

# CALUMET BAKING POWDER

Wholesome - Clean - Dependable

**Wholesome** because it contains only such ingredients as have been officially approved by the United States authorities.

**Clean** because it is manufactured in the most sanitary baking powder plant in the world, equipped with specially designed machinery to prevent exposure and contamination. It and its materials are untouched by human hand from the start to the finish in the sealed can.

**Dependable** because every possible precaution known to Baking Powder scientists—the combined knowledge of a staff of Baking Powder experts—25 years of practical experience in the manufacture of Baking Powder—is used in our efforts to make its keeping qualities perfect.

**Dependable** because Calumet is the Baking Powder that contains a small amount of dried white of egg—the ingredient that makes possible the "Water Glass Test." This test is a simple but important and positive method that enables you or anyone to easily prove that Calumet has preserved its remarkable leavening power.

Our salesmen frequently test the Calumet Baking Powder they find on the grocers' shelves to make sure that it is up to the Calumet standard. This makes sure that it reaches you in the same perfect condition as it leaves the factory. The test is not a comparative test of the strength of different kinds of Baking Powders. The "Water Glass Test" does not show the strength of a Baking Powder that does not contain white of egg. It does, however, show the superiority of Calumet in other respects.

The "Water Glass Test" furnishes a guarantee of reliability. It is Baking Powder Insurance.

Let us send you free a "Big Story in a Little Book," which describes the Water Glass Test.

Calumet Baking Powder is guaranteed to give satisfaction in every particular, and to be as represented in every respect.

## XMAS THRIFT PLEA ASKED OF GOVERNOR

U. S. Wants Everyone to Give Savings Stamps For Christmas Presents.

The Federal Government has asked the Governor of the State to appeal to the people of the State to give War Savings Stamps and Treasury Savings Certificates as Christmas presents this year. A similar request has been made to all the mayors of the larger cities in the Twelfth Federal Reserve District.

General giving of War Savings Stamps and Treasury Savings Certificates as Christmas presents the Government feels would do much toward bringing prices of necessities back to a normal level by cutting the demand for luxuries, and would help to stabilize the financial situation, besides starting many of the recipients of such presents along the road of saving and thrift. In its Christmas campaign the Government has enlisted banks, clergymen, schools, and fraternal organizations, and has seen to it that the banks and postoffices have a sufficient supply of securities on hand to meet the Christmas demand.

Governor John U. Calkins of the San Francisco Federal Reserve Bank, which has charge of the work of the War Loan Organization in the Twelfth Federal Reserve District, points out the benefits to be derived through the general giving of securities of the Government as Christmas presents in the following excerpt from a letter to the Governors:

"Economists are agreed that the present exorbitant level of prices that constitute not only an economic but a social menace is caused to a great extent by a spending spree being indulged in by the people. Indulgence in luxuries, which, of course, causes increases in the necessities of life, has raised prices generally to such unheard of heights that Christmas buying this year promises a dangerous climax. We, therefore, appeal to you to call upon the people of your state (or city) to forego the giving of the usual Christmas gifts this year and instead give securities of the United States Government, such as Thrift and War Savings Stamps, Treasury Savings Certificates and Liberty Bonds. There could be no more timely effort at stabilization of prices and production than such action upon your part and the part of the people, a majority of whom, I am sure, would answer your call."

## F. and A. M. Lodges Back Thrift Work

The full strength of all Masonic lodges in California will be felt in the government's 1918 Thrift and War Savings Stamps campaign as soon as recommendations of the Grand Lodge of Free and Accepted Masons of California, made in convention here can be carried out by the subordinate lodges. The Grand Lodge "endorsed the movement undertaken by the federal government on behalf of thrift and warmly recommends full cooperation by subordinate lodges," requesting appointment of a thrift agent in each local or lodge to cooperate with the gov-

## XMAS SALES OF U. S. SECURITIES WILL BE HEAVY

Government Asks Everyone to Give War Savings Stamps as Gifts

Sales of War Savings Stamps and Treasury Savings Certificates to the banks of the Twelfth Federal Reserve District, in anticipation of a heavy holiday demand of these securities for Christmas presents, are greater than for any period during 1918, according to reports of the San Francisco Federal Reserve Bank. As early as November 20 the bank reported shipment on that date of \$60,200 worth of Treasury Savings Certificates, to eighteen banks of the district. This was the largest amount of these securities shipped on any one day up to that date since the close of the war.

Conservative estimates predict that the demands of banks alone throughout the district will reach the quarter of a million dollar mark for the holiday trade in War Savings Stamps and Treasury Savings Certificates. This is not taking into consideration tremendous demands looked for from the post-offices.

The Government is making an intensive appeal to the people of the Twelfth Federal Reserve District to give War Savings Stamps and Treasury Savings Certificates for Christmas presents, not only because America needs every cent she can get to finance her war debt of twenty-six billions of dollars, but also to stabilize prices as much as possible by cutting down the demand for luxuries. Most Christmas presents fall under the head of luxuries.

In a letter to the banks of the Twelfth Federal Reserve District on the subject, Governor John U. Calkins of the San Francisco Federal Reserve Bank said:

"The Christmas holidays are almost upon us. Everything points to a tremendous outlay of money in the purchase of holiday gifts, the greater portion of which I think I am safe in saying will be luxuries. The present situation demands not that more money be spent in the purchase of luxuries, but that we curtail as much as possible, with the consequent beneficial contraction of credit.

"Therefore, I appeal to you as a fellow banker to do everything within your power to stimulate the purchase and giving of War Savings Stamps and Treasury Savings Certificates as Christmas presents in place of the usual needless and expensive gifts. It seems to me that the responsibility of leading men's minds along the ways of thrift and simple living rests to a great extent upon the bankers of the country and in asking you to push the sales of Treasury securities during the Christmas holidays, I am asking you only to take advantage of an opportunity to meet this responsibility."

In addition, Christmas posters carrying an appeal to give War Savings Stamps and Treasury Savings Certificates for Christmas presents will be distributed throughout the Twelfth Federal Reserve District, and all banks have been asked to include a similar appeal in their advertising.
