W. G. White, who was held up and robbed of his jitney here some time ago, has returned from Arizona, at the request of the local sheriff's office, in an endeavor to identify Lark Evans as his assailant. Evans was brought back from Klamath Falls last night. White accompanied Deputy Sheriff Wimer to Klamath Falls and positively identified Evans as the man who held him up.

**\$100 Reward, \$100**  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, Etc.

Highest quality. Jewelry repairing, diamond setting, watch repairing, agate mounting and jewelry manufacturing.  
Martin J. Reddy,  
221 E. Main St. MEDFORD, OREGON.

Give us a trial order and be convinced of the quality of our meats. City Meat Market. 12. 13

T. J. Smith, a traveling I. W. W., has been bound over to the Grand Jury charged with disloyalty.

Students of Reed College have asked permission to send additional delegates to the religious conference to be held at Des Moines, Iowa, during the Christmas vacation. The students have already subscribed more than enough to pay the expenses of their delegates and at least five will be sent. Julia Opp and Mary Gertrude Opp of Jacksonville are attending Reed this year.

Roseburg to have modern apartment house.

Nemesis.

Nemesis was a goddess of justice and retribution. In Greek mythology Nemesis was a goddess personifying allotment, of the divine distribution to every man of the precise share of fortune, good and bad.

Daily Thought.

Great thoughts, like great deeds, need no trumpet.—Bailey.

WHY SOCKS HAVE "CLOCKS"

They Were Originally Made, It is Asserted, to Hold the Seams in Hosiery.

It is surprising how much of the part still remains, more especially in regard to the clothes we wear.

On the backs of most gloves will be found three thin strips. These marks correspond to the fourchette pieces between the fingers. In earlier times gloves were not made so neatly as they are today, and the stitching of the fingers was carried down part of the way on to the back of the glove, braid being used to conceal the seams.

To a practically similar reason does the clock on a sock owe its origin, says London Answers. In the days when stockings were made of cloth the seams occurred where the clocks are now displayed, the decoration being utilized to hide the seams.

The little bow which will invariably be found in the leather band inside a man's hat is a survival of the time when a hat was made by taking a piece of leather, boring two holes through it and drawing it together with a piece of string.

Handkerchiefs were not always square. At one time they were shaped to the user's fancy. It chanced that this irregularly displeased Queen Marie Antoinette, who suggested one winter evening at Versailles that a uniform shape would be an indication of good taste. The result was a decree by Louis XVI, issued in the early days of 1785, enacting that all pocket handkerchiefs should have right-angled edges henceforward.

Did More Than Come Back.

Jane's mamma left Jane home alone for a few moments while she ran around to the store. Before going she told Jane that she positively must not let the cat in before she returned. Jane assured her mother that she would do as she was told and not let him in. Ten minutes later Jane's mamma returned and Jane sat where she left her, petting the cat.

"You did, mamma," I think I told you not to let kitty in until I came back."

"You did, mamma," replied Jane, "n' I didn't let him in. He opened the door hisself and walked in."

**Luck and Lack**

Don't trust to luck. Luck is untrustworthy. Systematic, scientific striving for any goal is far more likely to bring you success than any mere faith in your success.

Just as changing a single letter changes "Luck" to "Lack," so will the reverses of a single day change plenty to want. But you can insure yourself against this by building your success on the habit of saving.

**Save and Win**

Be well dressed. Make friends. Increase your influence in your community. Enjoy the respect of all your associates.

These things do not come to those who trust to luck for them. Systematic saving will win them for you. Systematic saving will accumulate for you a small fortune that can safely and readily be expanded to a large one.

**PYREX**  
Saves Fuel, Food and Labor  
PYREX saves about one half the fuel usually required, because it absorbs nearly all the oven heat and bakes food quickly.  
PYREX saves food in many ways. Meats, vegetables, etc., when cooked in PYREX, retain their natural color and flavor to such a degree that economy may be practiced in buying the less expensive kinds and yet have delicious food. Most foods usually cooked on top of the stove can be better prepared in the oven.  
PYREX saves labor—it is always free from grease and odors, for nothing can penetrate the hard smooth surface. You can wash it as easily as your china and silver.  
Every practical shape and size for baking is made in PYREX. It is ready for immediate use and never discolors, rusts, dents or chips.
