In many towns of this size woman's clubs are numerous, and while they are criticised by some, they are certainly beneficial in many ways. In small towns and villages the club has been a special providence to many a weary mother or to the woman of few early advantages and large aspirations. In our great cities woman's clubs have been the first to institute social reforms and to call public attention to crying evils. They have controlled superficial and selfish social customs until such customs have become obsolete. In home government and the training of children they long ago struck the keynote of a grand choral of reform which will become more and more harmonious as the years roll by. Out of the selfish "ego" they have evolved the progressive "we". They have strengthened two weak hands with the combined power of twenty or a hundred; they have taken a dull uncut gem of thought and polished it until it has been fit for the purest setting in refined gold; they have mastered great difficulties, conquered absurd prejudices, and solved difficult problems; and the grandest work of all has been to teach the women their own possibilities and the glory of their own heritage.

There are two ways of spending a dollar. You can spend it at home, gain an easy conscience, make another friend and perhaps get the dollar back tomorrow, or you send it away, feel that you have sinned, offend the home merchant and forever lose the dollar and the blessed influence to yourself and neighbor.

Every property holder and tenant should take the greatest pride in cleaning up and keeping their holdings and home in an admitted sanitary condition. Health is happiness. We have the healthiest climate and the best water in the state. Let us keep that reputation by all all means.

Monday is the last day to file petitions in nomination of candidates for city office. There are to be elected two councilmen, to serve for two years, a recorder to serve for one year and a treasurer to serve for one year. Better get busy or you will be too late to get your candidate's name on the ballot.

Mrs. Benj. M. Collins of Grants Pass was a recent visitor in this city.
Mrs. D. W. Bagshaw, Mrs. Mae Kane, J. Merritt Dews and Daniel Bagshaw were visitors in Medford Thursday afternoon.

War Risk Insurance.

The Bureau of War Risk Insurance wishes to emphasize the importance to service men of the provisions of the War Risk Insurance Act upon the fulfillment of which may depend the validity of their claim to compensation under the Act.

The War Risk Insurance Act provides that "No compensation shall be payable for death or disability which does not occur prior to or within one year after discharge or resignation from the service, except that when, after a medical examination made pursuant to regulations, at the time of discharge or resignation from the service, or within such reasonable time thereafter, not exceeding one year, as may be allowed by regulations, a certificate has been obtained from the director to the effect that the injured person at the time of his discharge or resignation was suffering from injury likely to result in death or disability."

Many discharged men are not familiar with or are inclined to disregard this provision of law and are allowing their rights thereunder to lapse.

Request for the certificate mentioned above should be made to the Chief Medical Adviser, Bureau of War Risk Insurance, Washington, D. C.

Engineers Examination to be Held December 5th, at 520 Corbett Bldg. Portland, Oregon.

An examination will be held on December 5, 1919, at 520 Corbett Building, Portland, Oregon, for all professional engineers who are unable to meet the requirements, without examination, of the Act of the Legislature of the State of Oregon, 1919, Chapter 331, requiring all professional engineers to be registered after January, 1920.

Necessary blanks for application to take the examination may be had upon request from A. B. Carter, Secretary State Board of Engineering Examiners, 530 Corbett Building, Portland, Oregon. All applications to take the examination given on December 5th, 1919, must be filed with the State Board of Engineering Examiners at least thirty (30) days before December 5th, 1919.

Farmers' Week has New Idea.

Planning and carrying out instruction and demonstration programs by college men according to farmers' needs, is the new idea for farmers' week at the Oregon Agricultural college, December 29-January 3. The aim of the plan is to cover a few fundamental subjects of farm practice quite completely, rather than have a few brilliant details presented along special lines. This will help the farmer over some tight places.

Notice of Sheriff's Sale.

By virtue of an execution in Foreclosure and Order of Sale duly issued out of and under the seal of the Circuit Court for the State of Oregon, for Jackson County, dated October 11th, 1919, in a certain suit therein, wherein Samuel Cozzens was plaintiff and Harry H. Tuttle and Jennie M. Tuttle, his wife, were defendants and in which said Samuel Cozzens as Plaintiff recovered judgment and decree against Harry H. Tuttle and Jennie M. Tuttle, his wife, as defendants, for the sum of One thousand four hundred seventy five & 00/100 (\$1475 00) Dollars with interest on \$1250.00 of said sum at eight per cent per annum from July 1, 1919, and for the further sum of \$147.50 attorneys fees, and for the costs and disbursements of this suit taxed at \$19.05, which judgment was enrolled and docketed in said Court October 4th, 1919.

Notice is hereby given that, pursuant to the terms of said execution, I will on Saturday, November 22nd, 1919, at 10 o'clock A. M. at the front door of the Courthouse in the City of Jacksonville, Jackson County, Oregon, offer for sale and sell at public auction for cash to the highest bidder, to satisfy said judgment, with the costs of this sale, subject to redemption as provided by law, all of the right, title and interest that the defendants, jointly or individually, had on April 4th, 1914, or have since acquired, or now have in and to the following described property, situated in Jackson County, State of Oregon, to-wit:

Beginning at the S. E. Corner of D. L. C. No. 56 in Tp. 37 S., R. 2 W. of the W. M., and running thence S., 89 degrees 40 minutes E., 945.6 feet; thence north 508.2 feet; thence south, 89 degrees 53 minutes east, 1773.88 feet for a point of beginning, same being the N. W. Corner of Conroy Tract as described in Certificate No. 1590; thence south 508.2 feet; thence N., 89 degrees 40 minutes west, 255 feet; thence north 508.2 feet; then S., 89 degrees 43 minutes east, 255 feet to the point of beginning, containing three acres, more or less.

EDITORIAL

The Jacksonville High School organized a High School paper and thought it was making great progress, when we were suddenly quite shocked to hear a citizen of Jacksonville say it was only trash. It is not criticism only that we want but support and encouragement. Hereafter we will try to make our paper something better than trash.

SOCIETY.

A meeting of the staff was held at the home of Belle Fleming, Tuesday evening, October 7th. After the Paper was drawn up an enjoyable time was had, while Belle served some very delicious fudge. We then adjourned.

The seventh and eighth grade gave a weenie roast at the city dam, last Thursday evening. They extended a cordial invitation to the High School.

We all met at the confectonary at six thirty, and then hiked to the dam. Upon arriving there, we built a fire and played many camp fire games. Then we proceeded to roast the weenies. After all had a very good time, Mr. Godward put out the fire, and all adjourned.

A meeting of the staff was held at the home of Mary Ryan, Tuesday evening, Oct. 14, with five of the members present. After the paper was finished an enjoyable time was had, while Mary served very delicious marshmallows and grapes. The meeting was then adjourned.

Dr. Louise M. Richter lectured to the girls of the High School and of the 7th and 8th grades on Tuesday, Oct. 14, at 10:30 a. m., in the High School assembly hall. She spoke to the same girls on Wednesday morning at 10:30, and to the ladies of Jacksonville, Tuesday evening, Oct. 14, at 8:30.

While on his way to play for a dance Saturday night Lewis Thompson left all the music in a mad hole, where he fell in and spoiled his shine.

AS OVERHEARD BY THE HIGH SCHOOL REPORTERS.

Miss Ruth Fleming who has been quite ill with appendicitis is now reported to be improving.

One new pupil from Applegate has increased our numbers this week.

The fifth and sixth grades room has had four absences during the last two days—three on account of work and one on account of illness.

The primary room reports fifteen pupils neither absent or tardy for this last month. The number of pupils has been increased by three new pupils, two of whom are from Oklahoma.

One new pupil from Roseburg has started to school this week in the 4th and 5th grade room.

Bessie Johnson and James Gwin were absent on account of illness Monday and Tuesday.

SPORTS.

A baseball has been procured and the aspirants to the baseball team have been practicing on the baseball diamond.

The diamond should have the weeds and needle grass burnt off as the ball is very easily lost, and it is very unpleasant to have the needles get into one's clothes.

Mr. Godward had made several attempts to persuade the High School boys to work on the tennis court but since they did not turn out he called on the girls, who very willingly responded to work. Upon learning the girls were going to work all the boys immediately brought picks and shovels and as a result the tennis court is nearly finished and it ought to be in a condition to play on next week, if every body does as good work as they did Monday evening.

Several Amateur hunters from the high school were out hunting while the season was open. All but one or two returned with empty game bags.

NOTICE.

All members of the staff who possibly can should attend the meetings and should also have their reports for the paper made out and handed to the editor on Tuesday afternoon before four o'clock of every week.

We sincerely thank the Blue Ribbon Society for their kind invitation to the enjoyable "weenie roast" last Thursday evening.

THE STUDENT BODY

Paul Luy: Say D-it, will you teach me how to whistle.

Dalt Terrill: Oh you prune, just make a hole in your face and push.

JOKES.

Fred Sparks: Does success mean getting what you want?
"No," replied Mr. Godward, "success isn't so much getting what you want as getting what other people want."

John Johnson: Oh! Say Pop, what is meant by freedom of the seas.
Pop: Well my son, it is usually an expression pertaining to bathing beaches.

Henry Neidermeyer read a very interesting story entitled "A Narrow Escape."

"On my first trip in an airplane, we went so high we came mighty near losing our breath, and we were afraid we'd land in heaven before our time." (However this shows he got back safely to praying grounds.)

James Gwin: I wonder why so many girls are wearing long dresses again?
Thelma Childers: I guess they haven't any good reasons for wearing short ones.

Paul Ager: Say Dalt, are you going to the dance to-night?
Dalt: Nope.
Paul Ager: What size shirt do you wear?

Miss Spulak: I would like to know why the potatoes at the bottom of this sack you sold me last week are so much smaller than those at the top?

Louis Ulrich: Well mam, potatoes are growing so fast in this country that by the time a sackfull is dug, the last ones are twice as big as the first.

Mr. Childers: Those children of mine are mighty slow learning at school.

Mr. Godward: Well that is because they live four miles out in the country, and they forget every thing the teacher tells them before they reach home.

Belle Fleming: I'll take those pictures now if they are done.

Photographer: Yes Mam, you understand of course that we do not deliver them until they are paid for.

Belle: What? Why when I had them taken you told me that I might pay for them whenever I chose.

Photographer: Yes, but that was merely to make you look pleasant.
