

SAFE DEPOSIT BOXES HOUSE DREAM GHOSTS

Receptacles Crammed With Fake Securities Representing Wasted Millions.

Washington—If the safety deposit boxes of the United States could give up their dead stores of fake securities, enough wasted money would be disclosed to stagger the imagination. If a man expects his financial barrel to fill up, he has got to stop up the leaks in it. This is the keynote of a message sent by William Mather Lewis, director of the savings division of the Treasury Department, to the Twelfth District savings directors urging them to impress the wisdom of holding government securities.

"Thousands of people in the United States are losing their hard-earned savings every day because they lack knowledge of financial dealing," continued Mr. Lewis. "Untold numbers of fake scheme promoters and regiments of investment sharks, because of this popular ignorance, are pointing out short roads to big fortunes to those whose Liberty Bonds and War Savings Stamps they hope to secure in exchange for beautifully embossed but absolutely worthless stock certificates. These fakers know the value of government securities. They are anxious to get them, for they figure that they will soon be selling at par and above. They know that following the Civil War the war issues of government securities soon were above par, and that there is no well-informed person today who does not believe that the Liberty Bonds will sell well above par, long before their maturity.

"But their victims do not know these facts, and so they trade the best securities in the world for some wild-cat that promises a high rate of interest. What their chances are of getting stung is illustrated by the fact that in Georgia out of 300 applications from a certain type of company to sell stock in that state, only two have been able to meet the requirements under the blue-sky law and were given permits.

"The other 298 are probably operating somewhere where the going is better. If the American people would give to the matter of spending and investment money 10 per cent of the thought they devote to making it, the high cost of living would be greatly decreased. Reckless spending and foolish investment are elements in the present situation which can only be remedied by the rank and file of our people.

"As long as easy money is in evidence, the profiteer and the shark will prosper."

"DON'T BE A GOOF"

A Chicago doctor, on his way to visit a patient the other day, was splashed with mud by a passing truck. He wiped the mire away with his handkerchief, which was thus removed from active service, and entered a furnishings store to buy a new one. He had plenty of handsome and serviceable handkerchiefs at home. What he wanted was a clean handkerchief for immediate use at a cost of not more than 50 cents.

"I want a clean handkerchief," he said to the clerk.

"Here are some very nice handkerchiefs of a good quality," said the clerk, opening a box.

"Better give me a half dozen," decided the doctor, not asking the price. The handkerchiefs were wrapped up and then he asked:

"How much?"

"Eighteen dollars," said the clerk.

"I was game," said the doctor telling the clerk of the experience afterward. "I paid it."

"You were not game. He was a goof. He did not have the nerve to make that clerk unwrap the handkerchiefs and give him one for 50 cents, which was what he really wanted. He was afraid the clerk would think him cheap.

When you let someone tell you what you shall buy and how much you shall pay for it you are giving the strongest kind of aid to the profiteer. So long as people buy regardless of price and regardless of actual needs the profiteer will prosper.

The wise man will now put every cent he can spare in War Savings Stamps and every dollar he can spare in Treasury Savings Certificates. When they mature in 1924 he will find that not only has his money earned 4 1/2 per cent, but his dollar has increased in value—possibly as much as 100 per cent.
