Don't forget that this is

the best time of the year to

paint your houses—and that

every dollar expended in

paint will improve your property

100 times that amount.

Help to beautify your property

as well as the town by

spending a few dollars for

paint this spring. It does

not make a very favorable

impression upon strangers

who come here to locate to

notice that most of the residences

have not received a

drop of paint since they were

built 40 or 50 years ago. It

reflects much pride and enter-

prise on the part of the

farmers all over Rogue River

valley that their buildings,

nearly all of them, are fresh-

ly painted and their house

yards kept in better shape

than many homes in the

towns.

There can be no doubt that

Jacksonville will continue to

grow very rapidly, now that

the road is to be paved between

Medford and Ruch—and eventually

on to the world-famed Oregon Caves,

and the Redwood highway, 45

miles west of here. In order

to avoid any shortage of water

with the town's increased population,

the proposition is again being

agitated to install another water

system and bring pure ice-cold

water from the head of Little

Applegate, which has its source

in the snow-capped peaks of the

Siskiyou mountains. In that

event it would be necessary to

pipe the water only about 15

miles and at reasonable cost.

### Cambers for Sheriff

To the Republican Electors of Jackson County, Oregon:

I hereby announce myself as candidate for the office of Sheriff of Jackson County, subject to the wishes of the republican voters at the primary election on May 16th.

In announcing my candidacy I wish to state for the information of the voters that I have had four years' clerical experience in the auditor's and recorder's office of Churchill county, Nevada; that I also served four years as sheriff of said county, and feel that I am eminently qualified to fill the position.

I strongly favor law enforcement, especially the liquor laws, the violation of which has become a great menace to the commonwealth. I also favor the enforcement of the motor vehicle law to the end that the lives of people and property may be protected from the acts of careless and reckless drivers.

I shall, if elected, bestow special attention to the matter of collecting taxes, and the executive duties of my office.

J. J. CAMBERS.

### For County Judge

Believing that I may be of service to the people of Jackson county I hereby submit my candidacy for the republican nomination for Judge of the County Court at the May Primaries.

W. J. HARTZELL.

### For County Clerk

I am a candidate for the office of County Clerk, on the republican ticket, subject to the primary on May 16. If elected I will give to the office that high degree of efficiency which the people are justified in demanding of a public official.

CARL Y. TENGWALD, Medford.

### For County Clerk

I am a candidate for the republican nomination for county clerk at the primary election to be held May 16th. If elected I promise to perform the duties of the office in a business-like manner and will aim to keep it up to its present high standard of excellence.

## "Trouble"

Behind your telephone service is the "plant"—a complicated mechanical equipment of poles, cables, wires, switchboards, instruments, etc., carefully adjusted and absolutely dependent on perfect construction and maintenance.

The "plant" is constantly subject to accident and outside interference. Storms, fires, the carelessness of workmen, the prank of children, concealed defects of material—all play their part.

The telephone company maintains a skilled force whose sole duty is to quickly restore service interrupted from any cause. Your lines are constantly watched and tested.

In the case of trouble we are generally the first to know it, but a notification to our Complaint Department when there is anything wrong will be appreciated.

We believe the Bible is the Word of God and that God reveals a plan for blessing the church first, then all the world of mankind—the dead to be awakened and the living to live on and never die.

## The Family Washing DONE for 50¢ a Month

Any man who knows housework must agree that much of a woman's work about the house is drudgery—that it should be done electrically if possible.

But how many realize that in this region electricity is not only a cheap servant—but one of the truest economies in the world!

Probably the *hardest* work is the family washing; but it can be done completely—with electric machine-washing and electric ironing for not over 40 cents or 50 cents a month.

You can use an electric range, washing machine, ironer, hot water heater, lights—*everything*—for as little as \$6.50 per month. (The average cost to our customers for this complete service is \$8.50 per month.) Electricity is amazingly cheap!

The California Oregon Power Company, by competent engineering and its sound constructive policies, has made it so. Between 1914 and 1923 it spent \$6,964,991 in hydro-electric constructions, placing a plant investment of over \$11,700,000 at your service.

When you save money in your household or business by letting electricity do the work—you benefit by these investments. You can get exact cost data and other information at our office nearest you.
