control two-thirds of Mexico, Huerta's one-third seems to have all the telegraph lines.

So far nobody's slumber has been disturbed by the noise of the high cost of living falling down.

The Tammany leader evidently feel satisfied that liars have their victory no less renowned than war.

His ability to slide out of any situation seems to stamp Huerta as a typical Greaser.

Yes they are busy explaining how they knew the election would result just as they did.

To be frank we have neither the time nor the inclination to sympathize with those fellows who are worrying over the income tax law.

A Virginia court has decided that a wife in some cases may be the head of the family. One by one our rights are knocked out.

Any plan that will eliminate Huerta will be satisfactory provided Huerta will agree to it.

Indianapolis adopted a striking method of securing advertising free.

Truth is stronger than fiction, and very often it is ugly. The truth about New York politics for instance.

Will anybody shed a tear for the fate that has overtaken Murphy or Tammany? What! Nobody? Oh, very well.

Massachusetts must be a dreadfully crowded state, where the meteors narrowly miss people when they fall.

Will Murphy now send word to Sulzer, that he is "the same old Charley?"

Still it must be remembered that Tammany has always boasted of its ability to "come back."

Now that Sulzer has been used to a good purpose, let him look out for the dumpcart man.

Certain rumors assert that down in Mexico Uncle John Rockefeller has been pulling some of the tail feathers out of Uncle Andy Carnegie's dove of peace.

## PROMOTERS BUSY

Sold Siskiyou Mountain Peaks as Farms. Will Stand Trial.

Portland, Ore., Nov. 24—The most important trial that United States Attorney Clarence Remmes has had since he took office last June will begin next Monday afternoon when the case of John T. Conway and Frank Richet, Portland promoters, charged with use of the mails to defraud, will come on for hearing before Judge Bean.

Conway and Richet were indicted in March of 1912, but the continued ill health of Richet has kept the case from coming up for trial until this time. As the principal members of the Oregon Inland Development company they are charged with the overexploitation of the Hyde-Benson-Weason school lands.

Witnesses from nearly every state west of the Mississippi river have been summoned by the government and they have begun to arrive. Between 50 and 60 witnesses on hand today were people from Kansas, Oklahoma, New Mexico, Minnesota, Iowa and California.

Some of the land involved is in Jackson county—snow clad mountain peaks sold as farms.

The Orinda Addition to Klamath Falls was promoted by the defendants. It is six miles from Klamath Falls, by the present road, and four or five miles in an air course. This was planned more than a year ago and, accepted by the county court and filed as an addition to Klamath.

## Secretary Lane Rattling "Bones"

Secretary Lane of the Interior Department has been driving it home to Washington that the cause of the complaints that have been coming from the people of the west in tremendous volume during the past years must be alleviated. He takes issue against the policy based on the theory that the government of today must fight battles to extend over future generations, and also exact toll for the treasury before the interests of the living generation come in for even scant consideration. The Secretary is not patient with the idea entertained by a branch of the national government which has been apparent to a disagreeable extent in the land office, where homesteaders are nearly always treated as though they were speculators in disguise, and are frequently held up for years before coming into the long restricted possession of the little ground which they have struggled to possess. The Secretary is a practical man of the west who knows the problems before, and there is growing confidence that he is "getting away" with his job.

## Rural Credits Next Winter

When the regular session of Congress convenes in December, and assuming that the currency legislation will by that time take its place on the statute books alongside of the tariff law, one of the great problems of Congress will be legislation to better the condition of the American farmer. Senator Gore of Oklahoma has been back to his state and has spoken specifically concerning this question on a number of occasions. It will be recalled that during the past two years there have been many excursions to many European countries where they have gone for the purpose of investigating conditions respecting farm loans, with a view to more modern methods of handling the matter in the United States. Somehow or another Congress and the Administration seem to feel that it is much more difficult for farmers to obtain loans than anyone else, and propose to take up the subject.

The next startling film will be one showing the kicking out of Murphy with Sulzer doing the talking.

Mexico's city rumor factory leads the world in volume of output.

Say what you will about foot ball it discourages the mollusc.

This country has become so level headed that the only insanities that disturb it are those in the Calcebra cu.

Up to the hour of going to press Gov. Foss of Massachusetts had not taken advantage of the opportunity to change his politics again.

Electricity is a great civilizer. Here is China threatening to discard its picturesque decorations for the more urbane form of electric chair execution.

Good printing costs no more than the poor kind. Leave your orders at this office. We do good work at reasonable prices.

# DON'T Be in a Hurry to Buy. We Can Save You Money

If you don't believe it give us a trial. We have the finest and best stock of staple merchandise in Jacksonville, and strictly guarantee everything we sell.
