The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

WERE CHRISTIANS AT NIGHT

Tribe of Stavriili in Trebizond Long Practiced Deception on Their Turk Overlords.

Not far from Trebizond (on the Black Sea in Asia Minor) live the clan of Stavriili, descendants of the Greeks who kept a Greek kingdom in being until after Constantinople had fallen, writes George E. White in the American Review of Reviews.

The Stavriili knew that they were of Christian ancestry, but in some hour of persecution their fathers had yielded assent to Islam. The same buildings were said to serve as mosques above ground and churches below; the same men as imams by day and priests by night; the same boys were said to be circumcized and baptized; and named both Osman and Constantine.

A few years ago these Stavriili determined to throw off the mask and return to their Christian allegiance, and they did so, though at the cost of much government pressure lasting for years. With some of them I became personally acquainted when they were exiled from home. One day a Stavriili met a Turkish friend, and the latter remarked, "I hear you've turned Christian." The Greek answered that they had always known that their ancestors were Christian Orthodox and they had decided to avow their original heritage. "But," said the Moslem, "you've been to mosque all these years, and we've said our prayers side by side; how did you think you could deceive God all the time?"

"I never tried to deceive God," was the answer. "He always knew just what I was. I tried to deceive you, and in that I succeeded."

Headache

THOUSANDS OF WOMEN suffer miserably from periodic attacks of headache, never dreaming that a permanent cure may be had. Headache nearly always results from some disorder of the stomach, liver or bowels. Take Chamberlain's Tablets. They will correct these disorders and there will be no more headache. Many have been permanently cured by Chamberlain's Tablets.

Luck and Lack

Don't trust to luck. Luck is untrustworthy. Systematic, scientific striving for any goal is far more likely to bring you success than any mere faith in your success. Just as changing a single letter changes "Luck" to "Lack," so will the reverses of a single day change plenty to want. But you can insure yourself against this by building your success on the habit of saving.

Save and Win

Be well dressed. Make friends. Increase your influence in your community. Enjoy the respect of all your associates. These things do not come to those who trust to luck for them. Systematic saving will win them for you. Systematic saving will accumulate for you a small fortune that can safely and readily be expanded to a large one. Decide on a regular deposit and start depositing NOW.

PYREX

Saves Fuel, Food and Labor

PYREX saves about one half the fuel usually required, because it absorbs nearly all the oven heat and bakes food quickly.

PYREX saves food in many ways. Meats, vegetables, etc., when cooked in PYREX, retain their natural color and flavor to such a degree that economy may be practiced in buying the less expensive kinds and yet have delicious food. Most foods usually cooked on top of the stove can be better prepared in the oven.

PYREX saves labor—it is always free from grease and odors, for nothing can penetrate the hard smooth surface. You can wash it as easily as your china and silver.

Every practical shape and size for baking is made in PYREX. It is ready for immediate use and never discolors, rusts, dents or chips.
