Measures To Be Voted at Special Election.

At the request of several readers the Post offers the following suggestions regarding the measures on the ballot for the special election:

300 Yes.
301 No.

Authorizing Ports to create limited indebtedness to encourage water transportation.—Applies only to certain districts in the state. Cannot affect rate of taxes in Jackson county. May benefit business interests of whole state. Vote 300 x Yes.

302 and 303 Stricken from ballot by order of supreme court.

304 Yes.
305 No.

Limiting number of bills introduced in legislature; increasing pay of legislators and lengthens term from 40 to 50 days. Visionary and impractical. Vote 305 x No.

306 Yes
307 No

Would require an impossibility. The provisions of this bill clear as mud to the average voter. Wholly pernicious. Vote 307 x No.

308 Yes
309 No

For uniform classification of taxes. Opens the way for a better system of taxation which when adopted will be uniform throughout the state. Vote 308 x Yes.

310 Yes
311 No

Requiring city, town and state elections to be held at same time and to be conducted by same board of election officers. Is impractical and will result in confusion. Will save no expense and should be defeated. Vote 311 x No.

312 Yes
313 No

Four Hundred Thousand Dollar Tax Levy For a New Penitentiary. The present state prison, while not exactly a palace hotel has been greatly improved in recent years and will no very well for the present. Vote 313 x No.

Government Officials Declare for Pacific Highway.

Whatever Federal aid is granted for the construction of roads in Oregon this year and during the continuance of the war will be allotted for roads extending southward from Portland, toward the California line, a link in the proposed Pacific Highway.

This is indicated by an announcement sent out by the Council of National Defense to all state executives, urging the continuance by the states of work on military highways, and the temporary cessation of work on automobile roads designed primarily to make accessible spots of scenic or historic interest. The announcement, therefore, means that whatever money is advanced to Oregon from the Federal roads appropriation will be applied to the Pacific Highway, and will not be allotted for the road around Mount Hood or the road leading to the Oregon caves.

In the language of the Council, Federal aid should only be granted "for through roads, leading from one center of population or commerce to another" and specific mention is made of the Pacific Highway extending through Washington, Oregon and California, this being cited as the one road system on the Pacific Coast requiring immediate attention.

In this stand the Council approves thoroughly the attitude of the Secretary of War, and endorsed by the Secretary of Agriculture, and as these officials have jurisdiction over the Federal road fund, they will be able absolutely to control the allotment and stipulate on what roads it shall be used.

The farmers who stay at home and raise "bumper crops" are rendering equally as patriotic service as those who "go down into battle."

Men Past 31 Will Not Be Accepted

Washington, May 29.—Men who claim exemption from army draft when they register next Tuesday will be required later to explain fully why they believe they should not be called. Provost Marshal General Crowder announced today. Public authorities will determine the exemption of each individual on the basis of the second and more ample explanation, not on the briefly stated reason given the registrar Tuesday.

All men who are married or who belong to classes which may be exempted will not necessarily be subject to exemption. Furthermore, every man between the ages of 21 and 30, inclusive, must register, regardless of his claim to exemption unless he is now in the army, navy, national guard or naval militia.

Each man must state his full name, age on last birthday, street address, date and year of birth, occupation and the kind of establishment where he is employed, military experience, whether he is single or married at present; whether he has a father, mother, wife or child, brother or sister under 12 years of age, dependent solely on him for support; whether he is a state official; whether he is a native-born American; whether he or his father is naturalized, or has taken out first papers.

Men past 31 should not try to register, as they will be refused and will only confuse the system.

McNary Appointed Senator

Salem, Ore., May 30.—Governor Withycomb last night appointed Judge Charles L. McNary, chairman of the state Republican central committee, and formerly of the supreme court, to the United States senate to succeed Senator Harry Lane, who died in San Francisco last week, and whose funeral was held in Portland yesterday afternoon. The executive reached a decision the latter part of last week to appoint Judge McNary, but, out of respect to Senator Lane, deferred formal announcement of his choice until after the funeral.

Asiaties Will Not Be Imported During War.

Washington, May 30. The government has no intention of suspending the oriental exclusion act or to admit Asiatics to meet the labor demands of the war emergency, Senator Phelan told the senate in saying he had received many telegrams from California labor organizations on the subject.

Senator Walsh said he knew of no such intention on the part of any government department.

Unfit Men Ordered to Leave Training Camp.

San Francisco, May 30. Lieutenant-Colonel Fred W. Sladen, commander of the military training camp, reserve corps officers, yesterday ordered the dismissal of the unfit men from the Presidio camp.

"We want to get rid of those who cannot pass the physical tests at once," he said; "the camp is overcrowded. We cannot waste our time with men who will not last, and it will be better for them to go back to civilian life."

Dirigible Balloon Success

Washington, May 30.—The first of the dirigible balloons being built for the navy, much after the pattern of the British "Blimps" made an entirely successful flight yesterday from Chicago to Akron, Ohio.

Leaving Chicago at noon she landed without mishap at Akron about 5 o'clock in the afternoon, making an air line distance of about 500 miles.

S. P. Will Build 5900 Cars

San Francisco, May 28.—Construction of 5900 freight cars, which the Southern Pacific expects to build to lighten the burden of the car shortage, will commence at Los Angeles and Sacramento in August, according to W. R. Scott, general manager. He stated today that, if material markets permit, the company hopes to turn out not less than ten new cars, of varying types, each day, commencing about Sept. 1.

June 5, Legal Holiday

Portland, Or., May 3, 1917. By official proclamation of Governor Withycomb, War Census day, June 5, will be a legal holiday throughout the state of Oregon.

In his proclamation the Governor calls upon every patriotic citizen to assist in the big task of registering all men of military age, and to make War Census day an event memorable in the state's history.

Jews Of World Want Palestine For Home

Ottawa, May 30. In view of the likelihood of Palestine passing permanently under allied control, Clarence I. Desoie, on behalf of the Federation of Zionist Societies, appealed yesterday to Foreign Minister Balfour, of Great Britain, for the co-operation of that country and the other allied governments in a project to repopulate the Holy Land from the Jewish population of the world. Sympathetic consideration was promised.

Try to Kill German for Insult to Flag.

Helena, Mont., May 28.—Henry Grubisch, a smelter man of German descent employed at the smelters at East Helena, spoke disparagingly of the flag while at work and was with difficulty saved from a mob of Austrians who tried to kill him with furnace pok-ers.

Sheriffs from Helena hurried to the smelters but after they had taken Grubisch into custody a mob forced him to kneel in the mud and kiss the flag.

Centralia Sergeant Goes To Train at Presidio.

Centralia, Wash., May 28.—Charles H. Hoss Jr., first sergeant in company M, who has been selected for the officers' training camp at the Presidio, after visiting his parents here left for American Lake today. From that point all of the men from the 2d Washington infantry selected for the training camp will leave in a body for San Francisco.

Summons.

IN THE CIRCUIT COURT OF THE STATE OF OREGON, FOR THE COUNTY OF JACKSON.

J. D. Bradbury, Plaintiff, vs. Augusta Bradbury, Defendant.

To Augusta Bradbury, the above named defendant:

IN THE NAME OF THE STATE OF OREGON: You are hereby notified and required to appear and answer the plaintiff's complaint against you, now on file in the above entitled court and cause, on or before the last day of the time prescribed in the order for publication of summons herein, to-wit: On or before the 16th day of July, 1917; said date being the expiration of Six (6) weeks from the date of the first publication of this summons and if you fail to appear and answer for want thereof the plaintiff will apply to the court for the relief demanded in said complaint succinctly stated, as follows: That the bonds of matrimony existing between plaintiff and defendant be forever abrogated, dissolved and annulled and that plaintiff have such other and further relief as to the court may appear just and equitable.

This summons is published in the Jacksonville Post by order of the Honorable F. M. Calkins, Judge of the above entitled Court, which said order was made and entered of record on the 2nd day of June, 1917, and in compliance therewith the date of the first publication hereof is the 2nd day of June, 1917.

W. E. PHIPPS
Attorney for Plaintiff.

Now good house wife, there is an important "bit" for you to do. Save the food, don't allow a crumb of bread or particle of meat or butter to be wasted. This your bit. Go to it.

The food question will be taken up with a view of preventing the middleman from interfering with the man at the front.

The secret service men now seem to have the situation so well in hand that plot devising talent may again concentrate attention on the movies.

The separate peace proposals are regarded as mere scraps of paper.

Censorship Rules To The Newspapers

Washington, May 28.—Censorship regulations were mailed to every American newspaper by the committee on public information today.

George Creel, chairman of the committee entirely disclaims any object of suppressing any news except that which would be useful to the enemy. The committee has divided its specification of information which would be useful to the enemy into three classifications: General, naval and military.

In the absence of any law on the subject, the committee believe that the regulations drawn will loyally be supported by the American press.

To Prevent Gouging By Storage of Food.

Washington, May 28.—Immediate consideration of legislation to prevent undue storage of food by dealers was directed today by the senate agricultural committee. It substituted the Lever food bill, passed by the house, providing for a food census and the production stimulation, for a similar bill before the senate and added as an amendment the bill by Senator Poin- dexter, of Washington, to penalize storage of foodstuffs, fuel and other necessities with intent to limit supplies or enhance prices.

Another Shipyard To Be Built Near Warrenton.

Warrenton, Or., May 30. Surveyors, who declined to disclose who their employers are, began work on a tract of land about six blocks outside this place yesterday. It is learned that they are planning another shipyard. The American Shipbuilding company, of Spokane, is now at work razing its yard to completion here. The Clay company is manufacturing its products and the Hammond saw mill will be running within a fortnight. The great need just now is more houses to care for the people.

Vienna the Real Goal

Washington, May 30. The Italian mission visited Annapolis today and later returned to Washington. Recent military events in Italy are being followed with the most tense interest by members of the mission, who say that the fall of Trieste now is inevitable.

Trieste, however, is viewed as a side issue to the main offensive which is now directed toward opening up the road to Leibach, which in turn opens the road to Vienna. Sharp mountains stand before the Italian advance and it is estimated it will cost 500,000 men to pass them. General Cadorna, it is thought, it is seeking to avoid this loss by going around.

Without its regular war cloud the Balkan region after peace comes will have a curiously denatured look.

War Census Day Facts

(Official)
War Census day is Tuesday, June 5. It will be a legal holiday.

Every male resident between the ages of 21 and 30 years, inclusive, must register. This includes aliens, as well as men who are sick and crippled. Exemptions from military service will be determined later.

Register in your home voting precinct. Booths at regular voting places will be open from 7 a. m. to 9 p. m. Absentees must register before War Census day at the office of the County Clerk of the county in which they happen to be.

Men of military age who are sick must send a competent person to the office of the County Clerk to arrange for their registration.

The penalty for failing to register, or giving false, misleading or incorrect answers, is imprisonment without option of fine.

Brazil Will Seize German Ships

Rio Janeiro, May 29.—It is stated in official circles that parliament will order the confiscation of all German ships in Brazilian ports as soon as the official report of the inquiry into the torpedoing of the Brazilian steamer Tijuca, made at Bordeaux is received.

At the same time parliament will decree the revocation of Brazil's declaration of neutrality.
