The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. AROUND THE WORLD WITH THE AMERICAN RED CROSS.
In Italy.

Arriving at one of the most critical stages of the war, when the Teutons were forcing the Italian army back to the Piave, the American Red Cross rushed emergency relief from Paris and revived the drooping spirits of the whole country. In addition to furnishing rations and comforts and medical attention to the fighting men, the American Red Cross instituted 42 soup kitchens, 36 children's hospitals, 10 children's dispensaries, 14 artificial limb factories, five homes for refugee children, 10 rest stations for refugees.

This photograph shows a group of Italian refugee children being fed by the American Red Cross at one of the numerous relief stations.

Luck and Lack

Don't trust to luck. Luck is untrustworthy. Systematic, scientific striving for any goal is far more likely to bring you success than any mere faith in your success.

Just as changing a single letter changes "Luck" to "Lack," so will the reverses of a single day change plenty to want. But you can insure yourself against this by building your success on the habit of saving.

Save and Win

Be well dressed. Make friends. Increase your influence in your community. Enjoy the respect of all your associates.

These things do not come to those who trust to luck for them. Systematic saving will win them for you. Systematic saving will accumulate for you a small fortune that can safely and readily be expanded to a large one.
