In many towns of this size woman's clubs are numerous, and while they are criticised by some, they are certainly beneficial in many ways. In small towns and villages the club has been a special providence to many a weary mother or to the woman of few early advantages and large aspirations. In our great cities woman's clubs have been the first to institute social reforms and to call public attention to crying evils. They have controlled superficial and selfish social custoums until such customs have become obsolete. In home government and the training of children they long ago struck the key-note of a grand choral of reform which will become more and more harmonious as the years roll by. Out of the selfish "ego" they have evolved the progressive "we". They have strengthened two weak hands with the combined power of twenty or a hundred; they have taken a dull uncut gem of thought and polished it until it has been fit for the purest setting in refined gold; they have mastered great difficulties, conqured absurd prejudices, and solved difficult problems; and the grandest work of all has been to teach the women their own possibilities and the glory of their own heritage.

There are two ways of spending a dollar. You can spend it at home, gain an easy conscience, make another friend and perhaps get the dollar back tomorrow, or you send it away, feel that you have sinned, offend the home merchant and forever lose the dollar and the blessed influence to yourself and neighbor.

Every property holder and tennant should take the greatest pride in cleaning up and keeping their holdings and home in an admitted sanitary condition. Health is happiness. We have the healthiest climate and the best water in the state. Let us keep that reputation by all all means.

Monday is the last day to file petitions in nomination of candidates for city office. There are to be elected two councilmen, to serve for two years, a recorder to serve for one year and a treasurer to serve for one year. Better get busy or you will be too late to get your candidate's name on the ballot.

Mrs. Benj. M. Collins of Grants Pass was a recent visitor in this city.

Ralph Jennings of Buncom was in town several days this week.

Farmers' Week has New Idea.

Planning and carrying out instruction and demonstration programs by college men according to farmers' needs, is the new idea for farmers week at the Oregon Agricultural college, December 29-January 3. The aim of the plan is to cover a few fundamental subjects of farm practice quite completely, rather then have a few brilliant details presented along special lines. This will help the farmer over some tight places.
