Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. G. C. Your Dollar's Opportunity

Your dollar's opportunity is now, today! Set it to work for you. Give it the task of multiplying itself. In doing so it will perform its part in the world affairs.

Every man's money should be making use of this opportunity. Farmers, for instance, can not only feed the world; through businesslike handling of their farms and businesslike handling of their incomes they can help to develop the world.

Thrift Is Patriotism

Saving is a form of serving. It is one of the biggest forms of national service—service to your country. Our first president said, "Economy makes happy homes and sound nations."

The way to start right is to start right now! Saving is as much a habit as spending or putting things off. Once formed, it is easy to continue. But unlike other habits, it is a good habit.
