"German knew in advance of the resignation of Trotsky," says dispatch. The Germans knew Trotsky in advance.

A card game, stakes two cents, was captured lately. Apparently the participants played not for the money but for the principle of the thing.

Controversy over excluding German teachers, such as Sculler and Haine, from the schools might be settled by calling them ancient historians. The gulf between them and modern Germany is hardly as wide.

"THE LIBERTY BOND IS VICTORY'S WAND"

—By H. E. Allen, Hillsboro

Cartoon by Hoeler
Plan by W.S. Kirkpatrick

SUBSCRIBING for Liberty Bonds does not mean giving anything. It does not mean even sacrificing—unless you call it that to spend more needfully here and use more heedfully there. It means safe, sane, sensible, substantial INVESTMENT, backed by the best security in the world—our whole United States, and from which you will receive reasonable income in INTEREST.

Compare this degree of patriotism with the kind that is taking our sons, brothers, husbands and fathers across the seas to probable hardship and possible death.

The balance is in their favor if you were to mortgage your entire financial future in order that they may be backed up with those supplies which represent the means for both PREPARATION and PROTECTION.

The third Liberty Loan is at hand. Don't wait to be personally solicited for your subscriptions. Go to your bank and VOLUNTEER YOUR DOLLARS.

Cyclones and Tornadoes.

The so-called "cyclones" of the West are "tornadoes," which are whirling storms of great violence, but contracted in area. Tornadoes have been known whose greatest width did not exceed a few rods, and those which exceed several miles in width are very unusual. The ordinary storm, where the wind attains a velocity of 40 to 60 miles an hour, has nothing in common with either a cyclone or tornado. It is a straight rush of air and does not whirl at all.

THE GREAT WAR HAS MADE CIGARETTES A NECESSITY.

"Our boys must have their smokes. Send them cigarettes!" This is a familiar appeal now to all of us.

Among those most in demand is the now famous "toasted" cigarette—LUCKY STRIKE. Thousands of this favorite brand have been shipped to France. There is something homelike and friendly to the boys in the sight of the familiar green packages with the red circle.

This homelike, appetizing quality of the LUCKY STRIKE cigarette is largely due to the fact that the Burley tobacco used in making it has been toasted. "It's toasted" was the "slogan" that made a great success of LUCKY STRIKE in less than a year. Now the American Tobacco Co. is making 15 million LUCKY STRIKE Cigarettes a day.

A good part of this immense production is making its way across the water to cheer our boys. The Red Cross has distributed thousands of LUCKY STRIKE Cigarettes.

Swift & Company's 1918 Year Book

It shows that Swift & Company sells the meat from a steer for less money than the live steer cost!

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of \$1.29 per steer as shown by Swift & Company's 1917 figures as follows:

Average price paid for live cattle per steer	\$84.45
Average price received for meat	68.97
Average price received for by-products	24.09
Total received	93.06
This leaves for expenses and profit	8.61
Of which the profit per steer was	1.29

There are many other interesting and instructive facts and figures in the Year Book.
