Ford Files Contest in U. S. Senate.

Washington, May 19.—Formal notice of a contest in the election of Truman H. Newbury, Republican senator elect from Michigan, was given today with the filing in the senate of petitions by Henry Ford, defeated candidate, asking for an investigation of campaign expenditures and a recount of the ballots. The charges are a repetition of those presented by Mr. Ford last session to the senate elections committee. Mr. Newbury, however, took his seat without opposition.

Mare Island Forces Cut.

Vallejo, Cal., May 19.—Orders reducing the enlisted force at Mare Island, exclusive of the training camp, from 400 men to 200, were received today from the navy department at Washington. Men detached from here were assigned to sea duty.

The destroyers Ingraham and Kitty will leave Mare Island Tuesday for Atlantic waters, it was announced.

Oregon Gasoline Tax Will Yield \$30,000 Income.

Salem, May 19.—A total annual license of \$300,000 may reasonably be expected from the sale of gasoline and distillate in Oregon, according to estimates which have been made by Sam A. Kozler, deputy secretary of state, as based on the tax paid by oil concerns since the tax became effective February 26.

The reports of all dealers up to April 30, show total sales of 4,702,924 gallons of gasoline and 1,039,762 gallons of distillate, on which a one cent tax for gasoline and one-half cent for distillate is exacted. The money received in taxes so far amounts to \$52,228.10, which is placed to the credit of the state highway fund.

Yeggs Make Attempt on State Treasury.

Salem, Or., May 20.—Warning that was sent State Treasurer O. P. Hoff several days ago that yegmen were watching for an opportunity to tap the big money vault in the state treasury appeared to be substantiated yesterday when Lester B. Davis, cashier in the office, discovered that a bolt to the basement door, giving access to the treasury had been tampered with. When the tip was received from Portland several days ago, all of the state securities, totaling about \$2,000,000, were removed to a secret hiding place and only a small amount of currency is kept on hand. Should the basement door, which was tampered with some time Sunday night, be forced it would be an easy matter for burglars to work their way into the treasury and force the vaults open. The bolt has been replaced with one of heavier material.

Pershing to Stay Till Germans Sign.

London, May 20.—The proposed visit to England of General Pershing has been indefinitely postponed. It is inferred here that this postponement is due to the official view that it would be inadvisable for the commander to leave the Rhine until the Germans had signed the peace treaty.

Shorten Course at West Point.

Washington, May 20.—Recommendations of the general staff that the course of instruction at West Point be reduced primarily to the three years were approved yesterday by Secretary Baker. The change is expected to go into effect with the next class, but no change from the present entrance requirement will be made.

Elks of Klamath Help in Beautifying City.

Klamath Falls, Or., May 19.—The Elks lodge of this city is making a movement for the beautifying of Klamath Falls in order that the town may appear at its best during the Elks convention next August. Working in conjunction with some of the members of the Women's Improvement club prizes are to be given for the best lawns and flower gardens and people are encouraged to plant purple and white flowers.

Cathlamet Company Resumes Operations.

Cathlamet, Wash., May 19.—The Cathlamet Timber company, which has not been operating here since last October, this week resumed work and by next week a full crew will be in charge.

Island Lumber Company to Start Operation August 12.

St. Helens, Or., May 19.—Work is progressing on the dock of Island Lumber company. The foundation for the mill machinery is in position and 25 experienced dock carpenters are rushing the work to completion. The company expects to begin operations about August 15 and will employ 60 men. The daily capacity of the new mill will be 60,000 feet.

Ships may be Retained.

London, May 17.—Secretary of State Lansing, talking with American correspondents today with regard to Germany's ships, said:

"There has been no agreement in Paris on the allocation of the ships, but I do not think there is any doubt that we will keep our German ships."
