The cemetery committee reported inspection of work done at cemetery by the sexton and report that it was well done. In regard to fence alongside road, the committee recommends that it be removed as nearly all the posts are rotted off and no particular need exists for the fence except perhaps at the curve in the road.

Water committee reported survey of the water users without meters and recommend that ten additional meters be installed and as there are only four now available the recorder was directed to order 7 new meters for immediate shipment, if possible.

On motion the hours for watering lawns and gardens was fixed for those without meters, as follows: from 6 A. M. to 9 A. M. and from 6 P. M. to 9 P. M., to be effective July 7 until further notice.

Report of water superintendent showing collection of \$58.50 water rent in June, and names of three delinquents was read and ordered filed.

Recorder reported that all meter rentals for April and May were paid except two who refused to pay the meter rates and had been turned off; that order for meters had been only partly filled owing to stock being exhausted, but that with consent of mayor substitution had been made and quicker delivery promised for future orders.

Receipts were announced as follows:
Meter rents, tapping fee, etc. from Recorder. \$104.50
Special taxes 386.22
Impounding fees 5.00

Some Recent Happenings In Various Parts of Oregon

Toledo Votes For \$50,000 Water Bonds

Toledo, Or., June 30.—The special bond election held here Thursday resulted in a very light vote but a good majority in favor of the issuing of \$50,000 water bonds. The vote was 44 for and 4 against. These bonds are issued to repay the Port of Toledo for money borrowed to build the water supply line to supply the big government mill last summer. The city laid a 12-inch main, about 5 miles in length to take care of the water needs of the mill. As the work was rush work and a war emergency, the city borrowed the funds necessary for the project from the port.

Rich Timber Land on Alesia to be Logged.

Eugene, Or., July 1.—Six thousand acres of rich timber land will be opened to logging on the Alesia river in Benton county before winter, according to announcement made by the Alesia River Timber company last night. A railway four miles in length will be run from the company's new mill under construction at Glenbrook. An engineering crew is running a survey for the railway at this time. T. O. Russell, of Eugene, has charge of the work. The Glenbrook mill will have a capacity of 125,000 feet. Both mill and railway will be completed by October.

Prisoner Tires of Mowing Lawn and Moves on.

Albany, Or., June 28.—William Brotherton of Eugene, one of two brothers confined in the county jail here awaiting the action of the grand jury on a charge of larceny, escaped last evening and has not been recaptured. Brotherton was assisting the courthouse janitor in mowing the lawn and while at work seized an opportunity to flee. Brotherton, and his brother, George Brotherton, were arrested last week on a charge of stealing wool from the warehouse of A. Sternberg, in this city.

Indians to Lose Heavily.

Klamath Falls, Or., June 30.—Action of Secretary of the Interior Franklin K. Lane in executing a contract with the California-Oregon Power company for a dam at the outlet of the upper Klamath lake here, has caused the loss of a large portion of the appropriation made this year to the Indians of the Klamath reservation, for livestock and improvements, according to J. C. Hunter. Mr. Hunter says that the Indians were given money and purchased many cattle, but that the lands on which they intended to raise them, have become so flooded that they have been obliged to sell their stock.

Bryan to Get Keg of Cider at Hood River.

Hood River, Or., June 30.—William Jennings Bryan is featured as the headliner of the annual chautauqua, which will begin here next Monday and continue for a week. Bryan will deliver his lecture on the closing night, Bryan, who will talk at The Dalles before coming here, will be escorted to Hood River by a party of The Dalles motor junketers. He will be met by local admirers and taken on a tour of the orchard district. A keg of cider is to be presented to him. Local folk will endeavor to secure a transfer of his affections from grape juice to apple juice.

Power Site is Selected.

Tacoma, Wash., July 2.—The Tacoma city council has turned down the Packwood lake power site in Lewis county, owned by the Ladd interests in Portland, and has chosen the Lake Cushman site on the Skokomish river in Mason county. The voters will pass on a \$300,000 bond issue August 12 and decide whether or not to buy the property.

The bonds would be paid off from the earnings of the municipal power plant starting in 1921, and would all be liquidated by June 1933. The Lake Cushman site, when fully developed, would produce 75,000 horsepower on a 50 per cent load factor.

BRITONS LAUD PERSHING.

Campaigns Conducted Without Instructions or Suggestion from Home.

London, June 29.—A high tribute to General Pershing was paid by the Morning Post yesterday:

"We believe it to be correct", says an editorial in that newspaper, "that on no single occasion did President Wilson and his advisers transmit to General Pershing any plans of campaign, suggestions or criticisms, and we can almost say that this constitutes a record and that no commander in the field was ever left so free a hand."

"General Pershing merited the great and sustained confidence that was reposed in him. We honor General Pershing because he looked to the end, and aimed at it successfully in the midst of frightful difficulties. His competence and his character have stood the test of trial in the seven-times-heated furnace of war, and he richly deserves all the honors that can be bestowed upon him.

"For all time to come we shall remember those American troops who fought so valiantly, shoulder to shoulder with us, on the British front and stood ready in the rear to support us in case of need. These things go very deep into hearts of nations, and General Pershing will always personify for us the fine spirit of soldierly comradeship in which Americans fought the great war in France."—Oregonian
