Julia Opp of Jacksonville was one of the leaders in the celebration of Armistice Day at Reed college in Portland. She was one of a group of girls, which arranged for the serving of the beef-steak dinner which was given in honor of Reed overseas men. The day's celebration included flag raising exercises on the campus, memorial service for those who lost their lives in the war, and in the evening the annual military ball.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

Luck and Lack

Don't trust to luck. Luck is untrustworthy. Systematic, scientific striving for any goal is far more likely to bring you success than any mere faith in your success.

Just as changing a single letter changes "Luck" to "Lack," so will the reverses of a single day change plenty to want. But you can insure yourself against this by building your success on the habit of saving.

Save and Win

Be well dressed. Make friends. Increase your influence in your community. Enjoy the respect of all your associates.

These things do not come to those who trust to luck for them. Systematic saving will win them for you. Systematic saving will accumulate for you a small fortune that can safely and readily be expanded to a large one.

LIVESTOCK SHOW
DAIRY PRODUCTS SHOW
HORSE SHOW
STAGED AS ONE BIG EXPOSITION

In the New \$300,000 Pavillion at North Portland, Oregon

Week of November 17 to 22 **Open All Day and Evenings**

The Pacific International Livestock Exposition was inaugurated and is supported by leading bankers, business men and breeders of the Pacific Coast—men of vision who see in the Pacific Coast the livestock center of the World.

The staging of this exposition on so huge a scale is a long step toward the accomplishment of this aim and the benefits of its success will be widespread.

Thousands of entries of pure bred stock, many coming from the Middle Western States, necessitated additions to the immense \$300,000 Pavillion—

Hundreds of educational exhibits claim your attention, including the large Western Dairy Products Show with 250 entries and daily lectures by Mr. O. E. Reed of Purdue University and Mr. M. Mortenson of the Iowa State College.

Cups, Trophies, and \$75,000 in Premiums to be Awarded

Plan to Attend the Entire Week.
