**RECIPE FOR GRAY HAIR.**

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/2 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

MELLOW-SWEET IS TASTE OF 'SPEAR HEAD'

Most Richly-Flavored Chew That Was Ever Pressed Into Plugs

FAVORITE FOR A GENERATION

Red-blooded men with real tobacco hunger find that they can satisfy it only by chewing, and the most wholesome and satisfying tobacco to chew is that made in plug form.

The limit of luxury in tobacco chewing is the rich, sweet, juicy flavor that trickles through your system when you chew Spear Head.

No other chewing tobacco is so mellow, so luscious and so satisfying. No other equals Spear Head for putting a keen edge on your appetite.

Spear Head is made of the world's best tobacco leaf—the choicest of red Kentucky Burley. This leaf is selected for its full, juicy richness with the most painstaking care, is stemmed by hand, is pressed into Spear Head plugs so slowly that not a drop of the rich, natural juice escapes.

Your first chew of Spear Head will open your eyes to the genuine enjoyment there is in chewing. Chew the rich and mellow tobacco that has been the favorite for a third of a century—that's Spear Head. In loccus, wrapped in wax paper.
