Biliousness

WHEN you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes vomiting, and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. There is nothing better.

AROUND THE WORLD WITH THE AMERICAN RED CROSS. In Siberia.

Possibly the most important Red Cross work in Siberia, and one which most demands the continuance of operations there, is the campaign against typhus. Over a stretch of 4,000 miles the American Red Cross has fought the scourge. Here is seen "The Great White Train," an anti-typhus institution which, with its crew of doctors and nurses and cargoes of drugs, food and cleansing apparatus, has saved the lives of thousands.

To Save Is to Have

Suppose you save 25 cents a day. That does not mean much to the average man. You won't miss it.

Yet that 25 cents a day in ten years grows to nearly a thousand dollars. And the interest, which we pay you for saving your money, brings the total to well over eleven hundred dollars.

Think of what you can do with this.

Realize Your Dreams

Just a few years of small but steady savings will bring you many of the things you are longing for. Perhaps you want a car. Perhaps you want to buy the farm next to you. Perhaps you want to start a son in business, or to go traveling, or to educate yourself or your children.

Saving will do all these. And best of all, you will have formed the saving habit and will never be one of the nine men out of every ten who pass their last years penniless—in the poorhouse or dependent on others.
