**Is it a Joker or a Blunder?**

The proposed constitutional amendment abolishing the death penalty in Oregon, contains a joker, or a mistake which would defeat the object of its supporters should the measure be approved by a majority vote. The mistake is in this: the proposed amendment reads as follows:

"Section 35. The death penalty shall not be inflicted upon any person under the laws of Oregon. The maximum punishment which may be inflicted shall be life imprisonment. All provisions of the Constitution and laws of Oregon in conflict with this section are hereby abrogated and repealed in so far as they conflict herewith, and this section is self executing."

Section 1893 of Lord's Oregon Laws, defines the crime of murder in the first degree, and Section 1903, thereof, states that "Every person convicted of murder in the first degree shall be punished with death." Now, the proposed amendment if it carries, will repeal the Section 1903, and does not provide any penalty at all for murder in the first degree, hence criminals convicted of first degree murder would go free. Better look into the matter before you vote. Better still, and the only thing to do is to vote 335 X NO.

**"WET" LEAGUE IN FIGHT OVER COIN**

Only Two "Taxpayers and Wage Earners"

**BREWERS PUT UP FUNDS**

**KNOWING THAT OREGON DRY MEANS BETTER BUSINESS FOR ALL LINES SAVE ONLY SALOONS.**

BY ORTON E. GOODWIN, Publicity Department, Committee of One Hundred.

The great campaign to make Oregon "wet" has failed. The exposure by Dr. Cora Talbott, secretary of the "Taxpayers' and Wage Earners' League," that the organization consisted of two persons, Mrs. Duniway and Dr. Talbott, and was financed by the brewers and distillers to make Oregon "wet," threw the fat into the fire.

The brewers and distillers know that all kinds of business save theirs is better in a dry town.

They know this has been proved by figures and facts from Salem, Oregon City, Roseburg, Albany, Newberg, Ashland, Corvallis, Pendleton and many other towns.

Organization Spreads Untruths. So they organized the "Taxpayers' and Wage Earners' League" to spread misinformation about Oregon dry.

They know bank deposits in dry towns have increased in number and amount. They know bad debts are almost unknown in all dry towns. They know collections are better. They know arrests from drunkenness are almost unknown. They know every dry town in Oregon is prosperous.

So, they became desperate.

"Taxpayers' League is 'Joke.'" Then they organized the joke "Taxpayers' and Wage Earners' League." Dr. Talbott was secretary. She became disgusted when she learned money was being collected by the brewers and distillers by the use of her name, and she resigned.

Then Mrs. Duniway advertised lavishly, announcing that the money the "league" was using was provided by the brewers.

The campaign of misinformation carried on by employes of the league, who are also employes of the breweries and distilleries, is now known all over Oregon.

Brewers Spending Your Money. Every man, woman and child has to spend \$20 a year with the saloons.

If you do not drink, some one else has to pay YOUR share.

So, it is YOUR money the Oregon brewers and Eastern distilleries have been using to persuade YOU Oregon wet will do YOU good. It is believed they expect to spend over \$200,000 of YOUR money.

They know Oregon dry will put them out of business and help every other kind of business in the state. Although the breweries and distilleries know Oregon dry is for better business, prosperity and more work, they are fighting it.

No Saloons; Better Business. We have had bad times with the saloon, haven't we? Why not try no saloon? It can't make things worse and is certain to make things better.

The reason is: Money spent on the saloon cannot be spent for groceries. Money spent in the saloons—much of it goes East. Money spent for dry goods and groceries stays in the towns and makes better business.

The members of the Committee of One Hundred are all Oregonians. Most of them are business men. They ask you to vote Oregon dry, because they know, as the brewers also know, that Oregon dry means better business, lower taxes, more work and a return to prosperity.

For the experience of all Oregon dry towns has proved this to be the case.

**Voters Beware**

The Dental Trust, with all its powerful political organization, is moving heaven and earth to defeat the dental reform bill.

In every town and city members of the trust are out working against the bill.

The Medical Trust is helping the Dental Trust by forcing nurses and druggists, under threat of boycott, to work against dental reform.

All kinds of campaign lies are being circulated to deceive the voters. Don't let the trust scare you.

The trust make the present dental law. Under this law it controls the State Board of Dental Examiners-- every member of that board is a member of the trust.

In this way the competent dentists are kept out of Oregon, and the Trust prevents competition and keep up prices.
